## Overview of Message Classes

This section contains the COD System message classes and EDEExpress message classes for Pell Grant, Teacher Education Assistance for College and Higher Education (TEACH) Grant, and Direct Loan files. All message classes are named from the user perspective.

The first four characters of the message class identify the type of data.

- The two numbers that follow refer to the cycle year.
- The last two characters of the message class identify the data as input (IN) sent to the processor or output (OP) received from the processor.
- Files that are exported from EDEExpress are assigned the letters IN within the message class.
- Files that are imported into EDEExpress are assigned the letters OP within the message class.
