Introduction

The *Free Application for Federal Student Aid* (FAFSA®) is the form used by the U.S. Department of Education to collect information, conduct a “need analysis,” and calculate an applicant’s Expected Family Contribution (EFC). The EFC is used to determine an applicant’s eligibility for federal grants and loans. Other entities, such as states and schools, may use this information to award other types of aid.

The “FAFSA MyStudentData Download” file enables an applicant to download to a computer his or her FAFSA information (but not his or her spouse’s or parents’) in a machine-readable format. The applicant can use the information to make informed decisions about finances, use of assets, etc. For the applicant’s protection, potentially sensitive tax information is not included in the “FAFSA MyStudentData Download” file.

The present document provides the record layout for the two-lined, comma-delimited ASCII version of the “FAFSA MyStudentData Download” file. The first line of the file contains a header row with the field names enclosed in quotes. The second line of the file includes the field values, enclosed in quotes, that correspond with the header row. The table below indicates the field names and valid values, in English and Spanish, for all fields included in the file.

The “FAFSA MyStudentData Download” file includes space for up to 20 three-digit comment codes that are included on the applicant’s *Student Aid Report* (SAR) and *Institutional Student Information Record* (ISIR). In September you can download the comment text from the ISIR Comment Text file located on the Information for Financial Aid Professionals (IFAP) Web site.

Notes:

- In the file you receive, we will enclose the field name and applicant’s response in quotes.
- The English and Spanish valid content is separated in the record layouts by a forward slash (/).
- Spanish characters are written to the file using character set ISO-8859-1. In most cases, how you see a Spanish character presented is how it is written to the file; for example, “Peña” is written to the file with the tilde over the “n.”
- If you open the file in an editor or another application that reads the file, be sure the program reads the ISO-8859-1 characters appropriately.

The “Changes” column describes revisions made to the record layout. We do not call out the question number changes; however, we do describe other field label changes and valid content changes.

Example

Below is an example of an excerpt of the text file created from the My FAFSA option. It is meant only as an example of what the data in the word-wrapped, two-line text file would look like.

“Application Receipt Date:”, “Processed Date:”, “EFC:”, “Comments About Your Information”, “1. Student’s Last Name:”, “2. Student’s First Name:”, “3. Student’s Middle Initial:”, “4. Student’s Permanent Mailing Address:”, “5. Student’s Permanent City:”, “6. Student’s Permanent State:”, “7. Student’s Permanent ZIP Code:”, etc...

“01022020”, “01052020”, “111543”, “006023145926”, “DOE”, “JOHN”, “”, “203 WEST AVENUE”, “DETROIT”, “MI”, “20944”, etc...
