

*The Common Origination and Disbursement Process utilizes one single record across programs for both originations and disbursements. Users utilize a Common Record – one that uses common data elements, definitions, edits, and structure for Grants and Direct Loans. Although the record has the same layout for all programs, not all data elements are required for each transmission. This new record layout relies on a technology called the eXtensible Markup Language, or XML.*

*This section provides examples of some of the COD Receipt and Response Documents. For additional information regarding business rules, please refer to Volume II, Section 1: Implementation Guide. For additional information regarding XML and the Common Record, please refer to Volume I, Section 3: COD Overview of this technical reference.*
