Change Log Table

The change log table below is updated each time Volume 3 of the *NSLDS Financial Value Transparency and Gainful Employment (FVT/GE) User Guide* is updated, providing you with a cumulative list of revisions made to the document.

Date	Section	Page(s)	Changes/Note
10/2024	Chapter 2	4	Added another reason why schools might not receive an FVT/GE Completers List.
10/2024	2.1.1	5 – 7	Clarified when determining if there were '30 or more graduates' for the 6-digit CIP Code evaluation, only graduates that do not have an exclusion are considered. Also updated Table 2.
10/2024	2.1.3	9	<ul style="list-style-type: none"> Table 3: Title IV Aid Evaluation – Updated Pell and IASG Grant criteria Removed D4: Direct PLUS from types of loans being evaluated in Table 3: Title IV Aid Evaluation
10/2024	4.1	20	Added a note that schools that did not have a Completers List generated will have record count of zero on the FVT/GE Completers List web page.
10/2024	Appendix A	32 – 33	Updated descriptions for CIP Code field and Credential Level field
7/2024			Document restructured for improved clarity, with each section updated to enhance guidance.
7/2024	Appendix A	30	In the Fixed-Width File Layout in Appendix A, we added two new fields at the end of the layout: the Program Enrollment Status field and the Program Enrollment Status Effective Date field.

Chapter 1: Overview

Volume 3 of the *NSLDS Financial Value Transparency and Gainful Employment (FVT/GE) User Guide* focuses on the FVT/GE Completers List. The Department will create a list of students who received Title IV aid for a GE or Eligible Non-GE Program they completed during the applicable cohort periods. This list will be created from administrative data submitted to NSLDS.

Schools will receive the FVT/GE Draft Completers List and will have a 60-day correction period to update student information. Schools will have the option to add or remove students from the completers list or exclude students from the FVT/GE calculations during the correction period. Following the conclusion of the 60-day correction period, the Department will generate a final version of the FVT/GE Completers List. The final list will be sent to schools, and information from the final FVT/GE Completers List will be sent to the Internal Revenue Service (IRS) to obtain annual earnings data. The annual earnings data will be used to calculate a program's debt-to-earnings (D/E) rate and the earnings premium (EP) measure.

This volume provides schools with information about the content of the FVT/GE Completers List (draft and final), how to update student information, exclusions, information on Header and Trailer details, the format, data elements and definitions, information on the FVT/GE Completers List page and the FVT and GE Completers List Report via the NSLDS Professional Access website.

Chapter 2: FVT/GE Completers List

The Department will create a FVT/GE Completers List that will identify students who received Title IV aid for a GE or Eligible Non-GE Program they completed during the applicable cohort periods at the six-digit OPEID level. NSLDS will use existing program enrollment data and student loan data to determine the students that will be included in the list. Schools will receive a draft and final Completers List and information from the final list will be sent to the IRS to obtain annual earnings data. The latest run of the FVT/GE Completers List will also be available by requesting it as an ad hoc report through the Reporting Tool via the NSLDS Professional Access website.

For the applicable award years, schools that do not offer any GE or Eligible Non-GE programs, or have closed at the six-digit OPEID level or did not have any GE or Eligible Non-GE programs that met the program evaluation criteria, will not receive an FVT/GE Completers List.

2.1. FVT/GE Completers List Evaluation

The FVT/GE Completers List is part of the process used to establish a program's Debt-to-Earnings (D/E) rates and Earnings Premium (EP) measure for a specific calculation year. The process of identifying students to be considered in the D/E rates and the EP measure starts with the selection of students who received Title IV aid for a GE or Eligible Non-GE program they completed within the relevant cohort periods.

The compiling of the FVT/GE Completers List is based on the six-digit OPEID level, using administrative data (program enrollment data and Title IV data) in NSLDS to determine whether a student qualifies for inclusion in the completers list. In cases where schools have a six-digit or 8-digit OPEID that has undergone a merger, NSLDS will assess students and programs from any OPEID that has merged into the six-digit OPEID being evaluated. Furthermore, students who have completed a program within an 8-digit location that is now closed will still be evaluated under the six-digit OPEID.

2.1.1 Program Evaluation

NSLDS evaluates a program for the school's FVT/GE Completers List by confirming the program is part of a group of substantially similar programs with 30 or more graduates in the four most recently completed award years who received Title IV aid to attend their program. Substantially similar is defined as all programs with the same 4-digit CIP code at an institution, with the 4-digit CIP Code defined as the first four digits of the 6-digit CIP Code. Once a program passes validation at the 4-digit CIP Code level, NSLDS validates the program at the 6-digit CIP Code level.

Table 1: 4-digit CIP Code Evaluation

CIP Code	Criteria
4-digit CIP Code	Student has a certified Program Enrollment Status of 'G' (Graduated) at the 4-digit CIP Code.
	The Program Enrollment Effective Date of the 'G' status falls within the four most recently completed award years being evaluated for the Calculation Measurement Year (CMYR). <ul style="list-style-type: none"> • Example: CMYR 2024 will evaluate award years 2020-21, 2021-22, 2022-23, 2023-24
	The student has received Title IV Aid for the program being evaluated.

During the evaluation at the 6-digit CIP Code level, NSLDS verifies that the program has 30 or more non-excluded graduates, who received Title IV aid, with the same 6-digit CIP Code and credential level within the relevant cohort periods. A non-excluded graduate refers to a graduate that would not be excluded from the Completers List based on the one or more of the exclusions outlined in Section 2.2.

For programs that have 30 or more non-excluded graduates, who received Title IV aid, with the same 6-digit CIP Code and credential level and are not considered qualifying graduate programs, the two-year cohort (2YP) consists of the students who completed the program during the third and fourth award years prior to the calendar year used for the earnings data in calculating the D/E rates and EP measure. If a program has fewer than 30 graduates during the 2YP and is not considered a qualifying graduate program, the four-year cohort (4YP) consists of the students, without exclusions, who completed the program during the third, fourth, fifth, and sixth award years prior to the calendar year used for the earnings data in calculating the D/E rates and EP measure.

For example, in the 2024 calculation measurement year, earnings data is sourced from 2022, and the cohort periods for a program that is not considered a qualifying graduate program is one of the following:

- 2-year (2YP) cohort period – Students that graduated in 2017-18 and 2018-19 award years
- 4-year (4YP) cohort period – Students that graduated 2015-16, 2016-17, 2017-18, and 2018-19 award years

Table 2: 6-digit CIP Code Evaluation

CIP Code	Criteria
6-digit CIP Code Note: Programs are evaluated based on 6-digit CIP code and credential level combination.	Student has a certified Program Enrollment Status of 'G' for the same 6-digit CIP Code and credential level combination.
	The Program Enrollment Effective Date of the 'G' status falls within the cohort periods being evaluated for the CMYR. Example: CMYR 2024 will evaluate the following cohort periods for programs other than qualifying graduate programs: <ul style="list-style-type: none"> • 2YP: 2017-18 & 2018-19 • 4YP: 2015-16, 2016-17, 2017-18, & 2018-19
	The student has received Title IV Aid for the program being evaluated.
	The program for the same 6-digit CIP Code and credential level has 30 or more completers that are not excluded for one of the reasons in Section 2.2.

2.1.2 Qualifying Graduate Program Evaluation

A [Qualifying Graduate Program](#) is a program in certain fields for which required postgraduation training requirements apply for licensure. It is a recognition that certain graduate programs, mostly concentrated in medical and clinical fields, are associated with an initial period of depressed graduate earnings while graduates complete a required period of postgraduate clinical or residency work necessary to obtain a professional licensure, after which graduates realize significant earnings growth. The program must be one whose students must complete a "required postgraduation training program" to obtain licensure, which is a supervised training program that (1) requires the student to hold a degree in one of the qualifying fields and (2) must be completed before the student may be licensed by a State and board certified for professional practice or service. Refer to [GEN-24-04 Regulatory Requirements for Financial Value Transparency and Gainful Employment](#) for more information.

NSLDS considers a program to be a qualifying graduate program when:

- The program was identified under the [CIP Code list](#), published by the Department, as being potentially eligible to be considered a qualified graduate program, and
- Via the FVT/GE Program Submittal File, the school attested that at least half of the program's graduates obtain licensure in a state where postgraduation training requirements apply, and if necessary for licensure, the program is accredited by an accrediting agency that meets state requirements

The process for qualifying graduate programs involves the same evaluation criteria based on both the 4-digit and 6-digit CIP Code used for programs that are not considered a qualifying graduate program. However, there are differences in the cohort periods considered for calculations based on the 6-digit CIP Code evaluation. Initially in 2024, all qualifying graduate programs will be included in the school's Draft FVT/GE Completers List File for the 2YP and 4YP cohort periods. Schools will use the 60-day correction period to attest the eligibility of a program for evaluation as a qualifying graduate program (criteria mentioned above). Once the program is deemed eligible, the students that completed the qualifying graduate program are removed from the school's Final FVT/GE Completers List and are not sent to the IRS for the 2YP or 4YP cohort periods.

However, in the case of qualifying graduate programs, the two-year (2YP-Q) cohort period includes students who completed a program in the sixth and seventh award years prior to the calendar year used for the earnings data in calculating the D/E rates and EP measure. If a program has fewer than 30 graduates during the 2YP-Q, the four-year cohort (4YP-Q) consists of the students who completed the qualifying graduate program during the sixth, seventh, eighth, and ninth award years prior to the calendar year used for the earnings data in calculating the D/E rates and EP measure.

- In the 2025 calculation measurement year, earnings data is sourced from 2023, and the only cohort period for a qualifying graduate program will be:
 - the 2-year (2YP-Q) cohort period and includes students that graduated in 2015-16 and 2016-17 award years
- In the 2026 calculation measurement year, earnings data is sourced from 2024, and the only cohort period for a qualifying graduate program will be:
 - the 2-year (2YP-Q) cohort period and includes students that graduated in 2016-17 and 2017-18 award years
- In the 2027 calculation measurement year, earnings data is sourced from 2025, and the cohort periods for a qualifying graduate program will be:

- the 2-year (2YP-Q) cohort period and includes students that graduated in 2017-18 and 2018-19 award years
- the 4-year (4YP-Q) cohort period and includes students that graduated in 2015-16, 2016-17, 2017-18, and 2018-19 award years

Both the 2YP-Q and 4YP-Q cohort periods will be used to evaluate qualifying graduate programs starting in calculation measurement year 2027.

2.1.3 Title IV Evaluation

In order to be included in the FVT/GE Completers List, a student must have graduated from a GE or an Eligible Non-GE program within the relevant cohort period(s) and received Title IV aid for the program being evaluated. This involves a student that graduated and received a grant where the award year coincides with the student's enrollment in the program under evaluation, or the student graduated and received a loan, and the loan period coincides with the student's enrollment in the program being evaluated.

Table 3: Title IV Aid Evaluation

Title IV Aid	Criteria
Grants	<p>A grant was disbursed to the student and the award year coincides with the student's enrollment in the program being evaluated.</p> <p>Types of Grants being evaluated:</p> <ul style="list-style-type: none"> • Pell Grant (credential level 01, 02, 03 and 04 only) • IASG Grant (credential level 01, 02, 03 and 04 only) • TEACH Grant
Loans	<p>A loan was disbursed to the student and the loan period coincides with the student's enrollment in the program being evaluated.</p> <ul style="list-style-type: none"> • A loan will not be included in the Title IV Evaluation if the loan does not have a current or historical Loan Period Begin Date or Loan Period End Date. <p>Types of loans being evaluated:</p> <ul style="list-style-type: none"> • Direct Loans: <ul style="list-style-type: none"> ○ D0: Direct Stafford Subsidized (SULA Eligible) ○ D1: Direct Stafford Subsidized ○ D2: Direct Stafford Unsubsidized ○ D3: Direct Graduate PLUS Graduate/Professional • FFEL Loans:

	<ul style="list-style-type: none"> ○ SF: FFEL Stafford Subsidized ○ SU: FFEL Stafford Unsubsidized ○ GB: FFEL PLUS Graduate/Professional ○ SL: Supplemental Loan (SLS)
--	--

2.2 FVT/GE Completers List Exclusions

There are multiple factors that can lead to a student being excluded from the FVT/GE D/E rates and EP measure. It is important to note that students who are marked as excluded will still be included on the Completers List; however, they will not be factored into the D/E rates and EP measure calculations. NSLDS will use enrollment data, student loan data, and FVT/GE data to determine whether a student is excluded. A student may be excluded from the D/E rates and EP measure calculations for more than one reason. Table 4 presented below details the criteria for exclusions.

Table 4: Criteria for Determining Exclusions

Exclusion Reason	Description
In-School Indicator	<p>The In-School Indicator field will display 'Y' if the student who completed was certified as enrolled full-time in any other eligible program, either at the same institution or at a different one, at any time during the calendar year in which the earnings data is based.</p> <p>If this does not apply to the student, the indicator will display 'N'.</p>
Death Indicator	<p>The Death Indicator field will display 'Y' if any of the following conditions are met:</p> <ul style="list-style-type: none"> • The student has a current valid certified Campus-Level Enrollment Status of 'D' at any institution. • The student has a current valid certified Program-Level Enrollment Status of 'D' at any institution. • The student has a loan with a loan status of 'DD', 'DE', or 'PZ'.

	If this does not apply to the student, the indicator will display 'N'.
Disabled Indicator	<p>The Disabled Indicator field will display 'Y' if any of the following conditions are met:</p> <ul style="list-style-type: none"> • The student has a Direct Loan held by Loan Holder 582 (DEPT OF ED/TPD) • The student has a Direct Loan Status of 'PD', 'DI', 'DS', or 'VA.' <p>If this does not apply to the student, the indicator will display 'N'.</p>
Completed Higher Credential Program (Undergraduate)	<p>The Completed Higher Credential Program (Undergraduate) Indicator will display 'Y' if all of the following conditions are met:</p> <ul style="list-style-type: none"> • The student has a current valid certified Program-Level Enrollment Status of 'G' for a program other than the one being evaluated. • The program is at the same institution (6-digit OPEID) • The program has a higher credential level than the program being evaluated. <ul style="list-style-type: none"> ○ The hierarchy for undergraduate credential levels is as follows, ranked from highest to lowest: <ul style="list-style-type: none"> ▪ Credential Level 04 ▪ Credential Level 03 ▪ Credential Level 02 ▪ Credential Level 01 • The higher credential level program was completed subsequent to the lower credential level program. <p>If this does not apply to the student, the indicator will display 'N'.</p>
Completed Higher Credential Program (Graduate)	<p>The Completed Higher Credential Program (Graduate) Indicator will display 'Y' if all of the following conditions are met:</p> <ul style="list-style-type: none"> • The student has a current valid certified Program-Level Enrollment Status of 'G' for

	<p>a program other than the one being evaluated.</p> <ul style="list-style-type: none"> • The program is at the same institution (6-digit OPEID). • The program has a higher credential level than the program being evaluated. <ul style="list-style-type: none"> ○ The hierarchy for graduate credential levels is as follows, ranked from highest to lowest: <ul style="list-style-type: none"> ▪ Credential Level 08 ▪ Credential Level 07 ▪ Credential Level 06 ▪ Credential Level 05 • The higher credential level program was completed subsequent to the lower credential level program. <p>If this does not apply to the student, the indicator will display 'N'.</p>
<p>Comprehensive Transition and Postsecondary (CTP) Program Indicator</p>	<p>The Comprehensive Transition and Postsecondary (CTP) Program Indicator will display 'Y' if the school reports a 'Y' value in the specified field using any of the following reporting methods:</p> <ul style="list-style-type: none"> • FVT/GE Completers List page via NSLDSFAP • FVT/GE Student Batch Submittal File. • FVT/GE Maintenance page via NSLDSFAP. • FVT/GE Student Spreadsheet Submittal File <p>OR</p> <p>The program being evaluated has a CIP Code of 300001.</p> <p>If this does not apply to the student, the indicator will display 'N'.</p>
<p>Approved Prison Education Program Indicator</p>	<p>The Approved Prison Education Program Indicator will display 'Y' if the school reports a 'Y' value in the specified field using any of the following reporting methods:</p> <ul style="list-style-type: none"> • FVT/GE Completers List page via NSLDSFAP

	<ul style="list-style-type: none"> • FVT/GE Student Batch Submittal File • FVT/GE Maintenance page via NSLDSFAP • FVT/GE Student Spreadsheet Submittal File <p>If this does not apply to the program, the indicator will display 'N'.</p>
--	--

2.3 FVT/GE Completers List Process

NSLDS will create the FVT/GE Completers List File (draft, ad hoc, and final) in a fixed-width format and deliver it to the SAIG TG Mailbox designated by the school for FVT/GE Batch Services. The FVT/GE Completers List file (draft, ad hoc, and final) will be sent using the message class GEFVCMOP from the NSLDS TG Mailbox 'TG50012'.

The Draft FVT/GE Completers List File will be sent schools one day prior to the beginning of the evaluation period. Schools will receive the draft Completers List and then have a 60-day window to make corrections to student information. After the 60-day correction period, the Department generates a final version of the FVT/GE Completers List. The final list will be sent to schools, while the information from the records listed in the Final FVT/GE Completers List that are not marked as excluded will be sent to the IRS for the purpose of gathering median annual earnings data.

Figure 1: Completers List Process

During the 60-day correction period, the Completers List will be refreshed to reflect any changes that may have been made. Any changes the school reports will not automatically be distributed to institutions, but the updates will be reflected on the FVT/GE Completers List page via the NSLDS Professional Access website within 24 hours. If a school wishes to receive an updated FVT/GE Completers List, during the 60-day correction period, they can request the ad hoc FVT and GE Completers List Report (GEFVC1) from the Reporting Tool via the NSLDS Professional Access website. The ad hoc completers list report will be available throughout the 60-day correction period to

guarantee that schools have the latest version of the FVT/GE Draft Completers List, whereas the ad hoc final Completers List report will be accessible only after the conclusion of the 60-day correction period.

The draft and final versions of the FVT/GE Completers List have the same file layout. There are no differences in the layout between the versions, other than the date the files were created and the version that indicates if the file is either the draft or final Completers List. The Version Indicator field in the file will be populated with the following values to indicate the version of the Completers List:

- '1' (Draft FVT/GE Completers List file)
- '2' (Final FVT/GE Completers List file)

The Final FVT/GE Completers List will include completers from the Draft FVT/GE Completers List along with any corrected information submitted by schools.

2.3.1 FVT/GE Batch Services

It is important that at least one location is signed up for the FVT/GE Batch Services via SAIG to get the draft and final list automatically pushed to your school.

If your school has not signed up for the FVT/GE Batch Service, the school will not automatically receive either the draft or final FVT/GE Completers List from NSLDS, users may request the ad hoc FVT and GE Completers List Report (GEFVC1) from the NSLDS Reporting Tool available via the [NSLDS Professional Access](#) website.

2.3.2 What's in the File?

The FVT/GE Completers List includes students who have received Title IV aid for a program and have graduated from that same program within the relevant cohort periods. The data included will be driven by existing enrollment data and existing student loan data reported to NSLDS. The data included provides a comprehensive overview of the student population that completed a GE or Eligible Non-GE Program, along with the reason for excluding certain students from the D/E rates and the EP measure, if applicable.

The FVT/GE Completers List (draft and final) is compiled based on the six-digit OPEID level, containing institutional information, program-level data, and student-level data. The data contains FVT/GE data submitted by institutions, existing student loan data, and existing enrollment data.

2.3.3 How is the File Organized?

The FVT/GE Completers List file (draft and final) is comprised of three different record types, a header record type, a detail record type, and a trailer record type. Each record type can be identified in field positions 1-2 as a two-digit number and are defined as follows:

- **Header Record** – Record Type 00
 - Each file contains only one (1) header record. This record appears as the first row in the file and contains information relating to the institution and type of file generated by NSLDS.
- **Program Student Detail Record** – Record Type 01
 - Each file contains one (1) or more detail records. The record(s) contains information about the student(s) who received Title IV aid for a GE or Eligible Non-GE program they completed within the relevant cohort periods, along with any applicable exclusions.
- **Trailer Record** – Record Type 99
 - Each file contains only one (1) trailer record. This record appears as the last row in the file and contains information relating to the number of records in the file generated by NSLDS.

2.3.4 Completers List File Size

The FVT/GE Completers List file size (draft and final) will vary from school to school and program to program. One school may only have a single GE or Eligible Non-GE Program with a small group of students present in the FVT/GE Completers List, while another school may have 20 or more programs with thousands of students. However, every file will have the same fields in the same locations and the FVT/GE Completers List File Record Layout that can be found in Appendix A of this volume. Detail records in the draft and final FVT/GE Completers List will be sorted in the following order:

- CIP Code (ascending)
- Student Social Security Number (ascending)

Chapter 3: The FVT/GE Completers List Corrections

The Department creates a list of students who received Title IV aid for a GE or Eligible Non-GE program they completed within the relevant cohort periods. Schools are given the chance to review and make any corrections to the list of students, or information about those students before the Department submits the data to the IRS. Upon

receiving the Draft FVT/GE Completers List, schools will have a 60-day correction period to review and make any necessary corrections to the data included in the draft list. Schools will have the opportunity to make any necessary corrections through various methods.

3.1 Methods for Reviewing the List

There are three different ways to review the FVT/GE Completers List (draft and final). The first is the draft and final FVT/GE Completers List that is sent automatically to schools via SAIG, the second is the FVT/GE Completers List page via the NSLDS Professional Access website, and the third is the FVT and GE Completers Report (GEFVC1) from the NSLDS Reporting Tool via the NSLDS Professional Access website.

Note: The Draft FVT/GE Completers List will only be accessible via all three methods throughout the 60-day correction period. Following the conclusion of the 60-day period, the Final FVT/GE Completers List will be accessible through all three methods.

3.2 Methods for Making Corrections

It is crucial for schools to make sure they review and make any necessary corrections to the data in their FVT/GE Completers List to ensure accurate reporting of student information to the IRS.

It is crucial for schools to review records for incorrect reporting of the enrollment status of Graduated 'G' or if any students should be removed from the school's Completers List due to not receiving Title IV aid for the program being evaluated. Schools should also review students marked as excluded to validate the reasoning or identify students that should be excluded based on the criteria.

Reminder: A student may be excluded from the D/E rates and EP measure calculations for more than one reason.

3.2.1 Updating Enrollment Data

Schools can correct any errors on enrollment data through the NSLDS Enrollment Reporting process (batch, web, and spreadsheet submittal). This process allows for updating enrollment data, such as:

- Program Enrollment Status
- Program Enrollment Status Effective Date

Please refer to the [NSLDS Enrollment Guide](#) for more information on the Enrollment Reporting process.

3.2.2 Updating for Exclusions

Schools can update FVT/GE student information included in the FVT/GE Completers List by either the FVT/GE Completers List page via the NSLDS Professional Access website or the FVT/GE Student Batch Submittal process. Through these two methods, schools are able to mark students as excluded if the student graduated from a Comprehensive Transition and Postsecondary (CTP) Program or an Approved Prison Education Program.

The following table highlights scenarios schools should review and make updates on for accurate reporting:

Table 5: How to Make Corrections

Scenarios	How to Make Corrections
A student who meets the graduated requirements for a program in the relevant cohort period based on the school's internal records but is not included as a completer on the list.	Update the enrollment status to 'G' via the normal Enrollment Reporting process to include the student as a completer on the list.
A student is listed as having graduated from a program, but based on the school's internal records the student is not a completer for that relevant cohort period.	Update the enrollment status via the normal Enrollment Reporting process to remove the student as a completer on the list.
A student is on the list but graduated from a Comprehensive Transition and Postsecondary (CTP) Program or Approved Prison Education Program and should be excluded from the rates.	Update to indicate the student graduated from a Comprehensive Transition and Postsecondary (CTP) Program or Approved Prison Education Program. <ul style="list-style-type: none"> Update via the Completers List Page on the NSLDS Professional Access website or via the FVT/GE Student Batch Submittal process
A student is currently included on the list but needs to be removed as they did not receive Title IV aid for the program they completed.	Remove the student from the Completers List on the FVT/GE Completers List page via the NSLDS Professional Access website.

Chapter 4: FVT/GE Completers List Page via NSLDSFAP

The FVT/GE Completers List page can be found on the NSLDS Professional Access website. This page allows authorized users to view completers list data, edit for exclusions, remove a student from the completers list, or re-add a student that was previously removed via the web.

4.1 FVT/GE Completers List Page

The FVT/GE Completers List page can be found under the FVT/GE tab on the NSLDS Professional Access website. This page will display the information on students who received Title IV aid for a GE or Eligible Non-GE program they completed within the relevant cohort periods at the six-digit OPEID level, based on the search criteria selected.

The FVT/GE Completers List Information section on the FVT/GE Completers List page displays the version of the Completers List, the calculation year, and the date the page was last updated.

- **Version:** Indicates if the file is the draft or final version of the Completers List
 - Draft – during the 60-day correction period
 - Final – after the conclusion of the 60-day correction period
- **Calculation Measurement Year:** Year the D/E rates and EP measure are calculated
- **Last Calculated Date:** Date and time the information on the page was last updated.

Figure 2: FVT/GE Completers List Page – Information Section (Draft Version)

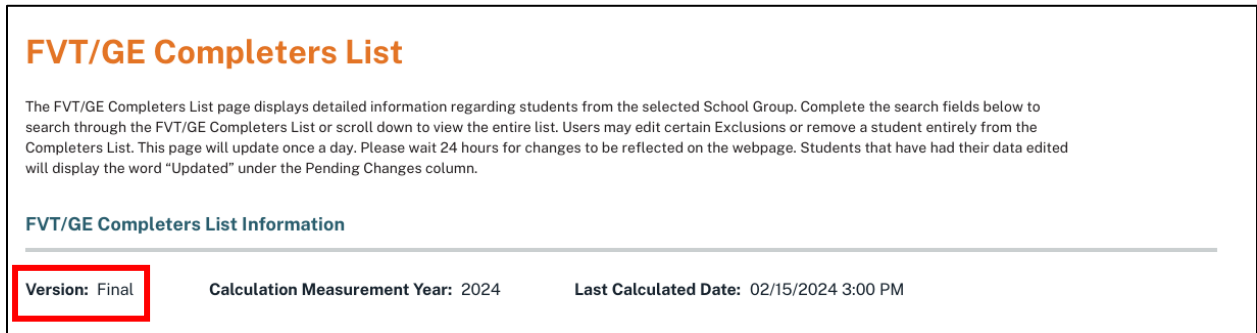

FVT/GE Completers List

The FVT/GE Completers List page displays detailed information regarding students from the selected School Group. Complete the search fields below to search through the FVT/GE Completers List or scroll down to view the entire list. Users may edit certain Exclusions or remove a student entirely from the Completers List. This page will update once a day. Please wait 24 hours for changes to be reflected on the webpage. Students that have had their data edited will display the word "Updated" under the Pending Changes column.

FVT/GE Completers List Information

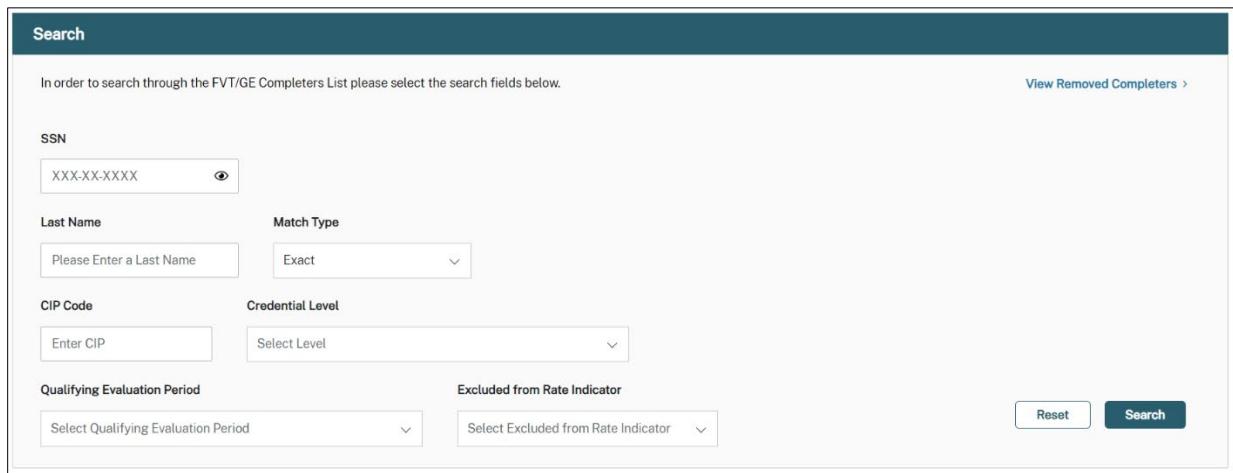

Version: Draft	Calculation Measurement Year: 2024	Last Calculated Date: 02/15/2024 3:00 PM
-----------------------	---	---

Figure 3: FVT/GE Completers List Page – Information Section (Final Version)

The Search functionality on the FVT/GE Completers List page can be used to review a specific program, credential level, or an individual student.

Figure 4: FVT/GE Completers List Page – Search

The FVT/GE Completers List page allows schools to search for specific records by the fields described in Table 6.

Table 6: Search Option Fields

Search Options	Description
SSN	The Social Security Number reported for the student.
Last Name	The last name reported for the student
CIP Code	Classification for Instructional Programs code reported for the student.

Credential Level	<p>Credential Level of the program that the student graduated during the cohort periods</p> <ul style="list-style-type: none"> • '01' Undergraduate Certificate or Diploma Program • '02' Associate's Degree • '03' Bachelor's Degree • '04' Post Baccalaureate Certificate • '05' Master's Degree • '06' Doctoral Degree • '07' First Professional Degree • '08' Graduate/Professional Certificate
Qualifying Evaluation Period	<p>Indicator used to identify the cohort period which the student is included.</p> <ul style="list-style-type: none"> • '2' 2YP (program other than a qualifying graduate program) • '4' 4YP (program other than a qualifying graduate program) • '5' 2YP-Q (qualifying graduate program) • '6' 4YP-Q (qualifying graduate program)
Excluded from Rate Indicator	<p>Indicator used to note that an exclusion applies to this student's record.</p> <ul style="list-style-type: none"> • 'Y' Excluded • 'N' Not excluded

Once the user clicks the 'Search' button, the FVT/GE Completers List page displays the entire list of records, or a list of records based on the selected criteria. Additionally, the count of records returned will be displayed.

Note: If the school did not receive an FVT/GE Completers List, the count of records returned will reflect "0 Students shown of 0 on Completers List".

To exclusively view completers in the final version of the FVT/GE Completers List that were sent to the IRS to obtain annual earnings data, users will need to wait until the conclusion of the 60-day correction period for the Final FVT/GE Completers List to be available. Once the final list is available, users should select 'No' under the Excluded from Rate Indicator search filter. Upon clicking the 'Search' button, only those students who have completed without any exclusions will display.

Showing 1 to 2 of 2 items << < Previous Next > >>

The FVT/GE Completers List may contain numerous programs with multiple students in each program; however, the page will only display 100 records per page. If more than 100 records exist, the **Next** and **Previous** navigation arrows will display at the bottom of the page to move from page to page. Schools can utilize the search and sort by options to access the data they deem essential.

The FVT/GE Completers List can be sorted in ascending order based on the following fields:

- CIP Code (Default)
- SSN
- Last Name

Figure 6: FVT/GE Completers List Page – Student Records

The FVT/GE Completers List page displays student information, program details, exclusions, and evaluation periods. If there are any exclusions for a student, the Excluded from Rate Indicator field will show 'Yes' and users can click the dropdown arrow next to the student's SSN to see the explanation for the exclusion(s). If the Excluded from Rate Indicator field displays 'No' for a student, then no exclusions will be listed.

Users can access student records on the FVT/GE Completers List page for a single calculation measurement year. These records remain accessible for the current calculation measurement year until the data for the subsequent calculation measurement year becomes available.

4.2 Edit For Exclusions

Users can edit a student record for two FVT/GE exclusions only on the Completers List page via the web. The edit functionality on the FVT/GE Completers List page for a student record does not permit schools to update student or program identifiers. If a school identifies incorrect information for program identifiers listed for a student, the user must update the data through the NSLDS Enrollment Reporting process.

Users can update a student record through the FVT/GE Completers List page based on the student graduating from one of the following two programs being evaluated:

- Comprehensive Transition and Postsecondary (CTP) Program
- Approved Prison Education Program

To edit for exclusions, click the 'Edit' link within the applicable student record you wish to have excluded from the calculations based on the approved criteria.

Figure 7: FVT/GE Completers List Page – Edit

Showing 1 to 2 of 2 items << Previous Next >>

Once the user clicks the 'Edit' link, the 'Edit Student' popup will display, allowing the user to select 'Yes' or 'No' for either the Comprehensive Transition and Postsecondary (CTP) Program or Approved Prison Education Program

Figure 8: Edit Student Popup

Edit Student ✕

Edit the following two exclusion flags. Please be aware that changes will not be reflected via web for up to 24 hours. Students that have had their data edited will display the word "Updated" under the Pending Changes column.

Excluded - Comprehensive Transition and Postsecondary (CTP) Program Indicator *

Yes

No

Excluded - Approved Prison Education Program Indicator *

Yes

No

Cancel
Save

In order to submit the update, the user must click the 'Save' button. Should the user select the 'Cancel' button, the student record will not be updated.

Once the record has been successfully updated, a message will appear at the top of the page stating 'The student's Exclusion Flags were successfully edited'. Updates made via the web will not be immediately displayed until the next Completers List is processed, which typically occurs within a 24-hour timeframe.

A record that has been successfully updated will display 'Updated' in the Pending Changes field on the students record. The 'Updated' message in the field will notify the user that the record has been successfully updated, but the changes have not yet been shown on the web. After the 24-hour timeframe, the 'Updated' message will no longer display and the next Completers List will be processed. The updated information will then be visible on the web and on the ad hoc report if requested by the user through the Reporting Tool available on the NSLDS Professional Access website.

Figure 9: FVT/GE Completers List Successfully Edited

4.3 Remove Student Record

If a school requires complete removal of a student from their FVT/GE Completers List via the web, the only situation for which this is allowed is if the student did not receive Title IV aid for the program being evaluated. To remove a student from the FVT/GE Completers List, simply click on the 'Remove' link in the student record located under the Remove field.

Figure 10: FVT/GE Completers List Remove Option

Search Result(s)

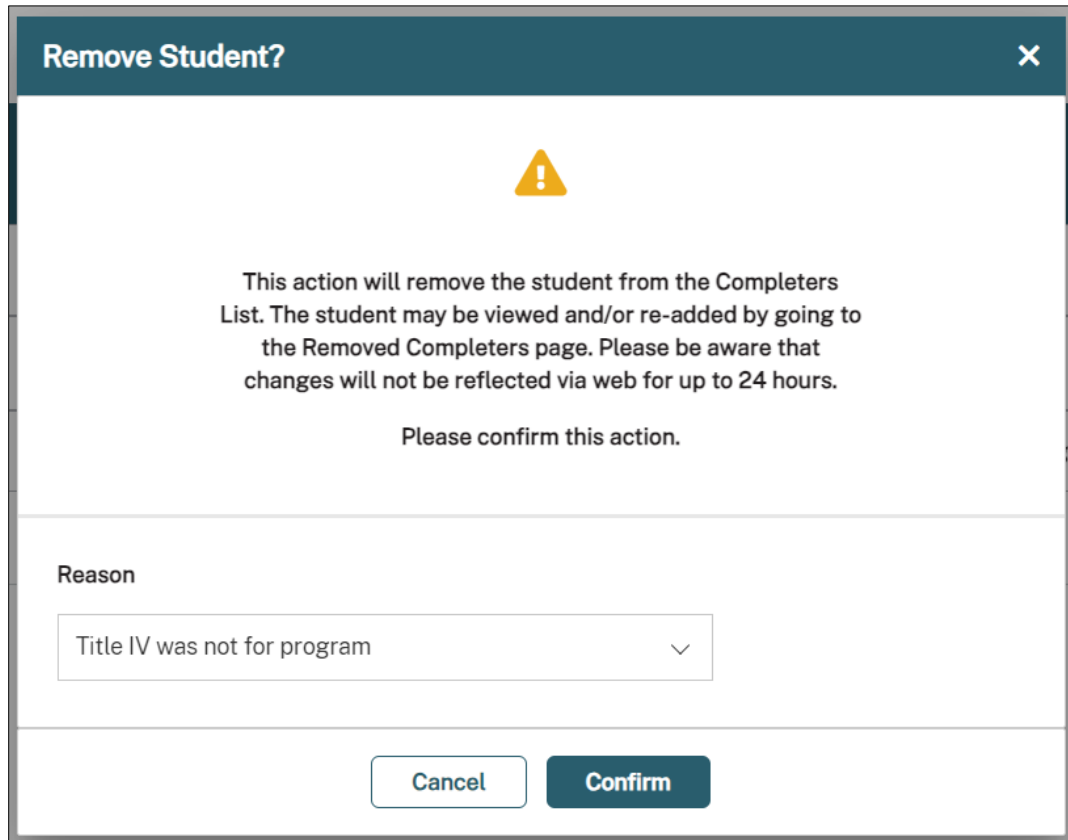

Sort By: CIP Code (Default) ▾

SSN	Student Name	DOB	CIP Code	Credential Level	Qualifying Evaluation Period	Excluded from Rate Indicator	Edit	Remove	Pending Changes
> 123456789	Joe Smith	10/14/1968	123456	03-Bachelor's Degree	4- Qualifies for 4YP	Yes	Edit	Remove	
> 987654321	Sam Ava	01/14/1993	654321	02-Associate's Degree	2- Qualifies for 2YP	No	Edit	Remove	

Showing 1 to 2 of 2 items << < Previous Next > >>

After clicking the 'Remove' link, a popup labeled 'Remove Student?' will display, providing the user with the option to choose the reason 'Title IV was not for program' from the dropdown menu and submit the reason for removal.

Figure 11: FVT/GE Completers List Remove Pop-up

In order to submit the removal, the user must click the 'Confirm' button. Should the user select the 'Cancel' button, the student record will not be removed from the school's Completers List.

Once the record has been successfully removed, a message will appear at the top of the page stating, 'The student was successfully removed'. Updates made via the web will not be immediately displayed until the next Completers List is processed, which typically occurs within a 24-hour timeframe.

Figure 12: FVT/GE Completers List Successfully Removed

Once a student record has been successfully removed from the school's FVT/GE Completers List they will no longer appear on the list via the web or on the Completers

List if requested by the user as an ad hoc report through the Reporting Tool available on the NSLDS Professional Access website.

4.4 Re-add Removed Completers

Users can access student records that were removed from the Completers List via the web through the Removed Completers page. The 'View Removed Completers' link is located within the Search section on the FVT/GE Completers List page. Upon clicking the link, users will be directed to the Removed Completers page.

Figure 13: FVT/GE Completers List Page – View Removed Completers

Figure 14: Removed Completers Page

Removed Completers

FVT/GE Completers List > Removed Completers

The FVT/GE Removed Completers page displays detailed information regarding students that were manually removed from the Completers List during the draft period from the selected School Group. Complete the search fields below to search through the FVT/GE Removed Completers List or scroll down to view the entire list. Users may re-add students during the Draft Period List. This page will update once a day. Please wait 24 hours for changes to be reflected on the webpage.

Search

In order to search through the removed Completers please select the search fields below.

SSN

Last Name

Match Type

CIP Code

Credential Level

Qualifying Evaluation Period

Excluded from Rate Indicator

The Removed Completers page will display student records in the same format as the FVT/GE Completers List page. The search functionality will provide the same search options for schools to search for specific records:

- SSN
- Last Name
- CIP Code
- Credential Level
- Qualifying Evaluation Period
- Excluded from Rate Indicator

Figure 15: Removed Completers Page – Re-add

Search Result(s)

Sort By:

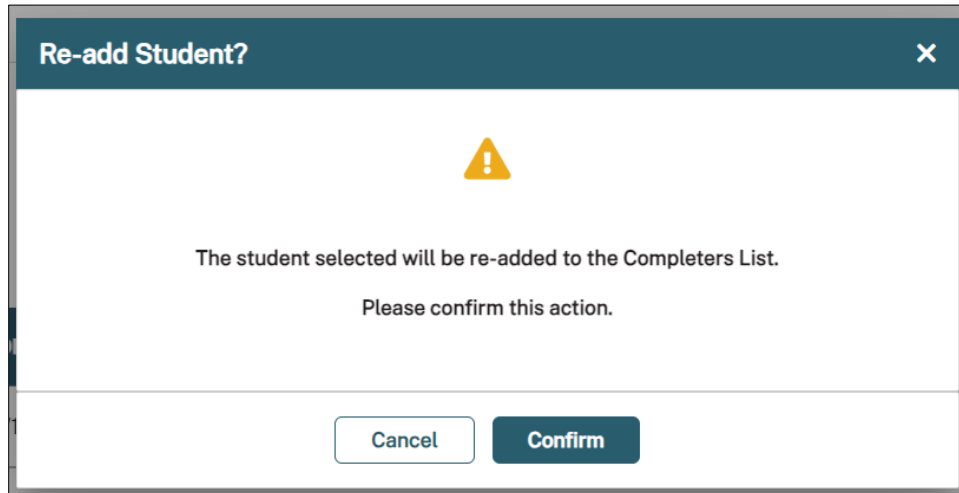

SSN	Student Name	DOB	CIP Code	Credential Level	Qualifying Evaluation Period	Excluded from Rate Indicator	Re-add
> 123456789	Kim Brown	10/14/1968	123456	03 - Bachelor's Degree	6 - Qualifies for 4YPQ	Yes	<input type="button" value="Re-add"/>
> 987654321	Bob Vans	01/14/1993	654321	02 - Associate's Degree	2 - Qualifies for 2YP	No	<input type="button" value="Re-add"/>

Showing 1 to 2 of 2 items << < Previous Next > >>

In the event that a school identifies a student record was removed in error, users can re-add previously removed students via the web on the Removed Completers page. To re-

add a student record, users must click the 'Re-add' link located in the student record under the Re-add field.

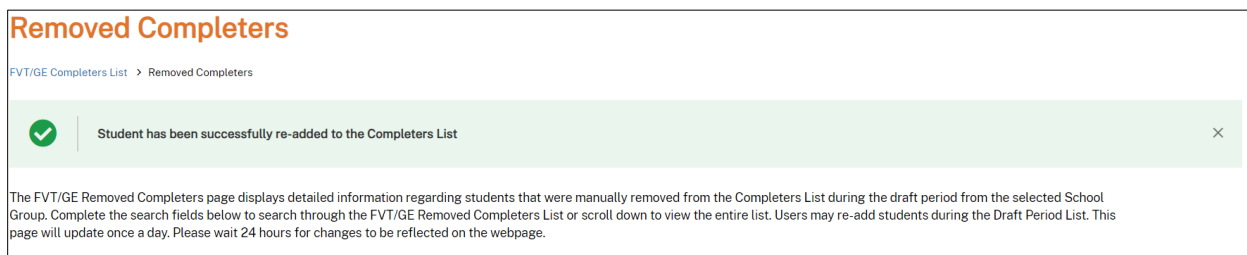

Figure 16: FVT/GE Completers List Re-add Pop-up

Upon clicking the 'Re-add' link, a popup labeled 'Re-add Student?' will display, offering the user the choice to either 'Confirm' they would like to re-add the student record to the Completers List or 'Cancel' the request.

Once the user confirms they would like to re-add the student to the school's Completers List a message will appear at the top of the page stating, 'Student has been successfully re-added to the Completers List'. Updates made via the web will not be immediately displayed until the next draft Completers List is processed, which typically occurs within a 24-hour timeframe.

Figure 17: FVT/GE Completers List Re-add Successful

Following the processing of the next Completers List, the student will display on the school's FVT/GE Completers List via the web as well as on the Completers List ad hoc report if requested by the user through the Reporting Tool available on the NSLDS Professional Access website.

Please note that there is no option to add a student to the school's Completers List online. Schools can only re-add students who were previously removed by the school through the Removed Completers List page.

Chapter 5: FVT and GE Completers List Report

The FVT and GE Completers List Report (GEFVC1) can be requested from the NSLDS Reporting Tool available on the NSLDS Professional Access website. The FVT and GE Completers List Report can be requested at any given time. Users will select the Calculation Measurement Year for the FVT/GE Completers List that they wish to receive. If a prior Calculation Measurement Year is selected, NSLDS will provide the Final FVT/GE Completers List for the selected year.

The information in this report is generated at a particular moment. Depending on the user's request and the current phase of the FVT/GE Completers List process, the report will present data from either the draft or final version of the FVT/GE Completers. During the 60-day correction period, schools can request the Draft FVT/GE Completers List Report. The draft report will be exclusively available throughout the 60-day correction period to guarantee that schools have the latest version of the FVT/GE Draft Completers List, whereas the Final FVT and GE Completers List Report will be accessible only after the conclusion of the 60-day correction period.

The FVT and GE Completers List Report (GEFVC1) can be requested by accessing the Cognos Reports Tool through the [NSLDS Professional Access](#) website. Once you access Cognos, navigate to the 'Team Content' folder, followed by the 'Financial Value Transparency and Gainful Employment' folder, and then choose the 'GEFVC1 FVT and GE Completers List Report'. To schedule the report, move it to your 'My Content' folder, set up a schedule, and the report will be delivered at the specified time via SAIG.

Parameters for the report that a user must select include:

- **School Group Code:** 6-Digit Identifier for a School's Group
- **Calculation Measurement Year:** The year for which the rate is calculated

Optional parameters for the report that a user may select include:

- **CIP Code:** The six-digit CIP Code parameter selected by the user when requesting the ad-hoc report.
- **Credential Level:** The level of degree/certificate/credential for the respective student

The user may select one of the following sort options for the report:

- CIP Code, Student Social Security Number
- Social Security Number, CIP Code, Credential Level
- CIP Code, Credential Level

This report will be delivered to the SAIG TG mailbox associated with the requesting user in fixed-width format using the message class GEFVCMOP from the NSLDS TG Mailbox 'TG50012'. This report may also be downloaded in Excel format.

Figure 18: FVT and GE Completers List Report (GEFVC1)

GEFVC1 FVT and GE Completers List Report

The FVT and GE Completers List Report allows ED and School Users to generate on-demand Completers List reports in Cognos. The report allows users to search based on Calculation Measurement Year, CIP Code, Credential Level, and 6-digit level OPEID.

Large Volume Reports Note: Reports that have over 1 million records returned have an additional "Large Volume" report link. Please access the report as a .CSV if volume is expected to exceed 1 million records. Excel formats will not return large record volumes.

Financial Value Transparency and Gainful Employment

Appendix A: FVT/GE Completers List

This appendix defines the layouts for each record within the FVT/GE Completers List File and each field within the records. Institutions will receive an FVT/GE Completers List File after the Initial Draft is ran and after the Final Draft is ran. Institutions may request an FVT/GE Completers List File at any point for any Calculation Measurement Year. This report will be in the same format as the batch file automatically pushed.

Appendix A includes the following layouts:

- Fixed-Width

The Fixed-Width layout includes the following information for each field:

- **Pos FR-** (Position From) – starting position of the field.
- **Pos TO-** (Position To) – ending position of the field.
- **Attribute-** Brief, descriptive title of the field.
- **Description-** Short narrative definition of the field
- **Field Format-** Indicator of the kind of value that must be in the field, as follows:
 - Char. (Character) denotes a field that may contain spaces, letters, or numbers in any combination—for example, 17 Magnolia Street. Character fields not specifically reported must be filled with spaces. If a field is said to require a value 'greater than spaces', the field must contain at least one letter or number.
 - Num. (Numeric) denotes a field that must contain only numbers—for example, 12345 as a Detail Record Count in a trailer record. Letters, special characters, or spaces in a numeric field are invalid. An entry of T491_24, for example, would not be accepted. Unless otherwise specified in the record layout, numeric fields not specifically reported must be filled with zeroes.
 - Date fields must contain only numeric data, 8 digits, and appear in the format CCYYMMDD, where:
 - CC = 2-digit century
 - YY = 2-digit year
 - MM = 2-digit month designation (01–12)
 - DD = 2-digit day designation (01–31, depending on month and year)
 - Under this convention, an entry of **20140430** would be accepted, but **043014** would not. Unless otherwise specified in the record layout, date fields not specifically reported must be filled with zeroes.
