NSLDS FVT/GE Program Enrollment Detail Report (SHDPE1)

The *FVT/GE Program Enrollment Detail Report* (SHDPE1) provides school users with a list of all students and their certified program enrollment data as reported to NSLDS via the Enrollment Reporting process. Students who have received Title IV aid at your school or previously at another school are included in this report. Schools can use this comprehensive report to assist in identifying those students, with Title IV aid for the program, that require Financial Value Transparency (FVT)/Gainful Employment (GE) reporting. Users can generate a report for the six-digit School Group Code for which they are affiliated. The report is available in Comma Separated Values (CSV) and Fixed-Width (FW) file formats.

The *FVT/GE Program Enrollment Detail Report* (SHDPE1) can be requested by accessing the Cognos Reports Tool through the [NSLDS Professional Access](#) website, navigating to “Team Content”, and selecting “Gainful Employment”. When moved to the “My Content” folder, a schedule can be created and the report can be delivered via the Student Aid Internet Gateway (SAIG).

This document contains the layouts for the header, detail, and trailer records for the fixed width (FW) and comma separated values (CSV) extract versions of the *FVT/GE Program Enrollment Detail Report*. Each report requested online will generate one header record, zero, one, or more detail records, and one trailer record. The record layout tables contain the data element name, description, and field format, as they will appear on the extract. In addition, the fixed width record layout table will contain the data element positions.

Parameters for the report that a user must select include:

- **School Group Code:** Six-digit identifier for a School’s Group
- **Cohort Type:** This parameter allows the user to indicate the type of reporting the institution plans on using. The available options include Standard and Transitional.
- **Award Year:** This parameter populates with Award Year options available to the user based on the type of reporting they selected in the Cohort Type parameter. The user has to ability to select one Award Year or All.
Note: The most recently completed award year will be available for selection after the end of the award year (after June 30th).
- **Program Attendance Status During Award Year:** This parameter allows the user to specify the program attendance status(es) of the students they want to include in the report with options including Enrolled, Graduated, and Withdrawn. Users must select one option but can select multiple.

The user may select either of the following options as ways to sort the report:

- SSN, Award Year, School Location Code (8-digit), Program Enrollment Status Effective Date, 6-Digit CIP Code
- SSN, School Location Code (8-digit), Award Year, Program Enrollment Status Effective Date, 6-Digit CIP Code

This report will be delivered to the SAIG mailbox (TG Number) associated with the requesting user in fixed width or comma separated values format using the following message classes:

- GEFVDFOP –Fixed-width extract
- GEFVDCOP– Comma Separated Values (CSV) extract

NSLDS FVT/GE Program Enrollment Detail Report Description

The FVT/GE Program Enrollment Detail Report provides schools with a list of students and their program enrollment data to assist schools in identifying those students that require FVT/GE reporting. The Award Years available to the user are dependent on the type of reporting selected in the Cohort Type parameter.

Students will NOT be returned in this report when their program is determined to be in a program group (programs that share the first 4 digits of the CIP Code at the institution's 6-digit School Group Code) where there were less than 30 graduates over the four most recently completed award years.

Users can further refine their report by selecting one or multiple program attendance status categories under the Program Attendance Status During Award Year parameter. The table below provides the options for this parameter and the program enrollment status(es) that fall under each option.

Program Attendance Status During Award Year Categories	Program Enrollment Status(es)
Enrolled	<ul style="list-style-type: none">• A (Leave of Absence)• F (Full-Time)• H (Half-Time)• L (Less Than Half-Time)• Q (Three-Quarter Time)
Graduated	<ul style="list-style-type: none">• G (Graduated)
Withdrawn	<ul style="list-style-type: none">• W (Withdrawn)
