

Chapter 6

Consumer Information and School Reporting

This chapter describes information that a school must disclose to the public and report to the Department. This is information about: financial aid; the school's campus, facilities, and student athletes; campus security and fire safety; drug and alcohol abuse prevention and programs about them. The chapter also discusses counseling for students receiving FSA loans and disclosures that must be made for private education loans. Additional disclosure requirements that are specific to disbursements of FSA loans are described in Volume 8.

The obligation of schools to disclose information to the public and report it to the Department is consequential. In addition to limiting, suspending, or terminating the participation of any school that fails to comply with the consumer information requirements, the Department may impose civil fines of up to \$67,544 for each violation. See the [January 30, 2023, Federal Register](#) for information about the adjustment of civil monetary penalties for inflation. To assess your school's compliance with the provisions of this chapter, see the FSA Assessment module "[Consumer Information](#)."

Availability of Information

Notice to Enrolled Students

Each year a school must distribute to all enrolled students a notice of the availability of the information it must provide in the following general categories:

- general disclosures for enrolled or prospective students,
- annual security report and annual fire safety report,
- report on athletic program participation rates and financial support data (Equity in Athletics Data or EADA), and
- FERPA information (Family Educational Rights and Privacy Act of 1974, discussed in Chapter 7). The Department's FERPA website has a [model notification](#).

The notice must list and briefly describe the information and tell students how to obtain it. It must be provided on an individual basis through an appropriate mailing or publication, including direct mailing through the U.S. Postal Service, campus mail, or electronic mail. Posting on an Internet or intranet website does not constitute a notice.

Web Dissemination

A school may meet the requirements for the general disclosures and the EADA, security, and fire safety reports by posting the information online.

- **Enrolled students or current employees**—the school may post the information on a website or an intranet that is reasonably accessible to its students and employees.
- **Prospective students or prospective employees**—the school may post the information on a website.

A school that uses internet or intranet for disclosure for this purpose must include in its annual notice to enrolled students the exact electronic address of the information and a statement that the school will provide a paper copy of the information on request.

With internet or intranet distribution of the security and fire safety reports to current employees, a school must distribute to them by October 1 of each year a notice that includes a statement of the reports' availability, the exact electronic address at which they are posted, a brief description of their contents, and a statement that the school will provide a paper copy of the reports upon request.

The same information must be included in a notice to prospective students and employees if a school decides to use the internet to provide annual security or fire safety reports to them. The difference is that there is no annual date for distribution of this notice; also note that the school must use an internet website, rather than an intranet site.

The National Postsecondary Education Cooperative (NPEC) issued [Information Required to Be Disclosed Under the Higher Education Act of 1965: Suggestions for Dissemination](#) (NPEC 2010-831), which is available on the website for the National Center for Education Statistics (NCES). Note: NPEC was established by the NCES in 1995 as a voluntary organization comprising federal agencies, postsecondary schools, associations, and others with an interest in postsecondary education data collection. The information and opinions in NPEC publications do not necessarily represent the policy or views of the U.S. Department of Education.

Availability of Employees for Information Dissemination Purposes

A school must designate an employee or group of employees who shall be available on a full-time basis to assist enrolled or prospective students in obtaining information on the school, financial assistance, graduation and completion rates, security policies, and crime statistics, as described in the following sections. If the school designates one person, they shall be available upon reasonable notice to any enrolled or prospective student throughout the normal administrative working hours of the school. If more than one person is designated, their combined work schedules must be arranged so that at least one of them is available upon reasonable notice throughout the normal administrative working hours of the school.

The Department may waive this requirement if the school's total enrollment or the portion participating in *Title IV* programs is too small to necessitate an employee or group of employees being available on a full-time basis. The granting of a waiver does not exempt an institution from designating a specific employee or group of employees to carry out on a part-time basis the information dissemination requirements. The school must request this waiver from the Department.

Availability of Employees

General Student Disclosures

A school must make the following information available to any enrolled or prospective student through appropriate publications, mailings, or electronic media.

Definitions

[34 CFR 668.41\(a\)](#), and

[34 CFR 668.47\(b\)](#)

Financial Assistance Available to Students

At a minimum, the school must publish and make readily available to current and prospective students a description of all the federal, state, local, private, and institutional need-based and non-need-based student financial assistance programs available to them.

For each of these financial aid programs, the information provided by the school must describe

- the procedures and forms by which students apply for assistance,
- the student eligibility requirements,
- the criteria for selecting recipients from the group of eligible applicants, and
- the criteria for determining the amount of a student's award.

The school may describe its own financial assistance programs by listing them in general categories.

The school must also describe the rights and responsibilities of students receiving financial aid (and specifically federal aid). This description must include

- criteria for continued student eligibility under each program;
- satisfactory academic progress (SAP) standards that students must meet to receive financial aid and criteria by which those who have failed to maintain SAP may re-establish aid eligibility (see *Volume 1*);
- the method by which financial assistance disbursements will be made to students and the frequency of those disbursements;
- the way the school provides for students eligible for *Title IV* program funds to obtain or purchase required books and supplies by the seventh day of a payment period (see *Volume 4* for conditions) and how the students may opt out;
- the terms of any loan received by students as part of their financial assistance package, a sample loan repayment schedule, and the necessity for repaying loans;
- the general conditions and terms applicable to any employment provided to students as part of their financial assistance package;

- the terms and conditions of the loans students receive under the Direct Loan Program; and
- the exit counseling information the school provides and collects as described in Volume 8. (Also see *Volume 6* for Perkins Loan exit counseling.)

Explaining Verification Requirements

Although it is not among the financial aid disclosures given to all students, you should be aware of the following information that must be provided in writing to students who are selected for verification:

1. Documents required for verification.
2. Student responsibilities—including correction procedures, deadlines for completing any actions required, and the consequences of missing the deadlines.
3. Notification methods—how your school will notify students if their awards change as a result of verification and the time frame for such notification. [34 CFR 668.53](#)

See the *Application and Verification Guide, Chapter 4*, for complete information about verification.

Verification Policies and Procedures

[34 CFR 668.53](#)

Prospective student definition—One who has requested from an eligible school information about enrolling there or who has been contacted by the school directly, or indirectly through advertising, about enrolling.

Consumer Information From the Department

The Department is required to make available to schools, lenders, and secondary schools descriptions of *Title IV* programs to assist students in gaining information through school sources and to assist schools in carrying out *Title IV* program requirements. We provide comprehensive student aid information to students and their families through [StudentAid.gov](#). Colleges and high schools may find student and borrower publications such as the College Preparation Checklist under resources in the [Financial Aid Toolkit](#).

Information About the School's Academic Programs, Costs, Facilities, and Policies

At a minimum, the school must provide to enrolled and prospective students the following information about itself.

Academic Programs

- the current degree programs and other educational and training programs
- the instructional, laboratory, and other physical facilities that relate to the academic programs
- the school's faculty and other instructional personnel
- any plans by the school to improve academic programs, upon a determination by the school that such a plan exists
- information about whether completion of a program meets educational requirements for a specific professional license or certification needed for employment in an occupation in a state if the program is designed to do so or is advertised as doing so. Before a school enrolls a student from a particular state into an on-campus program, the school must ensure that the program meets all licensure requirements in the state(s) in which the institution is located. The school must also disclose to that student whether it has made a determination regarding whether the program meets licensure/certification requirements in the state where the student is located at the time of initial

enrollment in the program. For a student attending a face-to-face program, the institution must disclose a list of all states where the institution has determined that the program does and does not meet such requirements.

If the school determines that a program's curriculum does not meet the state educational requirements for licensure or certification in the state in which a prospective student is located, or if the institution has not made a determination regarding whether the program's curriculum meets the state educational requirements for licensure or certification, the institution must provide notice to that effect to the student prior to the student's enrollment in the institution in accordance with § 668.14(b)(32). If the institution makes a determination under CFR 668.43(a)(5)(v) that a program's curriculum does not meet the State educational requirements for licensure or certification in a state in which a student who is currently enrolled in such program is located, the institution must provide notice to that effect to the student within 14 calendar days of making such determination. These disclosures must be made directly to the student in writing, which may include email or other electronic communication. The rules under "Determining student location" in Chapter 1 apply here as well.

As a reminder, for a program offered through distance education or correspondence courses to a student in a State different than where the institution is located, the institution must determine that the program meets the licensure/certification requirements in the state where each student is located at the time of initial enrollment in the program. If such determination is not made or if the institution has determined the program does not meet such requirements, it cannot enroll students located in that state into the program and it should not be advertising the program. If an educational program is designed to meet educational requirements for a specific professional license or certification that is required for employment in an occupation only in certain states, it would be a best practice to highlight those states when advertising the program. Please see the [flowchart](#) in the [Certification FAQs](#), question **LDR-A1** for a visual outline of the disclosure and licensure requirements.

Written Arrangements (See Also Written Arrangements in Chapter 2)

- a description in the program description of written arrangements that the school has entered into in accordance with [34 CFR 668.5](#), including, but not limited to, information on
 - the portion of the educational program that the school that grants the degree or certificate is not providing
 - the name and location of the other schools or organizations that are providing the portion of the educational program that the school that grants the degree or certificate is not providing
 - the method of delivery of the portion of the educational program that the school that grants the degree or certificate is not providing; and
 - estimated additional costs students may incur as the result of enrolling in an educational program that is provided, in part, under the written arrangement

School Costs

- tuition and fees charged to full-time and part-time students
- estimates of costs for necessary books, course materials, supplies, and equipment
- estimates of typical charges for food and housing
- estimates of transportation costs for students
- any additional cost of a program in which a student is enrolled or expresses a specific interest

See [Volume 3, Chapter 2](#) for additional information on this topic.

The Department's [College Affordability and Transparency Center](#) contains information for students, parents, and policymakers about costs at America's colleges. The website allows users to view schools by sector with the highest and lowest tuition and net prices (the price of attendance after considering all grant and scholarship aid). The site also includes the [College Scorecard](#), which displays the typical student cost, graduation rate, loan default rate, and median borrowing amount for the school one types in. The site also links to the net price calculators for many schools and to the [College Navigator](#) website, which allows students to search for schools they might want to attend according to various criteria.

Withdrawal Procedures, Refunds, and Return of Aid

- the requirements and procedures for officially withdrawing from the school
- the school’s refund policy for the return of unearned tuition and fees or other refundable portions of costs paid to the school
- a summary of the requirements for the return of *Title IV* funds (R2T4) under [34 CFR 668.22](#) “Treatment of *Title IV* funds when a student withdraws”, including sample consumer information language (see [Volume 5](#))

Accreditation and Licensure

- the names of associations, agencies, or governmental bodies that accredit, approve, or license the school and its programs
- the procedures by which documents describing that activity may be reviewed—the school must make available for review, upon request of any enrolled or prospective student, a copy of the documents describing the school’s accreditation and its state, federal, or tribal approval or licensing
- contact information for filing complaints with its accreditor, its state approval or licensing entity, and any other state official or agency that would appropriately handle student complaints

Arbitration Agreements and Class Action Waivers as a Condition of Enrollment

Following the July 1, 2023 effective date of the [Final Rule published November 1, 2022](#), institutions may not enter into or seek to rely upon a pre-dispute agreement to arbitrate any element of a borrower defense claim with a student who obtained or benefitted from a Federal Direct Loan.

A school that previously required students receiving *Title IV* aid to agree to a pre-dispute arbitration agreement and/or a class action waiver as a condition of enrollment may no longer enforce such an agreement. They must either amend pre-existing agreements, or provide written notice to applicable students using language specified in [34 CFR 685.300\(f\)\(3\)\(iii\)\(A\)](#) or [\(B\)](#) respectively, that it will no longer enforce pre-existing pre-dispute arbitration agreements requiring arbitration or forbidding class action lawsuits.

For additional information on requirements under the new Final Rule, see [Dear Colleague Letter GEN-23-10](#).

Borrower Defense to Repayment

[34 CFR 685.206\(e\)](#)

Definitions

Class action—A lawsuit or an arbitration proceeding in which one or more parties seeks class treatment pursuant to Federal Rule of Civil Procedure 23 or any State process analogous to Federal Rule of Civil Procedure 23.

Class action waiver—Any agreement or part of an agreement, regardless of its form or structure, between a school, or a party acting on behalf of a school, and a student that relates to the making of a Direct Loan or the provision of educational services for which the student received *Title IV* funding and prevents an individual from filing or participating in a class action that pertains to those services.

Disability—The services and facilities available to students with disabilities, including intellectual disabilities (see [Volume 1](#) for a definition).

***Title IV* eligibility for study abroad**—A statement that a student’s enrollment in a program of study abroad approved for credit by the home institution may be considered enrollment at the home institution for the purpose of applying for assistance under *Title IV* programs.

Pre-dispute arbitration agreement—Any agreement or part of an agreement, regardless of its form or structure, between a school, or a party acting on behalf of a school, and a student requiring arbitration of any future dispute between the parties relating to the making of a Direct Loan or provision of educational services for which the student received *Title IV* funding.

Transfer of Credit Policies

- any established criteria the school uses regarding the transfer of credit earned at another institution
- a list of postsecondary schools with which the school has established an articulation agreement, or, if the school has no articulation agreements, a statement to that effect
- written criteria used to evaluate and award credit for prior learning experience including, but not limited to, service in the armed forces, paid or unpaid employment, or other demonstrated competency or learning

The Department strongly recommends that schools make required disclosures widely and publicly available on their website. Consistent with Higher Education Act requirements, schools should take steps to ensure this information is understandable to students and the public and to ensure the information is actionable for students considering transferring into or out of the institution. Schools, systems, and states are encouraged to develop, enhance, and implement articulation agreements that include common course numbering, a general education core curriculum, and utilize management systems regarding course equivalency, transfer of credit, and articulation. Those seeking to maximize the intended benefits of existing articulation agreements should also reevaluate longstanding policies that impede retention and completion of underserved students, such as enrollment and transcript holds for students with unpaid balances.

Contact Information

- the titles of persons designated by the school ([34 CFR 668.44](#)) to provide information to enrolled and prospective students and information regarding how and where those persons may be contacted

Vaccination Policies

- the policies of the school regarding vaccinations

Teach-Out Plan

- if applicable, a notice that the school is required by its accrediting agency to maintain a teach-out plan and the reason for that requirement under [34 CFR 602.24\(c\)\(1\)](#)

Final Judgment Against a School

- a notice when an enforcement action or prosecution is brought against the school by a state or federal law enforcement agency and a final judgment, if rendered, would cause an adverse action by an accrediting agency against the school; revocation of state authorization; or limitation, suspension, or termination of *Title IV* eligibility

Penalties and Institutional Policies on Copyright Infringement

- a statement that explicitly informs students that unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject the students to civil and criminal liabilities
- a summary of the penalties for violation of federal copyright laws (see the sample statement)
- a description of the school's policies with respect to unauthorized peer-to-peer file sharing, including disciplinary actions that are taken against students who engage in illegal downloading or unauthorized distribution of copyrighted materials using the school's information technology system
- the legal alternatives for downloading or otherwise acquiring copyrighted material, based on the school's periodic review described in *Chapter 7* (This information is to be provided through a website or other means. See [DCL 10-08](#) for more information)

Sample Statement of Penalties for Copyright Infringement

A school has the option to use this sample statement to meet the requirement that it disseminate a summary of the penalties for violating federal copyright law. The sample statement and other copyright requirements are included in DCL [GEN 10-08](#). See *Chapter 7* for the requirement to develop copyright policies. [34 CFR 668.43\(a\) \(10\)](#)

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. For more information, please see the website of the U.S. Copyright Office at <https://copyright.gov>

Student Activities

- information, which must be easily accessible on the school's website, about the student activities the school offers

Student Body Diversity

- information about student body diversity, including the percentage of enrolled, full-time students who are (1) male, (2) female, (3) federal Pell grant recipients, and (4) self-identified members of a major racial or ethnic group

Cost of Attendance Elements

To meet requirements under the *FAFSA Simplification Act*, beginning in the 2023-2024 award year, *Title IV*-eligible institutions must post a list of elements of their cost of attendance (COA) to their website and include a clear link to that list on all pages where tuition and fees are mentioned. Changes have been made to how some COA elements are named and determined, such as revising terminology from “room and board” to “food and housing” and specifying that allowances for food services or food purchased off-campus should be equivalent to the cost of three meals per day. For further detail on 2024-2025 changes from the *FAFSA Simplification Act*, see the [FAFSA Simplification Information](#) page, which provides a detailed breakdown of these changes and a Questions and Answers section.

Net Price Calculator

All *Title IV* schools that enroll full-time, first-time degree- or certificate-seeking undergraduate students must have a net price calculator on their website. The net price is the cost of attendance minus the average yearly grant and scholarship aid. The calculator provides estimated net price information to current and prospective students and should be based, as much as possible, on their individual circumstances.

ED’s National Center for Education Statistics has developed a template that schools can use to create their own customized net price calculator, or they can develop their own calculator. If they develop their own, it must include at a minimum the same data elements found in the Department’s calculator template. The [Net Price Calculator Information Center](#) provides the template, FAQs, and other resources for schools to develop their own calculators. See also, [Dear Colleague Letter GEN-13-07](#).

Estimates produced by the net price calculator must be accompanied by a clear and conspicuous disclaimer stating that they may change; that it does not represent a final determination or actual award; and that it is not binding on the Department, the school, or the state. The disclaimer must include a link to the FAFSA website and state that students must complete the FAFSA form to receive an actual *Title IV* financial aid award.

The disclaimer must include a link to the FAFSA website and state that students must complete the FAFSA to receive an actual Title IV financial aid award.

The College Financing Plan

The Financing Plan is a resource to help consumers understand educational costs and the aid available to meet those costs. It is a single page the Department developed that may be used as a stand-alone financial aid offer or as a cover sheet with a school’s existing aid offer. The standard format helps consumers easily compare the cost of attendance and aid offers across schools. Use of the plan is voluntary, though we encourage schools to adopt it for their students. Also, for schools that receive federal funds under the military and veterans educational benefits programs, using the plan helps meet a disclosure requirement of Executive Order 13607 (see the end of *Chapter 3*). For more information, including templates, technical specifications, and FAQs, go to the [College Financing Plan webpage](#). There are separate forms for undergraduate and graduate/professional students.

The Department has also issued some recommendations for schools about their aid offers. See the [October 28, 2021 announcement](#) for an explanation of the following main points:

1. Avoid calling your financial aid offer an “award,” and avoid calling it a “letter.”
2. Always include cost of attendance in a financial aid offer.
3. Break down cost of attendance in ways that help students understand costs.
4. List grants and scholarship aid, loans, and Federal Work-Study separately.
5. Explain and calculate the estimated net cost for students in the financial aid offer.
6. Separate out other options for repaying the net costs.
7. Describe critical next steps in the financial aid offer.

Completion, Graduation, Transfer, Retention, and Placement Rates

Each year a school must determine the completion or graduation rate of its certificate- or degree-seeking, first-time, full-time undergraduate students and report it to the Department via the IPEDS website. If the school's mission includes providing substantial preparation for students to enroll in another eligible school, it must also determine the transfer-out rate of its certificate- or degree-seeking, first-time, full-time undergraduate students.

The annual rates are based on the 12-month period that ended August 31 of the prior year. The rates will track the outcomes for students for whom 150% of the normal time for completion or graduation has elapsed. Normal time is the amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. This is typically four years for a bachelor's degree in a standard term-based institution, two years for an associate degree in a standard term-based institution, and the various scheduled times for certificate programs. (See the IPEDS instructions for further details on calculating the rate.)

A school must make these annual rates available to the public no later than July 1st. With requests from prospective students, the information must be made available prior to them enrolling or entering into any financial obligation with the school.

Waiver of Completion/Graduation Data Calculation

A school does not have to calculate and make available its completion or graduation rate (and, if applicable, transfer-out rate) if it is a member of an athletic association or conference that has voluntarily published completion or graduation rate data or has agreed to publish data and the Department has granted a waiver of the requirements to provide these rates to coaches and guidance counselors.

To receive a waiver, your school or its athletic association or conference must submit a written application to the Department that explains why it believes the data the athletic association or conference publishes are accurate and substantially comparable to the information required by this section.

Even if the waiver is granted, your school must comply with the requirements of [34 CFR 668.41\(d\)\(3\)](#) (upon request, providing its retention rate to a prospective student) and [\(f\)](#) (providing retention rates and completion or graduation rates for prospective student athletes and their parents, high school coach, and guidance counselor).

Waiver of Completion/Graduation Data Calculation

[34 CFR 668.45\(e\)\(1\)](#)

Optional Calculations

In addition to calculating the completion or graduation rate as described, a school may, but is not required to

1. calculate a completion or graduation rate for students who transfer into the school;
2. calculate a completion or graduation rate for students who have left school to serve in the armed forces, on official church missions, or with a foreign aid service of the federal government, such as the Peace Corps, or who are totally and permanently disabled; and
3. calculate a transfer-out rate, even if the school determines that its mission does not include providing substantial preparation for its students to enroll in another eligible school.

Optional Calculations

Reporting Rates to IPEDS

The graduation, completion, and transfer-out rates are reported through the Department’s Integrated Postsecondary Education Data System ([IPEDS website](#)). The IPEDS survey is conducted by the National Center for Education Statistics (NCES). You can also find tutorials, instructions, FAQs, tip sheets, and other information on the website.

Information can only be reported to this system by the school’s designated “keyholder.” Schools may change keyholders any time during the year by contacting the IPEDS Help Desk at 1-877-225-2568 or ipedshelp@rti.org or by contacting

Retention, Placement, and Post-Graduate Study

The school must also provide information on

- its retention rate reported to IPEDS. The information must be made available to prospective students requesting it prior to them enrolling or entering into any financial obligation with the institution. For 4-year institutions, the retention rate is for full-time, first-time bachelor's degree-seeking undergraduates. For all other institutions the retention rate is for first-time, full-time, certificate or degree-seeking undergraduates.
- the placement of, and types of employment obtained by, graduates of the school’s degree or certificate programs. Placement rate information may be gathered from state data systems, alumni or student satisfaction surveys, the school’s placement rate for any program—if it publishes or uses in advertising such a rate—or other relevant sources, such as the National Survey of Student Engagement or the Community College Survey of Student Engagement. Note that the school’s accrediting agency or state may require the school to disclose this information.
- for graduates of the school’s 4-year degree programs, the types of graduate and professional education they enroll in. This information may be gathered from state data systems, alumni or student satisfaction surveys, or other relevant sources.

Campus Crime and Safety Information

Schools have *Title IV* responsibilities related to campus crime. They must: (1) maintain a log that records details about crimes that occur within the schools' "Clery geography;" (2) submit statistics about these crimes to the Department annually; and (3) create an annual security report that contains those statistics as well as relevant policies and other information and distribute that report to current students and employees. Schools must also provide a notice to prospective students and employees of the report's availability, a description of its contents, and an opportunity to request a copy. Similarly, schools that maintain any on-campus student housing facility must also, among other items, maintain a log that records details of fires that occur in that housing, submit statistics about the fires to the Department annually, and create an annual fire safety report containing the statistics and other relevant information and distribute the report to current students and employees. Schools must also provide a notice to prospective students and employees of the report's availability, a description of its contents, and an opportunity to request a copy.

Annual Security Report and Fire Safety Report

[34 CFR 668.41\(e\)](#)

Clery/Campus Security Act

The *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* (Clery Act) has been amended several times, most recently by the *Violence Against Women Reauthorization Act of 2022* (VAWA). Among other provisions, VAWA requires institutions to compile statistics for certain crimes that are reported to campus security authorities or local police agencies, including incidents of sexual assault, domestic violence, dating violence, and stalking. These crime statistics must be reported to the Department through the web-based data collection. Schools must also include certain policies, procedures, and programs pertaining to these crimes in their annual security reports.

See the [Campus Safety and Security website](#) for the campus crime and fire safety statistics for schools. Crime statistics are also on the [College Navigator site](#).

Clery/Campus Security Act

20 U.S.C. 1092(f)
[34 CFR 668.46](#)

Crime Log

Any institution that has a campus police or security department must create, maintain, and make available an easily understood daily crime log. The daily crime log must include the nature, date, time, and general location of each crime that occurs within the institution's Clery geography, and the disposition of the complaint, if known. Entries must be made within two business days of the report of the information, unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

An institution may withhold this information if there is clear and convincing evidence that releasing it would jeopardize an ongoing criminal investigation or safety of the individual, cause the suspect to flee or evade detection, or result in the destruction of evidence. The school must disclose any withheld information once the adverse effect is no longer likely to occur.

An institution is required to make the crime log for the most recent 60-day period open to public inspection during normal business hours.

The school must make any portion of the log older than sixty days available within two business days of a request for public inspection.

Crimes to Be Reported

A school must report to the Department and disclose in its annual security report statistics for the three most recent calendar years the number of each of the following crimes that occurred on or within its Clery geography (see *Definitions Related to Crime Reporting* in this chapter) and that are reported to local police agencies or to a campus security authority:

1. Primary crimes, including criminal homicide (murder, non-negligent manslaughter, and negligent manslaughter); sex offenses (rape, fondling, incest, and statutory rape); robbery; aggravated assault; burglary; motor vehicle theft; arson

2. Arrests and referrals for disciplinary actions, including arrests for liquor law violations, drug law violations, and illegal weapons possession and persons not arrested for one of those offenses but who were referred for campus disciplinary action
3. Hate crimes, including the number of each type of primary crime listed above that is determined to be a hate crime and the number of the following that are determined to be hate crimes: larceny-theft, simple assault, intimidation, destruction/damage/vandalism of property
4. Dating violence, domestic violence, and stalking

Crimes to Be Reported

[34 CFR 668.46\(c\)\(1\)](#)

Bookstores and Safety Reporting

If a school contracts with an entity to provide bookstore services and the bookstore is on campus or if it is in any off-campus building or property owned or controlled by the school, the school must include the bookstore among the locations for which it reports campus crime and safety information.

Reported Crimes Must Be Recorded

A school must include in its crime statistics all crimes listed above occurring on or within its Clery geography that are reported to a campus security authority for the purpose of Clery Act reporting. Clery Act reporting does not require initiating an investigation or disclosing personally identifying information about the victim.

A school may not withhold or remove a reported crime from its crime statistics based on a decision by a court, coroner, jury, prosecutor, or other similar noncampus official. But a school may withhold or remove a reported crime from its statistics in the rare situation where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of the full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore "unfounded." Only sworn or commissioned law enforcement personnel may "unfound" a crime report for these purposes. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not unfound a crime report.

A school must report to the Department and disclose in its annual security report statistics the total number of crime reports that were "unfounded" and subsequently withheld from its crime statistics during each of the three most recent calendar years.

Reported Crimes Must Be Recorded

[34 CFR 668.46\(c\)\(2\)](#)

Fire Log

Any institution that maintains on-campus housing facilities must maintain a fire log. The fire log must be a written and easily understood record of any fire that occurred in an on-campus student housing facility. The log must include the

nature, date, time, and general location of each fire. Fires must be recorded in the log within two business days.

Institutions must make the fire log for the most recent 60-day period open to public inspection and any portion of the log older than 60 days available within two business days of a request for public inspection.

Annual Submission of Campus Security and Fire Safety Statistics

Each year, the Department sends a letter to the school's president or chief executive officer with information on accessing the Campus Safety and Security Survey website surveys.ope.ed.gov/security, where schools submit statistics for the crimes described under "Crimes to be Reported" in this chapter, and for fire safety (see below) for the three most recent calendar years that have available data. The website explains how to tabulate these statistics. The letter contains any changes to the survey, the collection dates for the survey, the name of the person who completed the reporting (the campus safety survey administrator) at the school the previous year, and a new ID and password for completing the survey.

Schools with any on-campus student housing facility must submit annual fire safety statistics to the Department. The report must include statistics on the number and causes of fires, as well as fire-related injuries, death, and property damage for each on-campus student housing facility. The fire safety statistics are due at the same time as the crime statistics.

Distributing the Security and Fire Safety Reports

The two reports can be published together or separately. If published together, the title of the document must clearly state that it contains both the Annual Security Report and the Annual Fire Safety Report. If published separately, each report must contain information on how to directly access the other report.

Definitions Related to Crime Reporting (34 CFR 668.41(a) and 34 CFR 668.46(a))

Business day—Monday through Friday, excluding any day when the school is closed.

Campus—Any building or property owned or controlled by the school within the same reasonably contiguous geographic area and used by the school in direct support of, or in a manner related to, its educational purposes, including residence halls; also, any building or property that is within or reasonably contiguous to the above area that is owned by the school but controlled by another person, is frequently used by students, and supports school purposes (such as a food or other retail vendor).

Campus security authority—

- A campus police department or a campus security department of a school.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department such as an individual who is responsible for monitoring entrance into institutional property.
- Any individual or organization specified in a school's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of a school who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. If such an official is a pastoral or professional counselor (as defined in this section), the official is not considered a campus security when acting as a pastoral or professional counselor.

Clery geography—For the purpose of collecting statistics on the crimes described under Crimes to be reported in this chapter, Clery geography includes buildings and property that are part of the institution's campus, the institution's non-campus buildings and property, and public property within or immediately adjacent to and accessible from the campus. When recording crimes in the crime log, Clery geography includes, in addition to the locations above, areas within the patrol jurisdiction of the campus police or security department.

Dating violence—violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Domestic violence—a felony or misdemeanor crime of violence committed by

- a current or former spouse or intimate partner of the victim,
- a person with whom the victim shares a child in common,
- a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under VAWA], or
- any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Federal Bureau of Investigation's (FBI) Uniform Crime Reporting (UCR) program—A nationwide, cooperative statistical effort in which city, university and college, county, State, Tribal, and federal law enforcement agencies voluntarily report data on crimes brought to their attention.

Hate crime—a crime reported to local police agencies or to a campus security authority that shows evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. In their recording, schools must identify the actual or perceived category of the victim that motivated the crime. The categories are: race, gender, gender identity, religion, sexual orientation, ethnicity, national origin, and disability.

Hierarchy Rule—A requirement in the FBI's UCR program that, for purposes of reporting crimes in that system, when more than one criminal offense was committed during a single incident, only the most serious offense be counted.

Non-campus building or property—any building or property that is owned or controlled by

- a student organization officially recognized by the school or
- any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

On-campus student housing facility—a dormitory or other residential facility for students that is located on a school’s campus.

Pastoral counselor—A person who is associated with a religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

Professional counselor—A person whose official responsibilities include providing mental health counseling to members of the school’s community and who is functioning within the scope of the counselor’s license or certification.

Programs to prevent dating violence, domestic violence, sexual assault, and stalking—Comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that

- are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome; and
- consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

These include both primary prevention and awareness programs aimed at incoming students and new employees, and ongoing prevention and awareness campaigns for current students and employees. See [34 CFR 668.46\(j\)\(2\)](#) for more information.

Public property—All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Referred for campus disciplinary action—The referral of any person to any campus official who initiates a disciplinary action of which a record is kept and which may result in the imposition of a sanction.

Sexual assault—An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s UCR program and included in [34 CFR 668 Subpart D, Appendix A](#).

Stalking—engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional distress. For purposes of this definition –

- **course of conduct** means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
- **reasonable person** means a reasonable person under similar circumstances and with similar identities to the victim.
- **substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Test – regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities.

The Annual Security Report [34 CFR 668.46(b)] must include

1. The crime statistics submitted to the Department (see the discussion under *Annual submission of campus security and fire safety* statistics later in this chapter).
2. A statement of current campus policies regarding procedures for students and others to report criminal actions or other emergencies occurring on campus. This statement must include the institution's policies concerning its response to these reports, including—
 - Policies for making timely warning reports to members of the campus community regarding the occurrence of crimes described in this chapter;
 - Policies for preparing the annual disclosure of crime statistics;
 - A list of the titles of each person or organization to whom students and employees should report criminal offenses for the purpose of making timely warning reports and the annual statistical disclosure; (See the discussion under *Crimes to be reported* later in this chapter for criminal offenses that must be reported); and
 - The policies or procedures that allow victims or witnesses to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.
3. A statement of current policies concerning security of and access to campus facilities, including campus residences, and security considerations used in the maintenance of campus facilities.
4. A statement of current policies concerning campus law enforcement that—
 - Addresses the enforcement authority of security personnel, including their relationship with state and local police agencies, whether those security personnel have the authority to arrest individuals, and any agreements, such as written memoranda of understanding between the institution and such agencies, for the investigation of alleged criminal offenses;
 - Encourages accurate and prompt reporting of all crimes to the campus police and the appropriate police agencies when the victim of a crime elects or is unable to make such a report; and
 - Describes procedures, if any, that encourage pastoral counselors and professional counselors, if and when they deem it appropriate, to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.
5. A description of the type and frequency of programs designed to inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own security and the security of others.
6. A description of programs designed to inform students and employees about the prevention of crimes.
7. A statement of policy concerning the monitoring and recording through local police agencies of criminal activity by students at off-campus locations of student organizations officially recognized by the institution, including student organizations with off-campus housing facilities.
8. A statement of policy regarding the possession, use, and sale of alcoholic beverages and enforcement of state underage drinking laws.
9. A statement of policy regarding the possession, use, and sale of illegal drugs and enforcement of federal and state drug laws.
10. A description of any drug or alcohol abuse education programs, as described in this chapter. For the purpose of meeting this requirement, an institution may cross reference the materials it uses to comply with the requirements later in this chapter.
11. A policy statement about the institution's programs to prevent dating violence, domestic violence, sexual assault, and stalking and about the procedures the institution will follow when these crimes are reported. The statement must include
 - A description of the institution's educational programs and campaigns to promote the awareness of dating violence, domestic violence, sexual assault, and stalking [see [34 CFR 668.46\(j\)](#)];

- Procedures victims should follow if a crime of dating violence, domestic violence, sexual assault, or stalking has occurred, including written information about
 1. The importance of preserving evidence that may help to prove that the alleged criminal offense occurred or to obtain a protection order;
 2. How and to whom the alleged offense should be reported;
 3. Options about the involvement of law enforcement and campus authorities, including notification of the victim's option to: notify those authorities, including on-campus and local police; be assisted by campus authorities in notifying law enforcement authorities; and decline to notify such authorities; and
 4. Where applicable, the rights of victims and the institution's responsibilities for orders of protection, "no-contact" orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the institution.
 - Information about how the institution will protect the confidentiality of victims and others, including how it will
 1. Complete publicly available recordkeeping, including Clery Act reporting and disclosures, without using identifying information about the victim; and
 2. Keep confidential any protective measures for the victim, as long as that confidentiality would not impair the institution's ability to provide those measures.
 - A statement that the institution will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community;
 - A statement that the institution will provide written notification to victims about options for academic, living, transportation, and working situations or protective measures. The institution must make such accommodations if the victim requests them and they are reasonably available, regardless of whether he chooses to report the crime to campus police or local law enforcement;
 - An explanation of the procedures for institutional disciplinary action in cases of these alleged crimes [see [34 CFR 668.46\(k\)](#)]; and
 - A statement that when students or employees report to the school that they have been a victim of dating violence, domestic violence, sexual assault, or stalking, the school will provide them a written explanation of their rights and options.
12. A statement advising the campus community where law enforcement agency information provided by a state under 34 USC 20923, concerning registered sex offenders may be obtained, such as the law enforcement office of the institution, a local law enforcement agency with jurisdiction for the campus, or a computer network address.
13. A description of the school's emergency response and evacuation procedures as discussed under *Emergency response and evacuation* later in this Chapter.
14. A statement of the school's policy regarding missing student notification procedures as described under *Missing student procedures* later in this Chapter.

The Annual Fire Safety Report [[34 CFR 668.49\(b\)](#)] must include

1. The fire statistics submitted to the Department.
2. A description of each on-campus student housing facility fire safety system.
3. The number of fire drills held during the previous calendar year.
4. The institution's policies or rules on portable electrical appliances, smoking, and open flames in a student housing facility.
5. The institution's procedures for student housing evacuation in the case of a fire.
6. The policies regarding fire safety education and training programs provided to the students and employees.

In these policies, the institution must describe the procedures that students and employees should follow in the case of a fire.

7. For purposes of including a fire in the statistics in the annual fire safety report, a list of the titles of each person or organization to which students and employees should report that a fire occurred.
8. Plans for future improvements in fire safety, if determined necessary by the institution.

Distribution to Enrolled Students and Current Employees

By October 1 of each year, a school must distribute to all enrolled students and current employees its annual security and fire safety reports through appropriate publications and mailings including

- direct mailing to each individual through the U.S. Postal Service, campus mail, or electronic mail;
- a publication or publications provided directly to each individual; or
- posting on an Internet or intranet website (see the conditions for Web distribution at the beginning of this chapter).

Availability to Prospective Students and Employees

For each of the reports, the school must provide a notice to prospective students and prospective employees that includes a statement of the report's availability, a description of its contents, and an opportunity to request a copy. A school must provide its annual security report and annual fire safety report, upon request, to a prospective student or prospective employee.

If the school chooses to provide either its annual security report or annual fire safety report to prospective students and prospective employees by posting the disclosure on an Internet website, the school must follow the procedures for Web dissemination described earlier.

Missing Student Procedures

A school that provides on-campus student housing must establish a missing student notification policy and include a description of the policy in its annual security report to the campus community. The policy must

- include a list of titles of the persons or organizations to which students, employees, or other individuals should report that a student has been missing for 24 hours;
- require that any missing student report be referred immediately to the school's police or campus security department (if the school doesn't have such a department, it must refer the report to the local law enforcement agency that has jurisdiction in the area);
- include an option for each student to identify a contact person or persons whom the school shall notify within 24 hours of a determination (by the school's police or campus security department or the local law enforcement agency) that the student is missing.
- advise students that their contact information will be registered confidentially, that this information will be accessible only to authorized campus officials, and that it may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation;
- advise students that if they are under 18 years of age and not emancipated, the school must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student; and
- advise students that the school will notify the local law enforcement agency within 24 hours of the determination that the student is missing unless the local law enforcement agency was the entity that made the determination that the student is missing.

When a student who resides in an on-campus student housing facility is determined to have been missing for 24 hours, the school must notify within 24 hours

- the contact person (if the student has designated one), and
- the student's custodial parent or guardian (if the student is less than 18 years old and is not emancipated).

In all cases, the school must inform the local law enforcement agency that has jurisdiction in the area within 24 hours that the student is missing.

The requirements for a school to establish missing student procedures do not provide a private right of action to any person to enforce a provision of the subsection or create a cause of action against any institution of higher education or any employee of the institution for any civil liability.

Missing Student Procedures

HEA section 485(j)
[34 CFR 668.46\(h\)](#)

Emergency Response and Evacuation Procedures

A school must develop emergency response and evacuation procedures and include a description of its procedures in its annual security report to the campus community.

A school must develop procedures to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

Emergency Response and Evacuation

[34 CFR 668.46\(g\)](#)

At a minimum, schools must have procedures to

- confirm that a significant emergency or dangerous situation (as described above) exists;
- determine the appropriate segment or segments of the campus community to receive a notification, the content of the notification, and to initiate the notification system;
- disseminate emergency information to the larger community; and
- test the emergency response and evacuation procedures on at least an annual basis, including announced or unannounced tests.

The school must publicize its emergency response and evacuation procedures in conjunction with at least one test per calendar year. The school must document each test with a description of the exercise, stating the date and time, and indicating whether it was announced or unannounced. Tests are defined as regularly scheduled drills, exercises, and appropriate follow-through activities designed for assessment and evaluation of emergency plans and capabilities.

The school must compile a list of the titles of those persons or organizations responsible for determining whether an emergency or dangerous situation exists and who are authorized to initiate the notification process and include this information in the annual report.

In an emergency or a dangerous situation, a school must, without delay and accounting for the safety of the community,

determine the content of the notification and initiate the notification system unless issuing a notification will, in the judgment of responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

Timely Warning and Emergency Notification

A school must, in a manner that is timely and that withholds as confidential the names and other identifying information of victims, and that will aid in the prevention of similar crimes, report to the campus community on crimes that are

- included in its campus crime statistics (see the section *Crimes to be Reported* in this chapter), or
- reported to local police agencies or to campus security authorities (as identified under the school's statement of current campus policies), and
- considered by the school to represent a threat to students and employees.

A school is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.

If there is an immediate threat to the health or safety of students or employees occurring on campus, a school must follow its emergency notification procedures. A school that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the school must provide adequate follow-up information to the community as needed.

Timely Warning and Emergency Notification

[34 CFR 668.46\(e\)](#)

Drug and Alcohol Abuse Prevention

A school that participates in the *Title IV* programs must provide to its students, faculty, and employees information to prevent drug and alcohol abuse, and it must also have a drug and alcohol prevention program, as discussed later.

In addition, a school that participates in the Campus-Based Programs must have a drug-free awareness program for its employees that includes a notice to them of unlawful activities and the actions the school will take against an employee who violates these prohibitions.

Information to be Included in Drug Prevention Materials for Students and Employees

A school must provide the following in its materials:

- Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of drugs and alcohol by students and employees on the school's property or as part of the school's activities
- A description of the legal sanctions under local, state, and federal law for unlawful possession, or distribution of illicit drugs and alcohol
- A description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs available to students and employees
- A description of the health risks associated with the use of illicit drugs and alcohol
- A clear statement that the school will impose disciplinary sanctions on students and employees for violations of the standards of conduct (consistent with local, state, and federal law) and a description of these sanctions, up to and including expulsion, termination of employment, and referral for prosecution

Pursuant to the *FAFSA Simplification Act*, the Department published [Dear Colleague Letter \(GEN-21-04\)](#) on June 11, 2021. This letter discussed, among other things, the early implementation of the provision that removed the suspension of eligibility for *Title IV* aid for drug-related convictions that occurred while receiving *Title IV* aid of federal aid recipients. Note that this is not related to the information listed above that schools must include in their drug prevention materials. As it relates to federal *Title IV* aid programs, schools are not required to provide information and written notice to their student and employee population regarding the penalties associated with drug-related offenses and the impacts on *Title IV* aid eligibility. The [Federal Register Notice](#) announcing early implementation was posted on June 17, 2021.

Notice of Penalties

HEA section 485(k)

Distribution of Materials to All Students and Employees

The school may include this information in publications such as student or employee handbooks, provided that these publications are distributed to each student and employee. Merely making drug prevention materials available to those who wish to take them is not sufficient. The school must use a method that will reach every student and employee, such as the method used to distribute grade reports or paychecks.

The school must distribute these materials annually. If new students enroll or new employees are hired after the initial distribution for the year, the school must make sure that they also receive the materials.

Drug and Alcohol Abuse Prevention Program

Every participating school must certify that on the date it signs the Program Participation Agreement it has a drug and alcohol abuse prevention program in operation that is accessible to any officer, employee, or student at the school. The program adopted by the school must include an annual distribution to all students, faculty, and staff of information concerning drug and alcohol abuse and the school's prevention program.

Failure to Have a Prevention Program

[34 CFR 86.301](#)

A school must review its program once every two years to determine its effectiveness and implement changes to the program if they are needed, and to ensure that its disciplinary sanctions are being consistently enforced. As a part of this

biennial review, the school may, among other things, determine

- the number of drug and alcohol-related violations and fatalities that occur on a school's campus or as part of any of the school's activities and that are reported to campus officials; and
- the number and type of sanctions that are imposed by the school as a result of drug and alcohol-related violations and fatalities on the school's campus or as part of any of the school's activities.

The school must make available upon request from the Department and public the results of the review as well as the data and methods supporting its conclusions. It also important to note that schools must retain records related to their Drug and Alcohol Abuse Prevention Program for three years after the fiscal year it was created. If any litigation, claim, negotiation, audit, review, or other action involving the records has been started before expiration of the three-year period, the school shall retain the records until completion of the action and resolution of all issues that arise from it, or until the end of the regular three-year period, whichever is later.

The effectiveness of a school's prevention program may be measured by tracking the number of drug- and alcohol-related disciplinary actions, treatment referrals, and incidents recorded by campus police or other law enforcement officials. You may also find it useful to track the number of students or employees attending self-help or other counseling groups related to alcohol or drug abuse and to survey student, faculty, and employee attitudes and perceptions about the drug and alcohol problem on campus.

If a school does not certify that it has a prevention program or fails to carry out a prevention program, the Department may terminate any or all forms of federal financial aid to the school and may require it to repay any or all federal financial aid that it received while not in compliance.

Additional Sources of Information

Schools that are developing prevention programs should consult the Substance Abuse & Mental Health Services Administration (SAMHSA), in particular the [Drug-Free Workplace webpage](#) and helpline (1-800- 967-5752). These provide information about workplace programs and drug testing. SAMHSA is a division of the U.S. Department of Health & Human Services and also provides a treatment and referral hotline 1-800-WORKPLACE (1-800-967-5752) as well as [publications on drug abuse and prevention](#), among other topics.

Drug-Free Workplace requirements for Campus-Based schools

Because schools apply for and receive their Campus-Based allocation directly from the Department, they are considered to be federal grant recipients and as such are required to make a continuing, good faith effort, on a continuing basis, to maintain a drug-free workplace. The steps a school must take include

- establishing a drug-free awareness program to provide information to employees,
- distributing a notice to employees of prohibited unlawful activities and the school's planned actions against an employee who violates these prohibitions, and
- notifying the Department and taking appropriate action when it learns of an employee's conviction under any criminal drug statute.

A school's administrative cost allowance may be used to help defray related expenses, such as the cost of printing informational materials given to employees. The administrative cost allowance is discussed in *Volume 6*.

The drug-free workplace requirements apply to all offices and departments of a school that receives Campus-Based funds. Organizations that contract with the school are considered subgrantees not subject to the requirements of the Drug-Free Workplace Act.

Government-Wide Requirements for Drug-Free Workplace

Information About Athletics

The *Equity in Athletics Disclosure Act* Report

The *Equity in Athletics Disclosure Act* (EADA) requires a school that has an intercollegiate athletic program to make prospective students aware of its commitment to provide equitable athletic opportunities for its male and female students. As part of this requirement, each fall schools must report information to the Department and make it available to students, prospective students, and the public in easily accessible places. The annual report, officially called *The Report on Athletic Program Participation Rates and Financial Support Data* and commonly referred to as the EADA Report, must include information on

- the number of male and female full-time undergraduate students that attended the school (undergraduate students are those who are consistently designated as such by the school),
- the total amount and ratio of athletically related student aid awarded to male athletes compared to female athletes,
- the expenses incurred by the school for men's and women's sports,
- total annual revenues for men's or women's sports,
- the annual school salary of non-volunteer head coaches and assistant coaches for men's and women's teams, and
- for each varsity team in intercollegiate competition, the number and gender of participants and coaches, operating expenses, etc.

Equity in Athletics Disclosure Act (EADA)

HEA Section 485(e) and (g)

20 USC 1092

[34 CFR 668.41\(g\)](#)

[34 CFR 668.47](#) (Report on athletic program participation rates and financial support data)

[34 CFR 668.48](#) (Report on completion or graduation rates for student-athletes)

A school must publish its EADA report by October 15 and make it available upon request to students, prospective students, and the public. For example, a school may make hard copies of the report available in intercollegiate athletic offices, admissions offices, or libraries, or by providing a copy to all students in their electronic mailbox.

A school must provide the report promptly to anyone who requests the information. For example, a school may not refuse to provide a copy of the report to the news media, and the school may not require an individual requesting the information to come to the school to view the report. A school may not charge a fee for the information.

A school must submit its equity in athletics report to the Department via the EADA survey website annually within 15 days of making it available to students, prospective students, and the public. Note that a password and user ID are required for use of this website. They are sent by the Department to the chief administrator at the school. For help with this site, contact eadahelp@westat.com. The Department posts the [EADA reports for participating schools](#) online.

For specific categories and reporting rules, please see the EADA User's Guide for the online survey. Please reference 34 CFR 668.47(c) for specific information that must be included in the report.

Completion and Graduation Rates for Student Athletes

As part of their EADA disclosures, schools that offer athletically related student aid must produce an annual report that includes the following:

- The number of students, categorized by race and gender, who attended the school in the year prior to the submission of the report.
- The number of the students above who received athletically related student aid, categorized by race and gender within each sport.
- The completion or graduation rate and, if applicable, transfer- out rate of all the entering, certificate- or degree-seeking, full- time, undergraduate students described in [34 CFR 668.45\(a\)\(1\)](#), categorized by race and gender.
- The completion or graduation rate and, if applicable, transfer- out rate of the entering students described in [34 CFR 668.45\(a\)\(1\)](#) who received athletically related student aid, categorized by race and gender within each sport.
- The average completion or graduation rate and, if applicable, transfer-out rate for the four most recent completing or graduating classes of entering students described in [34 CFR 668.45\(a\)\(1\)](#), [\(3\)](#), and [\(4\)](#), categorized by race and gender. If a school has rates for fewer than four of those classes, it must disclose the rates it has.
- The average completion or graduation rate and, if applicable, transfer-out rate of the four most recent completing or graduating classes of entering students described in [34 CFR 668.45 \(a\)\(1\)](#) who received athletically related student aid, categorized by race and gender within each sport. If a school has rates for fewer than four of those classes, it must disclose the rates it has.

A school must provide this report to prospective student athletes, their parents, high school coaches, and guidance counselors. A school does not have to provide the report to the high school coach and guidance counselor if

- the institution is a member of a national collegiate athletic association,
- the association compiles data on behalf of its member institutions, which the Department determines are substantially comparable to those required by [34 CFR 668.48\(a\)](#), and
- the association distributes the compilation to all secondary schools in the United States.

Exception to Providing Completion/Graduation Rates for Student Athletes

[34 CFR 668.41\(f\)\(1\)\(ii\)](#)

The definition of athletically related student aid used here is the same definition that is also used for the EADA disclosure requirements. The definitions of certificate- or degree-seeking students, first-time undergraduate students, undergraduate students, and normal time are the same as those used for the calculation of completion or graduation and transfer-out rates for a school's general student body cohort.

Undergraduate students—For purposes of [34 CFR 668.45](#) and [34 CFR 668.48](#) (completion and graduation rates for students and student athletes) only, means students enrolled in a bachelor's degree program, an associate degree program, or a vocational or technical program below the baccalaureate. [34 CFR 668.41\(a\)](#)

Certificate or degree-seeking student—one enrolled in a course of credit and recognized by the school as seeking a degree or certificate.

Textbook Information

To the maximum extent practicable, a school must post verified textbook pricing information for both required and recommended materials for all classes (i.e., not just the school's online classes) on the schedule that the school has posted online.

This pricing information must include the International Standard Book Number (ISBN) and retail price for all required and recommended textbooks and supplemental materials for each course listed in the institution's course schedule used for

preregistration and registration. If the ISBN is not available, the pricing information must include the publisher and copyright date, as well as the title and author. If the school determines that disclosure of this pricing information is not practicable, it may substitute the designation “To Be Determined (TBD)” in lieu of the required pricing information.

If applicable, the school must include on its written course schedule a reference to the textbook information available on its Internet schedule and the Internet address for that schedule.

Schools are encouraged to provide information on renting textbooks, purchasing used textbooks, textbook buy-back programs, and alternative content delivery programs.

A school must provide the following information to its bookstore if the bookstore requests it:

- the school’s course schedule for the subsequent academic period; and
- for each course or class offered, the information it must include on its Internet course schedule for required and recommended textbooks and supplemental material, the number of students enrolled, and the maximum student enrollment.

The statutory requirement about textbook disclosures was described in DCL [GEN-08-12](#). Further guidance was given in [GEN-10-09](#). Also note that the law requires textbook publishers to provide information to faculty about pricing, copyright dates of previous editions, content revisions, alternate formats, etc.

Financial Literacy and At-Risk Students

You should provide borrowers with counseling at various stages of enrollment, interactive tools to manage debt, repayment options, school contact information, and information about the income potential of occupations relevant to their course of study. You can give this information through a variety of media such as face-to-face counseling, classes, publications, e-tutorials, e-mailed newsletters, and supplements to financial aid offers. You can offer a financial literacy course on a credit or non-credit basis as long as receiving a loan is not contingent upon taking the course.

In addition, the Financial Literacy and Education Commission, which includes the Departments of Education and the Treasury among other federal agencies, has published a report, *Best Practices for Financial Literacy and Education at Institutions of Higher Education*, which schools may find helpful with their financial literacy counseling.

You should identify and provide special counseling for at-risk students, such as those who withdraw prematurely from their educational programs, who do not meet SAP standards, or both.

Private Education Loans

A private education loan is a non-federal loan that is made to a borrower expressly for postsecondary education expenses, regardless of whether the loan is provided through the educational institution that the student attends or directly to the borrower from the private educational lender. (See the following definition of private education loan for exclusions.)

Loans made under *Title VII* and *Title VIII* of the *Public Health Service Act*, which are administered by the [Health Resources and Services Administration](#), are considered to be private education loans. These include Health Professions Student Loans, Primary Care Loans, Loans for Disadvantaged Students, and Nursing Student Loans.

If a private education loan is part of a preferred lender arrangement, it is subject to the rules for those arrangements (described later in this section).

Note: [Electronic Announcement – GENERAL-22-12](#) clarified that income share agreements (ISAs) used to finance expenses for postsecondary education are private education loans under [34 CFR 601.2\(b\)](#).

Private Education Loans

Disclosures Required for Private Education Loans

A school or institution-affiliated organization that provides information regarding a private education loan from a lender to a prospective borrower must provide the following disclosures, even if it does not participate in a preferred lender arrangement.

The private education loan disclosures must

- provide the prospective borrower with the information required by 15 U.S.C. 1638(e)(1) [[12 CFR 226.47\(a\)](#) in the Federal Reserve System regulations], and
- inform the prospective borrower that she may qualify for FSA loans or other assistance from the *Title IV* programs and that the terms and conditions of an FSA loan may be more favorable than the provisions of private education loans.

The school or affiliate must ensure that information about private education loans is presented in such a manner as to be distinct from information about *Title IV* loans.

The school must, upon the request of the applicant, discuss with her the availability of federal, state, and institutional student financial aid.

Self-Certification Form for Private Education Loans

A lender must obtain a signed, completed [Private Education Loan Applicant Self-Certification](#) from the loan applicant before initiating a private education loan. The applicant may get a copy of the form from the private lender and submit it to your school for completion or confirmation. Your school may also, at its option, provide the information needed to complete the form directly to the lender.

If the loan applicant (the student or parent) requests a copy of the self-certification form from your school, you must provide it. You may post an exact copy of the form on your website for applicants to download, or you may provide them a paper copy directly.

The applicant may also ask, if the student has been enrolled or admitted to your school, that you complete section 2 before providing him the form. You must do that to the extent that you have the information. Section 2 of the form collects the student's cost of attendance (see *Volume 3, Chapter 2*), the other financial assistance (OFA), and the difference between them. The OFA includes, for students who have completed the FAFSA, the amounts of aid that replace the SAI, which you determined according to the rules in *Volume 3, Chapter 3*; it does not include the private education loan(s) that the self-certification form is for.

The self-certification must be printed by the school or lender with black ink on white paper. The typeface, point size, and general presentation of the form may not be changed from the version approved by OMB. The only changes that may be made to the form are:

- Bold type in section headings may be removed, and bold or italic type may be added to the instructions.
- Schools and lenders may use any blank spaces at the top, bottom, or sides of the form for bar coding or other school/lender-specific information. However, such space may not be used to include the student's or parent's Social Security number.

Self-Certification Form

Schools as Private Lenders

Note that if a school solicits, makes, or extends private education loans, it is considered to be a private educational lender subject to the Federal Reserve's regulations on such. When the school is the lender, it must complete and give the self-certification form to the loan applicant and get the signed form back from the applicant before making the private education loan.

In some cases a school may be making more than one private education loan to an applicant. For example, a school may be providing a loan funded by the school (or from donor-directed contributions) and a Public Health Service loan. In such cases, the school can provide one self-certification form to the applicant.

Definitions

Private educational lender—(1) a financial institution, as defined in section 1813 of Title 12 that solicits, makes, or extends private education loans; (2) a federal credit union, as defined in section 1752 of Title 12 that solicits, makes, or extends private education loans; or (3) any other person engaged in the business of soliciting, making, or extending private education loans. 15 USC 1650(a)(7)

Private education loan—As defined in [12 CFR 226.46\(b\)\(5\)](#), a loan provided by a private educational lender that is not a *Title IV* loan and that is issued expressly for postsecondary education expenses to a borrower, regardless of whether the loan is provided through the educational institution that the student attends or directly to the borrower from the private educational lender. A private education loan does not include—

1. An extension of credit under an open-end consumer credit plan, a reverse mortgage transaction, a residential mortgage transaction, or any other loan that is secured by real property or a dwelling; or
2. An extension of credit in which the educational institution is the lender if—
 - i. The term of the extension of credit is 90 days or less; or
 - ii. An interest rate will not be applied to the credit balance and the term of the extension of credit is one year or less, even if the credit is payable in more than four installments.

[34 CFR 601.2\(b\)](#)

Institution-affiliated organization—one that is directly or indirectly related to a covered institution and that recommends, promotes, or endorses education loans for students attending the covered institution or their families. An institution-affiliated organization may include an alumni organization, athletic organization, foundation, or social, academic, or professional organization of a covered institution and does not include any lender with respect to any education loan secured, made, or extended by such lender. [34 CFR 601.2](#)

Preferred Lender Lists

For any year in which the school has a preferred lender arrangement, it will at least annually compile, maintain, and make available for students attending the school and the families of such students a list in print or other medium of the specific lenders for private education loans that the school recommends, promotes, or endorses in accordance with such preferred lender arrangement.

Preferred Lenders

HEA Sec. 153(a)(2)(A)
20 USC 1019a(a)(1)(A)

20 USC 1019b(c)
15 USC 1638(e)(11)
[34 CFR 601.10](#)
[12 CFR 226.47](#)

The school's preferred lender list must fully disclose

- why it participates in a preferred lender arrangement with each lender on the preferred lender list, particularly with respect to terms and conditions or provisions favorable to the borrower; and
- that the students attending the school (or their families) do not have to borrow from a lender on the preferred lender list; and
- when available, the information identified on a model disclosure form to be developed by the Department for each type of education loan that is offered through a preferred lender arrangement to the school's students or their families.

The school is required to

- exercise a duty of care and a duty of loyalty to compile the preferred lender list, without prejudice and for the sole benefit of the school's students and their families; and
- not deny or otherwise impede the borrower's choice of a lender for those borrowers who choose a lender that is not included on the preferred lender list. This requirement is also included in the school's Code of Conduct; see Chapter 3.

The preferred lender list must also prominently disclose the method and criteria used by the school in selecting lenders to ensure that such lenders are selected on the basis of the best interests of the borrowers, including

- payment of origination or other fees on behalf of the borrower,
- highly competitive interest rates or other terms and conditions or provisions of FSA loans or private education loans,
- high-quality servicing for such loans, or
- additional benefits beyond the standard terms and conditions or provisions for such loans.

The preferred lender list must indicate, for each listed lender, whether the lender is or is not an affiliate of each other lender on the preferred lender list. If a lender is an affiliate of another lender on the preferred lender list, the listing must describe the details of this affiliation.

Preferred Lender Disclosures

For each type of private education loan offered under a preferred lender arrangement, a school (or institution-affiliated organization) must disclose

- the maximum amount of *Title IV* funds available to students in an easy-to-understand format,
- the Truth in Lending information [15 USC 1638(e)(11)] for each type of private education loan offered through a preferred lender arrangement to the school's students and their families, and
- when available, the information identified on a model disclosure form to be developed by the Department for each type of education loan that is offered through a preferred lender arrangement to the school's students or their families.

Truth in Lending Act

TILA section 128(e)(1)
15 USC 1638(e)(1)
[12 CFR 226.46](#) through [226.48](#)

The school must disseminate this information on its website and in all informational materials such as publications, mailings, or electronic messages or materials that are distributed to prospective or current students and their families and describe financial aid that is available at an institution of higher education.

Use of Institution and Lender Name

A school or school-affiliated organization that participates in a preferred lender arrangement regarding private education loans must not agree to the lender's use of its name, emblem, mascot, or logo in the marketing of private education loans to students attending the school in any way that implies that the loan is offered or made by the school or its affiliate instead of the lender. This prohibition also applies to other words, pictures, or symbols readily identified with the school or affiliate.

The school or its affiliate must also ensure that the name of the lender is displayed in all information and documentation related to the private education loans described in this section.

Use of School or Lender Name

20 USC 1019a(a)(2)-(a)(3)
[34 CFR 601.12](#)

Definitions

Covered institution—Any institution of higher education, proprietary institution of higher education, postsecondary vocational institution, or institution outside the United States, as these terms are defined in 34 CFR part 600, that receives any federal funding or assistance.

Preferred lender arrangement—An agreement between a lender and a school or an institution-affiliated organization of the school under which the lender provides education loans to the students at the school or their families and that involves the school or its institution-affiliated organization recommending, promoting, or endorsing those loans.

A preferred lender arrangement does not include agreements with respect to loans made under the Direct Loan Program.

For the purpose of this definition, an arrangement does not exist if the private education loan made to a student attending the school is made by the school or by an institution-affiliated organization of the school and the loan is

- funded by the school's or its institution-affiliated organization's own funds;
- funded by donor-directed contributions;
- made under title VII or title VIII of the Public Service Health Act; or
- made under a state-funded financial aid program, if the terms and conditions of the loan include a loan forgiveness option for public service.

Misrepresenting educational program

[34 CFR 668.72](#)

Misrepresenting financial charges

[34 CFR 668.73](#)

Employability of graduates

[34 CFR 668.74](#)

Misrepresentation is defined as a false, erroneous, or misleading statement an eligible institution, one of its representatives, or any ineligible institution, organization, or person with whom the eligible institution has an agreement to provide educational programs, or to provide marketing, advertising, recruiting or admissions services makes directly or indirectly to a student, prospective student or any member of the public, or to a state agency, an accrediting agency, or the Department.

A **misleading statement** includes any statement that has the likelihood or tendency to mislead under the circumstances. A misleading statement may be included in the institution’s marketing materials, website, or any other communication to students or prospective students. Misrepresentation includes any statement that omits information in such a way as to make the statement false, erroneous, or misleading. A statement may still be misleading, even if it is true on its face.

A statement is any communication made in writing, visually, orally, or through other means. This definition applies to statements made by an eligible school, the school’s representatives, or any ineligible institution, organization, or person with whom the eligible institution has an agreement to provide educational programs or those that provide marketing, advertising, recruiting, or admissions services.

Misrepresentation includes the dissemination of a student endorsement or testimonial that a student gives either under duress or because the school required the student to make such an endorsement or testimonial to participate in a program.

A school, one of its representatives, or a related party engages in *substantial misrepresentation* when it misrepresents the nature of its educational program, its financial charges, or the employability of its graduates. Substantial misrepresentation is defined as any misrepresentation, including omission of facts as defined under [668.75](#), on which the person to whom it was made could reasonably be expected to rely, or has reasonably relied, to that person’s detriment. Substantial misrepresentations are prohibited in all forms, including those made in any advertising or promotional materials or in the marketing or sale of courses or programs of instruction offered by the institution. A school is responsible for the harm caused by its misrepresentations, even if such misrepresentations cannot be attributed to institutional intent or knowledge and are the result of inadvertent or innocent mistakes.

[34 CFR 668.72](#) Nature of educational program

Misrepresentation concerning the nature of an eligible institution’s educational program includes but is not limited to false, erroneous, or misleading statements concerning—

1. The particular type(s), specific source(s), nature and extent of its institutional, programmatic, or specialized accreditation;
2. Whether a student may transfer course credits

[34 CFR 668.73](#) Nature of financial charges

Misrepresentation concerning the nature of an eligible institution’s financial charges includes but is not limited to false, erroneous, or misleading statements concerning—

- a. Offers of scholarships to pay all or part of a course charge;
- b. Whether a particular charge is the customary charge at the institution for a course;

- earned at the institution to any other institution;
3. Conditions under which the institution will accept transfer credits earned at another institution;
 4. Whether successful completion of a course of instruction qualifies a student—
 - For acceptance to a labor union or similar organization; or
 - To receive, to apply to take, or to take the examination required to receive, a local, state, or federal license, or a nongovernmental certification required as a precondition for employment, or to perform certain functions in the states in which the educational program is offered, or to meet additional conditions that the institution knows or reasonably should know are generally needed to secure employment in a recognized occupation for which the program is represented to prepare students;
 5. The requirements for successfully completing the course of study or program and the circumstances that would constitute grounds for terminating the student's enrollment;
 6. Whether its courses are recommended or have been the subject of unsolicited testimonials or endorsements by—
 1. Vocational counselors, high schools, colleges, educational organizations, employment agencies, members of a particular industry, students, former students, or others; or
 2. Governmental officials for governmental employment;
 7. Its size, location, facilities, or equipment;
 8. The availability, frequency, and appropriateness of its courses and programs to the employment objectives that it states its programs are designed to meet;
 9. The nature, age, and availability of its training devices or equipment and their appropriateness to the employment objectives that it states its programs and courses are designed to meet;
 10. The number, availability, and qualifications, including the training and experience, of its faculty and other personnel;
 - c. The cost of the program and the institution's refund policy if the student does not complete the program;
 - d. The availability or nature of any financial assistance offered to students, including a student's responsibility to repay any loans, regardless of whether the student is successful in completing the program and obtaining employment; or
 - e. The student's right to reject any particular type of financial aid or other assistance, or whether the student must apply for a particular type of financial aid, such as financing offered by the institution.
- (Authority: 20 U.S.C. 1094)
- ### **34 CFR 668.74 Employability of graduates**
- Misrepresentation regarding the employability of an eligible institution's graduates includes but is not limited to false, erroneous, or misleading statements concerning—
- a. The institution's relationship with any organization, employment agency, or other agency providing authorized training leading directly to employment;
 - b. The institution's plans to maintain a placement service for graduates or otherwise assist its graduates to obtain employment;
 - c. The institution's knowledge about the current or likely future conditions, compensation, or employment opportunities in the industry or occupation for which the students are being prepared;
 - d. Whether employment is being offered by the institution or that a talent hunt or contest is being conducted, including but not limited to the use of phrases such as "Men/women wanted to train for ***,", "Help Wanted," "Employment," or "Business Opportunities";
 - e. Government job market statistics in relation to the potential placement of its graduates; or
 - f. Other requirements that are generally needed to be employed in the fields for which the training is provided, such as requirements related to commercial driving licenses or permits to carry firearms, and failing to disclose factors that would prevent an applicant from

11. The availability of part-time employment or other forms of financial assistance;
12. The nature and availability of any tutorial or specialized instruction, guidance and counseling, or other supplementary assistance it will provide its students before, during or after the completion of a course;
13. The nature or extent of any prerequisites established for enrollment in any course;
14. The subject matter, content of the course of study, or any other fact related to the degree, diploma, certificate of completion, or any similar document that the student is to be, or is, awarded upon completion of the course of study;
15. Whether the academic, professional, or occupational degree that the institution will confer upon completion of the course of study has been authorized by the appropriate state educational agency. This type of misrepresentation includes, in the case of a degree that has not been authorized by the appropriate state educational agency or that requires specialized accreditation, any failure by an eligible institution to disclose these facts in any advertising or promotional materials that reference such degree; or
16. Any matters required to be disclosed to prospective students under [34 CFR 668.42](#) and [34 CFR 668.43](#) of this part.

qualifying for such requirements, such as prior criminal records or preexisting medical conditions.

(Authority: 20 U.S.C. 1094)

Sanctions

If the Department determines that an eligible institution has engaged in substantial misrepresentation, it may

- revoke the school's program participation agreement
- impose limitations on the school's participation in *Title IV* programs
- deny participation applications made on behalf of the school; or
- initiate a proceeding to require the school, whose misrepresentation resulted in a borrower's successful borrower defense to repayment, to pay the Department the amount of the loan to which the defense applies in accordance with [34 CFR 668, subpart G](#)

Foreign Gifts, Contracts, and Ownership

Under the circumstances described below, schools must report to the Department information about foreign ownership or control and about gifts from or contracts with any foreign source that are, singly or in combination, worth \$250,000 or more in a calendar year.

Foreign Gifts and Contracts

HEA Sec. 117
U.S.C. Sec. 1011f

A school (and each campus of a multi-campus school) must report this information if it

- is legally authorized to provide a program beyond the secondary level within a state;
- provides a program that awards a bachelor's degree or a more advanced degree, or provides at least a two-year program acceptable for full credit toward a bachelor's degree;
- is accredited by a nationally recognized accrediting agency; and
- is extended any federal financial aid (directly or indirectly through another entity or person) or receives support from the extension of such aid to any of the school's sub-units.

Schools that are owned or controlled by a foreign source must file two reports per year: one no later than January 31 and the other no later than July 31. Other schools that receive a gift from or enter into a contract with a foreign source that meets the threshold stated above, must file a report no later than January 31 or July 31, whichever is sooner.

Previously schools must use the [online reporting system](#) to report this information. Data that schools report include:

- Whether they are owned or substantially controlled by a foreign source, the identity of the source, the date ownership or control began, and changes resulting from it.
- Gift amounts from a foreign source that, singly or in combination, meet the \$250,000 threshold. This includes restricted gifts.
- Contract amounts (and other terms) with a foreign source that meet the same threshold. This includes restricted contracts.
- The name and address of the foreign source and what type it is: (1) a foreign government, (2) a foreign legal entity, (3) a person who is not a citizen or national of the U.S. or one of its protectorates or territories, or (4) an agent acting on behalf of one of these sources (1-3).
- For restricted or conditional gifts or contracts, a detailed description of the restrictions or conditions. This includes which situations they relate to that are listed in the definition below.

Note that what schools report has changed from what used to be reported on the E-App. See the [June 22, 2020, announcement](#) for more details about the new reporting method and the information that schools will now report. Appendix A of the announcement has an outline of the report, and Appendix B has a list of Q's and A's.

Finally, the report contains an acknowledgement of a failure to comply. The information collected in the report is subject to 18 U.S.C. §1001, which provides that a person may be subject to fines and imprisonment if he knowingly falsifies or conceals a material fact, makes any materially false or fraudulent statement or representation, or makes or uses any document that contains a materially false or fraudulent statement. Also, if a school fails to fulfill the obligations of HEA Section 117, the Secretary of Education may request the Department of Justice to undertake a civil action in federal district court.

[Background information and resources related to HEA Section 117](#) can be found on the U.S. Department of Education website. For technical questions or access issues, email ForeignGiftsAccess@ed.gov.

Anti-lobbying Provisions

Prohibition on use of *Title IV* Funds

Title IV funds may not be used to pay any person for trying to influence a member of Congress, an employee of a member of Congress, or an officer or employee of Congress or any agency.

This prohibition applies to the making of a federal grant or loan, awarding federal contracts, and entering into federal cooperative agreements, as well as to the extension, continuation, renewal, amendment, or modification of a federal contract, grant, loan, or cooperative agreement.

Also, *Title IV* funds may not be used to hire a registered lobbyist or pay any person or entity for securing an earmark. Schools receiving *Title IV* funds will have to certify their compliance with these requirements annually.

A school may not use its administrative cost allowance to pay for its membership in professional associations (such as the National Association of Student Financial Aid Administrators, the National Association of College and University Business Officers, etc.), regardless of whether the association engages in lobbying activities.

Prohibition on use of *Title IV* Funds

20 USC 1011m
[34 CFR Part 82](#)

Definitions

Foreign source—This term comprises

- a foreign government, including an agency of a foreign government;
- a legal entity, governmental or otherwise, created solely under the laws of a foreign state or states;
- an individual who is not a citizen or a national of the United States or a trust territory or protectorate thereof; and
- an agent, including a subsidiary or affiliate of a foreign legal entity, acting on behalf of a foreign source.

Gift—Any gift of money or property.

Contract— Any agreement for the acquisition by purchase, lease, or barter of property or services by the foreign source, for the direct benefit or use of either of the parties.

Restricted or conditional gift or contract—Any endowment, gift, grant, contract, award, present, or property of any kind which includes provisions regarding

- the employment, assignment, or termination of faculty;
- the establishment of departments, centers, research or lecture programs, or new faculty positions;
- the selection or admission of students; or
- the award of grants, loans, scholarships, fellowships, or other forms of financial aid restricted to students of a specified country, religion, sex, ethnic origin, or political opinion.

HEA §117(h)
20 U.S.C. §1011f(h)

Campus-Based Disclosure

If a school that receives more than \$100,000 in Campus-Based funds has used non-federal funds to pay any person for lobbying activities in connection with the Campus-Based Programs, the school must submit a disclosure form (Standard Form LLL) to the Department. The school must update this disclosure at least annually and when changes occur.

The disclosure form must be signed by the chief executive officer (CEO). A school is advised to retain a copy in its files.

The school must require that this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

First Amendment Violations

Reporting Final Court Judgments

Public schools that receive direct grants, including Pell grants, from the Department and that are legally required to abide by the First Amendment to the U.S. Constitution must comply with protections for freedom of speech, association, press, religion, assembly, petition, and academic freedom. The Department will determine that a public institution has not complied with the First Amendment only if there is a final, non-default judgment by a state or federal court that the school or one of its employees, acting in his or her official capacity, violated the First Amendment. A final judgment is one that the school chooses not to appeal or that is not subject to further appeal.

Private schools must comply with their stated policies regarding freedom of speech, including academic freedom. The Department will determine that a private institution has not complied with its stated policies only if there is a final, non-default judgment by a state or federal court that the school or one of its employees, acting on behalf of the school, violated its institutional policy regarding freedom of speech or academic freedom.

Both public and private schools subject to the above judgments must submit to the Department a copy of the court's final, non-default judgment no later than 45 calendar days after the judgment is entered. This requirement became effective November 23, 2020; it applies only to violations of the First Amendment or a school's freedom of speech policy that occur on or after that date and bring a final judgment, as explained above.

Equal Treatment of Religious Student Organizations

Public schools that receive direct grants from the Department cannot deny to any student organization whose stated mission is religious in nature any right, benefit, or privilege that is otherwise afforded to other student organizations at the school because of its beliefs, practices, policies, speech, membership standards, or leadership standards that are informed by sincerely held religious beliefs. Such rights and benefits include but are not limited to full access to the facilities of the school, distribution of student fee funds, and official recognition of the organization by the school. Anyone may report a violation of this requirement to the Department by emailing religiousliberty@ed.gov.

See the [November 25, 2020, Federal Register notice](#) for more information about these First Amendment issues.

Voter Registration

If a participating school is located in a state that requires voter registration prior to election day and/or does not allow registration at the time of voting, then the school must make a good-faith effort to distribute voter registration forms to its students. This requirement was included in the *National Voter Registration Act of 1993* (also known as the “NVRA” or “motor voter law”).

The Department of Justice identified that the requirements of the NVRA apply to 44 states and the District of Columbia. Six states—Idaho, Minnesota, New Hampshire, North Dakota, Wisconsin, and Wyoming— are exempt from the NVRA. Likewise, the territories are not covered by the NVRA (Puerto Rico, Guam, U.S. Virgin Islands, American Samoa).

The school must make the voter registration forms widely available to its students and must individually distribute the forms to its degree- or certificate-seeking (FSA-eligible) students. The school can mail paper copies, or it may send an electronic message to each student with a voter registration form or with an Internet address where the form can be downloaded. The message must be devoted exclusively to voter registration.

In applicable states, schools must request voter registration forms from the state 120 days prior to the state’s deadline for registering to vote. This provision applies to general and special elections for federal office and to the elections of governors and other chief executives within a state. If a school does not receive the forms within 60 days prior to the deadline for registering to vote in the state, it is not liable for failing to meet the requirement during that election year.
