

The FSA Assessments

Federal Student Aid has coordinated with financial aid professionals to design the FSA Assessments to help schools with compliance and improvement activities. The Assessments explain how your school should administer the FSA programs, and contain links to applicable laws and regulations. The FSA Assessments **FAQ page** provides guidance on how to navigate and begin using the FSA Assessments. The **FSA Assessments Chart** (see website below) can help you find the FSA Assessment(s) most relevant to your concerns.

Although the FSA Assessments are not based on a single award year, each assessment is listed and archived by the closest award year to its publication, in the iLibrary on IFAP. Currently, you can find the FSA Assessments at:

<https://ifap.ed.gov/ifap/FSAAssessments.jsp>

There are twelve subjects covered in the FSA Assessments modules. Each subject has its own webpage, linked from the FSA Assessments homepage URL above. The subjects are:
