The Legal Reason Why You Must Complete the Application

The law states that if we do not receive a completed application by September 30, you cannot be assured that your school will be allocated funds for any of the Campus-Based Programs. (If you want to request a level of expenditure for the Federal Perkins Loan Program you must submit an application even if you need no new Federal funds.) The regulatory and statutory citations are: Federal Perkins Loan (34 CFR 673.3) (20 U.S.C. 1087bb), FWS (34 CFR 673.3) (42 U.S.C. 2752), FSEOG (34 CFR 673.3) (20 U.S.C. 1070b-3).

The Legal Reason Why You Must Complete the Fiscal Operations Report (FISCOP)

Federal regulations state that if you spent funds in 2004-2005 or have a Federal Perkins Loan Fund, you must submit a Fiscal Operations Report. The regulatory and statutory citations are as follows: Federal Perkins Loan (34 CFR 674.19), FWS (34 CFR 675.19), FSEOG (34 CFR 676.19), (20 U.S.C. 1094).

Fiscal Operations Report and Application to Participate (The FISAP)

What is the FISAP?

The FISAP on the Web contains the Application to Participate in the three Campus-Based Programs (Federal Perkins Loan, Federal Supplemental Educational Opportunity Grant (FSEOG), and Federal Work-Study (FWS)) for the award year July 1, 2006 through June 30, 2007, and the Fiscal Operations Report for program participation during the award year July 1, 2004 through June 30, 2005.

What do these programs provide?

The Federal Perkins Loan Program provides low-interest loans to students with financial need who are attending schools of higher education to help pay the costs of their postsecondary education (CFDA #84.038).

Note: CFDA is the acronym for the Catalog of Federal Domestic Assistance which describes all Federal programs.

The FSEOG Program provides grants to students with financial need who are attending schools of higher education to help pay the costs of their postsecondary education (CFDA #84.007).

The FWS Program provides part-time employment to students attending schools of higher education who need the earnings to help pay the costs of their postsecondary education (CFDA #84.033).

What should new applicants do to participate?

If you are a first time participant in the Campus-Based Programs, or you do not possess a current Program Participation Agreement for the Title IV Programs, you must apply for participation from the Department of Education's School Eligibility Channel (SEC). Schools seeking to participate in the Federal student aid programs **must** use the on-line application that is available through the Internet at <http://www.eligcert.ed.gov>. **Your school need not establish its eligibility**

first in order to file this application by the deadline of September 30, 2005. However if you wish to participate in the campus-based programs in the 2006-2007 award year, you must submit the on-line application, along with all supporting documents required to receive an eligibility and certification determination by February 10, 2006.

Will I need to complete the entire FISAP?

Maybe not. To decide what parts must be completed, you must know what your school did last year and what it plans to do next year. The FISAP contains data cells for two separate award years: an Application for funds for 2006-2007 and the Fiscal Operations Report for 2004-2005.

The FISAP is divided into three main parts: Identifying Information, Certifications and Warning; the Application to Participate; and the Fiscal Operations Report. The table of contents is your guide to instructions for each part of this FISAP.

Use the following table to determine what parts need to be completed:

| For this situation | Complete these Parts |
|--|---|
| You are requesting funds for 2006-2007 | FISAP, Part I: Identifying Information, Certifications and Warning FISAP, Part II: Application to Participate |
| You received funds for 2004-2005 | FISAP, Part I: Identifying Information, Certifications and Warning FISAP, Parts III, IV, V: Fiscal Operations Report |

as applicable, and

FISAP, Part VI:
Program Summary:

In addition:

- If your school is liquidating its Federal Perkins Loan Fund or if your school did not receive a Federal Capital Contribution for the 2004-2005 award year but did make loans from the Fund, you must complete the Identifying Information, Certifications and Warning, and the Perkins Loan Program pages of the Fiscal Operations Report.

My school has additional locations. Can I complete one application to cover funding for all locations?

Yes, you may always submit one application. In fact a school **MUST** submit one application if the following conditions are true:

- The school has one eligibility letter from the Department of Education's School Eligibility Channel (SEC) that covers the school's locations and those locations are not separately eligible, and
- those locations have students who are eligible for assistance under these programs.

You **must** include data for all eligible locations and make funds reasonably available to all eligible students.

Students attending locations not included in the Eligibility Certification and Approval Report (ECAR) are considered by the Department to be attending a non-eligible site. Therefore, these students can not be included in this application or receive aid under these programs.

Schools with separate eligibility letters from the SEC, but under the same administrative control or ownership have the following options:

OPTION A: Each school may complete a separate application. (Any data that you enter in a school's application must not be duplicated in any other school's application); or

OPTION B: These schools may combine to complete one application. You must include in your FISAP the name, address, and OPEID# of each separately eligible school location that is covered by this application. You must also be able to provide this data separately for each location, if required to do so by an audit or program review.

On the bottom of the first page of the Identifying Information screen, you will be asked if you are listing any other separately eligible locations that are included in the application. If you answer yes, you may enter all locations on that screen.

How do I submit my FISAP data?

The Department of Education's FISAP on the Web at www.cbfnisap.ed.gov enables schools to transmit, receive, and report FISAP data. In order to submit your FISAP on the Web, you must have a Personal Identification Number (PIN). The PIN serves as your unique identifier to let you access information in various Department systems about your school. If you do not have a PIN, go to www.pin.ed.gov to apply. You must also have a TG number to submit your FISAP on the web. The TG number is used to identify your school and your access rights to the eCampus-Based system. If you do not have a TG number, go to www.fsawebenroll.ed.gov.

Where do I send the combined certifications with original signatures?

The Department has combined the Drug-Free Workplace, Anti-Lobbying, and Debarment certifications, with the FISAP certification and signature page in Part I, Identifying Information, Certifications and Warning.

It is important that you print your combined certifications and signature pages from the Self-Service option of the FISAP on the Web and mail them with the ORIGINAL SIGNATURE of your Chief Executive Officer or their designee to the following address:

FISAP Administrator
1951 Kidwell Drive, Eighth Floor
Vienna, Virginia 22182

What does the Department of Education do with the information that I submit?

The Department uses the information that you provide in the Application to Participate and the Fiscal Operations Report to determine the amount of funds you will receive for each program. You must provide accurate data. If you do not provide accurate data, you may not get all the funds you are entitled to receive. You must retain accurate and verifiable records for program review and audit purposes.

The Department uses your Fiscal Operations Report data to manage the Perkins Loan Fund portfolio and to monitor expenditures in the Campus-Based Programs.

When is the FISAP due?

The FISAP data must be submitted before midnight EDT on September 30, 2005.

When will I hear from the Department of Education?

The FISAP on the Web offers Real-Time Data Validation. The Validation feature is designed to provide easy and immediate validation of FISAP data. Once you have selected Validate, Validate All, or Submit, you will receive a Validation Worksheet detailing any errors identified on your FISAP. After all edit error messages are corrected or explained, select the "Continue to Submit" button. Your school will then get a submission confirmation that will list the date and time your FISAP was received by the Department. We will also let you know your tentative 2006-2007 award amount(s) by February 1, 2006, and your final award amount(s) by April 1, 2006.

What general instructions should I follow when I complete the FISAP?

We recommend that you read all of the instructions in this package carefully **BEFORE** you begin using the FISAP on the Web.

Use actual figures, except for the items for which we specifically ask you to use estimates.

When we ask for a dollar amount, only use whole dollars. **Do not report cents.** The electronic FISAP system will not accept the submission of cents. Round to the nearest dollar. For example, report \$175 if the actual amount in your records is \$175.49. Report \$176 if the actual amount in your records is \$175.50.

The FISAP on the Web will accept only positive amounts. Most calculations are automatically performed for you. Complete only those items that pertain to your school.

What are important dates in the FISAP award process?

August 1 – the FISAP is available to all participating schools.

September 30 - the final deadline for submission of the FISAP to the Department.

December 15 - all corrections to FISAP data and resolution of edits must be submitted to the Department.

February 1 – all schools must receive tentative award notifications.

April 1 – all eligible schools must receive final award notifications.

Instructions for Part I: Identifying Information, Certifications, and Warning

Who must complete Part I?

All schools must complete Part I. You are required to send the completed combined certifications and signature pages, containing Section A information and the original signature of the Chief Executive Officer in Section B to the address listed on page 4 of this document. You must print out the Identifying Information, Certifications, and Warning signature pages directly from your computer by selecting File/Print from the Self-Service tab, Debarment Form and Signature Page option.

Field-by-field instructions for Part I

Section A. Identifying Information

Field

1a Name and address of school

If your school is a current participant in the Campus-Based Programs, the FISAP on the Web provides the name and address of your school as it is listed in our files. You will need to verify this data for accuracy and make any corrections necessary. You can update school changes by using the Internet at <http://www.eligcert.ed.gov>. The School Eligibility Channel (SEC) will process these actions.

If your school is a **new applicant**, you will need to enter your correct name and address. The name and address entered in field 1a must be that of a school of postsecondary education. The address must be the actual street address of the school. Do not enter the P.O. Box, an administrative entity location, or the address of the corporation that controls the school. To apply for eligibility, follow the instructions provided on page 3.

If the school entered in field 1a is a new

applicant for 2006-2007, but its students

were included in the 2004-2005 application filed last year by another school or location, identify that school's name and address on the FISAP additional information screen and enter a brief explanation.

1b Mailing address

If your school is a current participant in the Campus-Based Programs, the FISAP on the Web provides the name and mailing address of your school as it is listed in our files. You will need to verify this data for accuracy and make any corrections necessary.

If your school is a new applicant, you will need to enter your mailing address if it is different from the address given in field 1a. You may enter a P.O. Box or an administrative entity location. However, if your school uses the services of a private firm in the administration of these programs and reports that fact in field 7, do **not** report them here.

2 OPEID Number

If your school is a current participant in the Campus-Based Programs the FISAP on the Web will automatically provide the OPEID.

If you are a new applicant, the OPEID number will be provided when your eligibility is approved.

3 Type of school

If your school is a current participant in the Campus-Based Programs, the FISAP on the Web provides the type of school that is listed in our files. You will need to verify this data for accuracy and make any corrections necessary.

If your school is applying for Campus-

Based funds for the first time, select the number that best describes your type of school and enter it in the field provided. *Only* proprietary schools must enter a letter for the appropriate subtype.

4 Length/type of longest program

If your school is a current participant in the Campus-Based Programs, the FISAP on the Web will automatically provide the length and type of program. You will need to verify this data for accuracy and make any corrections necessary.

If your school is a new applicant, select the number that best describes your type of school, and enter it in the field provided.

Note: If you are preparing this FISAP on behalf of two or more schools of different type or length of program, for fields 3 and 4 enter the number that represents the highest percentage of the enrolled students entered in Part II, Section D.

5 Additional locations

If your school is a current participant in the Campus-Based Programs, the FISAP on the Web provides the name and address of your additional locations as they are listed in our files. You will need to verify this data for accuracy and make any corrections necessary.

A school which included students at other separately eligible schools must list the name, address, and OPEID# for each of these schools in the space provided.

If the school entered in field 1a is a new applicant for 2006-2007, but its students were included in the 2005-2006 application filed last year by another school, identify that school's name, address, and OPEID Number on the

FISAP additional information screen, and enter a brief explanation.

6 Financial Aid Administrator

When you submit Part I, the Identifying

Information, Certifications and Warning page, you must also provide all of the Financial Aid Administrator information in field 6. The Department will correspond with schools through the FAA e-mail address. The FAA will receive an e-mail when a notification has been posted and be told to access FISAP On The Web to review the notification.

7 Name and address of private financial aid consultant firm, if any

If your school uses the services of a private firm in the administration of these programs, you should also complete field 7. Do **not** include private CPAs or billing and collection agencies.

Section B. Certifications and Warning

8 All appropriate fields must be completed in this section. You are now required to provide only one signature. The Chief Executive Officer (CEO) must sign in field 8 to certify that the school is in compliance with the Drug-Free Workplace, Debarment, and Anti-Lobbying requirements, and that the FISAP data is “true and accurate.” The certifying official must be aware that the information in this FISAP is subject to audit and program review. Providing false or misleading information may result in criminal penalties.

You may print the above form and the Standard Form -LLL “Disclosure Form to Report Lobbying”, by selecting the “Self Service” tab in the FISAP on the Web.

Instructions for Part II: Application to Participate

Who must complete Part II?

To request Campus-Based funds for your school for the 2006-2007 award year, you must complete Part II.

Section A: The amount of funds received by your school is computed by formulas contained in the effective legislation and regulations using the information that you provide in this part of the FISAP. The amount that you request in Section A serves as an upper limit to the amount you receive.

Section B: A school can decide to withdraw from the Federal Perkins Loan Program by indicating the desire to do so and following the approved liquidation procedures.

Section C: A school can request a waiver of the penalty for the underuse of 2004-2005 award year funds.

Field-by-field instructions for Part II

Section A. Request for Funds for the 2006-2007 Award Year

Enter in field 1 your Federal Perkins Loan Level of Expenditure (LOE) request, and in fields 2 through 4 the amount of authorization your school wants to receive for each program. If you do not enter an amount in a field, your school will not get any funds in that category. The amount that you request should represent the maximum amount that your school will accept. Do not request more Federal funds for a program than you expect to use. Unexpended balances from the previous year are an indicator that requests were over-estimated and should be reduced.

Field

1 Federal Perkins Loan Level of Expenditures (LOE)

Enter the amount your school wants to expend from its loan fund to make loans to students and to pay administrative and collection costs.

Schools planning to expend loan fund cash on hand in 2006-2007 but not requesting any new Federal Capital Contribution must complete field 1.

A school that will be making no loans in 2006-2007 but anticipates charging allowable collection costs to its loan fund cash must request an LOE in field 1.

2 Federal Perkins Loan Federal Capital Contribution (FCC)

If your school currently participates in the Federal Perkins Loan Program, enter the amount of Federal funds you need to support your LOE request.

It is suggested that you determine your need for FCC as follows: LOE request in field 1 minus the sum of 2006-2007 projected repayments from borrowers, anticipated cash-on-hand as of June 30, 2006, and your projected Institutional Capital Contribution (ICC). If the result of this calculation is zero or negative, your school may not need to request additional FCC. If your school is requesting Federal Perkins Loan funds for the first time, multiply field 1 by .75 and enter that amount in field 2. If you leave field 2 blank, you will receive no Federal funds. Field 2 must always be less than field 1.

3 FSEOG Federal funds

Enter the amount of Federal dollars your school wants for awards to students and to pay administrative costs.

4 FWS Federal funds

Enter the amount of Federal dollars your school wants for awards to students, expenditures for the Job Location and Development Program (JLD) and to pay administrative costs.

Section B. Federal Perkins Loan Program Liquidation Request

If your school no longer wishes to participate in the Federal Perkins Loan Program, you must notify the Department of your intention to liquidate your portfolio by clicking the “Yes” radio button and following the liquidation procedures. For detailed information on liquidating your Perkins Loan fund, refer to **DearPartnerLetterCB-00-05** on our <http://ifap.ed.gov> website in the ‘Archived Publication’ section. The Federal share of cash-on-hand in the portfolio must be returned to the Department and all outstanding loans must be assigned to the Department or purchased in order to liquidate.

5. Request to liquidate Perkins

If your school wishes to discontinue participation in the Federal Perkins Loan Program click the “Yes” radio button.

Section C. Waiver Request for the Underuse of Funds

If your school has returned more than 10 percent of its Federal Perkins Loan, FSEOG, or FWS allocation for the 2004-2005 award year, your school will automatically receive a reduction of the 2006-2007 allocation for that program in the dollar amount of the 2004-2005 funds returned.

A school may request a waiver of the underuse penalty by clicking the "Yes" radio button in Part II, Section C and providing a written explanation of the circumstances that caused the underuse of its allocation on the FISAP "Additional Information" screen.

All waiver requests must be submitted to the Department by midnight February 10, 2006. Waiver requests received electronically after the February 10 deadline will not be accepted. Each waiver request will be considered by a review panel. Schools will receive their waiver approval or denial decisions by March 15, 2006.

6. Waiver request for the underuse of funds

Indicate that your school wishes to request a waiver of the underuse of funds penalty by clicking the “Yes” radio button.

A note about waivers of the FWS/FSEOG institutional-share requirement:

Schools wanting a waiver of the institutional-share requirement under the FWS Program and/or the FSEOG Program because of their Title III/V eligibility designation are no longer required to check a field on the FISAP in order to request this waiver. Instead, a school is considered to have applied for a waiver for the 2006-2007 award year if the school:

- submits a complete FISAP by the established deadline
- and is designated as Title III/V eligible.

Such schools will receive a notice, addressed to the financial aid administrator, from the Department indicating that they have been granted a waiver of the institutional-share requirement for the FWS and/or FSEOG programs for the 2006-2007 award year. A school that receives this waiver for the 2006-2007 award year has the option to continue providing an institutional share and determining the amount of that share.

If your 2006-2007 FISAP is on behalf of two or more separately eligible school locations but not all of these locations are Title III/V eligible, **you must file a separate FISAP for any locations that are not Title III/V eligible.** Only those locations that are Title III/V eligible will receive a waiver of the institutional-share requirement.

Schools must annually apply for the Title III/V eligibility designation. If you are unsure of your Title III/V eligibility for the 2006-2007 award year, or if you need

to apply for Title III/V eligibility, contact:

Section D. Information on Enrollment

Traditional or non-traditional calendar

If your school has a traditional calendar, select the Traditional radio button and report enrollment in field 7 or field 8. Traditional calendar means that your school has academic terms that are quarters, trimesters or semesters and that the school has only one admission period during each academic term.

If your school has a non-traditional calendar, select the Non-Traditional radio button and report enrollment in fields 9 through 21.

A non-traditional calendar means that your school admits a new group of students monthly or more frequently into a majority of its eligible programs, even if they attend classes on a quarter, trimester, or semester basis. If the students enroll on a quarter, trimester, or semester basis, but the school admits a new group of students in a program in a monthly, bi-monthly, etc. basis, we consider such a calendar to be non-traditional and you must complete fields 9 through 21 instead of field 7 or field 8.

Classify a student as an undergraduate or graduate student according to the instructions for Section F. If a student was enrolled as an undergraduate student during an earlier term in 2004-2005 and a graduate student in a subsequent term in 2004-2005, report the student as a graduate student in Section D.

7&8 Information on enrollment for a school with a traditional calendar

Applicant schools that operate on a traditional academic calendar, or have a majority of their eligible programs operating on a traditional calendar, must enter an unduplicated number of all postsecondary students enrolled (full-time and less than full-time) for the 12-month period ending June 30, 2005.

Field 7 or field 8 must include all postsecondary students enrolled in an undergraduate or graduate/professional class. This includes all students who took at least one class of a course that was:

- a) creditable toward a degree or certificate; or
 - b) listed as an undergraduate or graduate/professional course in the school's catalog; or
 - c) offered as an elective or required course as part of the undergraduate or graduate/professional curriculum; or
 - d) a remedial course required as part of the student's program; or
 - e) otherwise considered to be an undergraduate or graduate/professional course by the school.
- **Do not include students who were exclusively auditing a class or classes.**
 - **The tuition and fees revenue for entry in Section E, field 22, must be for those students reported only in Section D.**

Column a. Report the number of students enrolled in undergraduate classes.

Column b. Report the number of students enrolled in graduate/professional classes.

7 Total number of students, 2004-2005

Report the unduplicated number of students your school enrolled at any

time during the 12-month period July 1, 2004 through June 30, 2005. Count each student only once.

8 Estimated number of students, 2005-2006

If your school has a traditional calendar, and had no enrollment in 2004-2005, but will have enrollment in 2005-2006, report the estimated unduplicated numbers expected to enroll at any time during this 12-month period.

9-21 Information on enrollment for a school with a non-traditional calendar

Complete fields 9-20 if a majority of your school's eligible programs operate on a non-traditional calendar. Note: that field 21 is a self-calculating field.

Non-traditional calendar means that your school admits a new group of students monthly or more frequently into a majority of its eligible programs, even if they attend classes on a quarter, trimester, or semester basis.

Include only postsecondary students who were enrolled in Campus-Based ELIGIBLE educational or instructional programs during any month from July 1, 2004 through June 30, 2005. In column (a) put the number of students who were enrolled the previous month and were still enrolled on the first day of the month listed. In column (b) put the number of new starts. New starts are students who start at any time during the month and include students who were enrolled in the previous year and are re-enrolling at the school after a break in enrollment. Once a student is reported in either field 9(a) or fields 9(b) through 19(b), the student is reported in fields 10(a) through 20(a) for any succeeding months through June 30, 2005 during which he or she was enrolled at the school.

Example: If you had 100 continuing students enrolled as of July 1, 2004 (field 9 (a)) and 50 new students enrolled during the month of July (field 9(b)), and all of them were enrolled as of August 1, 2004, you should show 150 continuing students in field

10 (a). If you also had 75 new students during the month of August (field 10(b)), you would add those to the 150 continuing students for a total of 225 continuing students for September 1, 2004 (field 11(a)), assuming that all 225 students continued to be enrolled as of September 1, 2004.

In each column, field 21 is the sum of fields 9 through 20. The FISAP on the Web automatically calculates the sum of each column. Note that the total you obtain in field 21 column (a) plus field 21 column (b) will be total student-months rather than total number of students.

A school with a non-traditional calendar that completes fields 9 through 21 must only use the undergraduate columns in Sections E and F.

The tuition and fees revenue for entry in Section E, field 22, is only for those students reported in Section D.

Section E. Assessments and Expenditures

22 Total tuition and fees for award year July 1, 2004 through June 30, 2005

NOTE: You must report the tuition and fee revenue for all enrolled students as categorized in Section D. Do not include tuition and fee revenue collected from individuals not meeting the definition of enrolled student found in Section F.

If the student was enrolled as an undergraduate student during an earlier term in 2004-2005 and a graduate student in a subsequent term in 2004-2005, divide the tuition and fees revenue between columns (a) (undergraduate) and (b) (graduate) in proportion to the time spent in each type of class.

To complete these fields, you will need to determine the amount of tuition and fees assessed and subtract from it the amount refunded to students.

“Tuition and fees assessed” means:

- amounts you charged and collected
- amounts you charged but did not collect
- remissions or waivers of costs, even though you did not collect them
- the types of fees included in the cost of attendance as allowed under Part F, Section 472(1) of the Higher Education Act of 1965, as amended, and
- if you charged a total fee for tuition and room and board, do not count the cost of room and board. Allot a reasonable amount to “tuition”.

What to exclude: Exclude any fees that you assess to all students, but that all students are not necessarily required to pay (example: life and medical insurance for students).

What to do with terms/programs that cross award years: If an academic term extended beyond June 30, 2005, but the majority of the term took place in award year 2004-2005, include the tuition and fees assessment for that term in field 22.

If a student paid for a complete program of study and that program occurred in two award years, prorate if possible, the tuition and fees that apply to the award year 2004-2005. If this is not possible, you may include the total tuition and fees assessed in field 22, but you must enter the **total** tuition and fees assessed in the application for each succeeding year to assure consistency.

23 Total Federal Pell Grant expenditures for the 2004-2005 award year

Report the total amount expended against your Federal Pell Grant authorization for the period July 1, 2004 through June 30, 2005. This amount should agree with the final cumulative expenditures through June 30, 2005 as entered in the Grants

Administration Payment System (GAPS).

Any adjustments that you make in GAPS after filing this FISAP should be made to the entry for field 23 in your edit report corrections that you will return later this year.

24 Total expended for state grants and scholarships made to undergraduates for the award year July 1, 2004 to June 30, 2005

Report the amount of state grants and scholarships expended for the award year July 1, 2004 through June 30, 2005 even if your school received the funds after June 30, 2005.

Include the following need-based and non-need-based expenditures:

- state grants
- state scholarships
- tuition equalization

A non-need-based grant exclusively for private colleges, paid by a state to a student to offset their higher tuition rates.

- competitive awards
- instructional grant awards

A grant paid by a state to students who are working and taking courses in related areas.

- LEAP and SLEAP (previously SSIG) awards (Federal share plus match)

Include awards that are from the state where your school is located and awards from other states.

For reporting LEAP and SLEAP awards, the source of the match is immaterial. Total LEAP and SLEAP awards always should be reported.

Do not include:

- Robert C. Byrd Honors Scholarships

Section F. Information on Eligible Aid Applicants for Award Year 2004-2005

Report the number of eligible aid applicants enrolled at your school in award year 2004-2005 who applied for financial aid for that year. Use the following definitions when completing Section F:

Regular student. This is a student who was enrolled at an institution of higher education in 2004-2005 for the purpose of obtaining a degree, certificate, or other recognized educational credential.

Enrolled student. This is a student who meets all of the criteria in the instructions for Section D, fields 7 and 8 or fields 9 through 21. A person is not enrolled if they did not begin attending a class.

Independent student. This is a student who:

1. was born before January 1, 1981 (at least 24 years of age)
2. is working on a degree beyond a bachelors degree;
3. is a married individual;
4. has legal dependents other than a spouse;
5. is an orphan or ward of the court;
6. is a veteran of the Armed Forces of the United States; or
7. is a student for whom a financial aid administrator makes a documented determination of independence by reason of other unusual circumstances.

Undergraduate student without a baccalaureate or first professional degree. This is a regular student who has never earned a baccalaureate degree or first professional degree but who is enrolled in an undergraduate course of study, which usually does not exceed four academic years at an institution of higher

education. This includes students who are enrolled in a four to five year academic program designed to lead to a first degree. A student enrolled in a program of any other length is considered an undergraduate student for only the first four academic years of that program.

Undergraduate student with a baccalaureate or first professional degree.

This is a regular student who has already received a baccalaureate degree or its equivalent or a first professional degree but who is enrolled in an undergraduate course of study at an institution of higher education and meets the criteria specified above.

Graduate/Professional student. This is a regular student who:

- is enrolled in a program or course of study above the baccalaureate level at an institution of higher education or is enrolled in a program leading to a first professional degree;
- has completed the equivalent of at least three years of full-time study at an institution of higher education either prior to entrance into the program or as part of the program; and
- is not receiving Title IV aid as an undergraduate student for the same period of enrollment.

Eligible aid applicant. This is a regular student who:

- was enrolled in an academic or training program eligible for the Campus-Based Programs during award year 2004-2005;
- met citizenship or residency requirements for award year 2004-2005; and
- applied for financial aid for award year 2004-2005, and has an "official" Expected Family Contribution (EFC), calculated by the Central Processing System (CPS).

Any student meeting the above criteria

regardless of the family's ability to contribute to the cost of attendance is to be included in the grid as an eligible aid applicant. You must include students for whom you have no funds to award and students whom you determined did not need funds.

Please Note: If a student was an undergraduate during an earlier term in 2004-2005 and a graduate student in a subsequent term in 2004-2005, report the student as a graduate student in Sections D and F, but in Section E, field 22, divide the tuition and fees revenue between columns a (undergraduate) and b (graduate) in proportion to the time spent in each type of class.

If during 2004-2005 a student was an undergraduate during an earlier term, later received a baccalaureate degree, and was subsequently enrolled in an undergraduate course of study, that student must be reflected in column b if he or she was dependent or column d if he or she was independent.

Categorizing 2004-2005 Eligible Aid Applicants for Entry in Part II, Section F, Fields 25-40

In each field 25 through 39, column a through e, enter all eligible aid applicants. In each column, field 40 is the sum of fields 25 through 39. However, students reported in field 25 **must not** be included in the entries for fields 26 through 39.

Note: You may use the 2004-2005 EDEExpress Software to access the FISAP Eligible Dependent and Eligible Independent Student reports that list your students by income range and enrollment status. This report will list all students who applied for aid whether enrolled at your school or not.

The most efficient way to get FISAP Eligible Dependent and Eligible Independent Student reports of only those students who are enrolled at your school is to print a List – Unpackaged Records report via File | Print | Packaging, then compare this list against your enrollment roster. Delete any pre-existing Packaging records for non-enrolled students by going to File | Delete | Packaging globally. Click on OK and then click Select Records. Go down the list of students, mark the Selected checkbox for students you wish to delete and then click OK.

If you need assistance using the EDEExpress software please contact the CPSWAN Customer Support Center at 1-800-330-5947.

Field 25 Students with an “Automatic” Zero Expected Family Contribution (EFC)

An applicant who meets certain tax filing and income criteria will qualify automatically for an expected family contribution figure of "0". When these criteria are met, the CPS assigns a "0" EFC and does not perform a calculation except for Total Income (TI), Student's Total Income (STI), and FISAP Total Income (FTI). Only these three intermediate values will appear in the FAA information section the Student Aid Report (SAR) or on the Institutional Student Information Record (ISIR).

Not every student with a zero EFC has received an automatic zero EFC. To determine which students have received an automatic zero EFC, check the SAR or ISIR containing the official EFC and data processed by the Central Processing System (CPS). The automatic zero flag will be set to "Y" if the student met the automatic zero EFC criteria. This field will be blank if the student did not meet the automatic zero EFC criteria.

In field 25, count **only** those students whose output documents show a "Y" for the automatic zero calculation.

Fields 26-39

The determining factor for entry of data on an eligible aid applicant in the proper income cell is the income that was used to calculate an EFC for 2004-2005 which was or would have been the basis for awards to that applicant under the Campus-Based Programs.

Because the Federal Needs Analysis Methodology considers the dependent student's base year income, the financial aid administrator must use both the student's and parent's base year income in determining "grid" placement. Income information for

the dependent student comes from a document signed by at least one parent of the student.

Use the FTI, one of the intermediate computed values on the SAR or on the ISIR, to determine proper "grid" placement. For dependent students, the FTI is the sum of TI and STI. For independent students, the FTI will be equal to the TI.

Because the school may need to correct or adjust the student's information and recalculate the EFC, the school needs to reflect the updated information used in the recalculation in completing the grid.

Field 40

In each column, field 40 is the sum of fields 25 through 39. Note that field 40 is a self-calculating field.

Instructions for Part III: Federal Perkins Loan Program Fiscal Operations Report

Who must complete Part III?

You must complete Part III if:

- your school is continuing participation in the Federal Perkins Loan Program; or
- your school is liquidating its Federal Perkins Loan Fund (hereafter known as the "Fund") until the process has been completed; or
- your school did not receive a Federal Capital Contribution for the award year 2004-2005 but did make loans from its Fund.

What will I need to complete Part III?

You will need your Federal Perkins Loan Program Account Ledgers.

Part III, Section A, requests cumulative data. (The account numbers in the Department's accounting reference manual, "The Blue Book," are structured to the elements of your balance sheet instead of the field numbers in Section A.) Section B requests the annual fund activity. Section C requests the cumulative repayment information. Sections D and E contain cohort default rate data. The following information must also be reported in Part III, as applicable:

- Amounts received under the Department of Defense Educational Loan Repayment Program (10 U.S.C. 2172).
- Amounts received from the consolidation of a Federal Perkins Loan.
- Amounts received under subtitle D of Title I of the National Community Service Act of 1990, Subpart D.

Field-by-field instructions for Part III

If your school is liquidating its Fund, or if your school did not receive a Federal Capital Contribution for the 2004-2005 award year but did make loans from its Fund, you must complete the Identifying Information, Certifications and Warning and the Federal Perkins Loan Program sections of the Fiscal Operations Report.

FUND REPAYMENTS ARE DUE IF THERE IS AN ACCUMULATION OF EXCESS LIQUID CAPITAL IN THE FUND OR IF YOUR SCHOOL IS PRESENTLY IN THE PROCESS OF LIQUIDATING THE FUND.

A school has excess liquid capital in its Loan Fund if projected funds available for the 2005-2006 award year (6/30/2005 cash-on-hand, plus projected collections, plus Federal and Institutional Capital Contributions, plus other income) significantly exceed projected 2005-2006 expenditures from the Loan Fund.

The return of excess liquid capital in the Fund requires schools to send payments of \$100,000 or more to the National Finance Center (NFC) via Treasury's Financial Communications System (TFCS), Deposit Message Retrieval System (DMRS), commonly known as FED WIRE. Procedures for the use of this system are contained in "The Blue Book." For amounts that are less than \$100,000, a school may either use FEDWIRE or send a check to the U.S. Department of Education, P.O. Box 952023, St. Louis, MO 63195-2023.

Prior year recoveries

If the school took its entire Federal Perkins Loan administrative cost allowance entitlement or a portion of its entitlement from an FSEOG or FWS allocation in a prior year and the school recovered Federal Perkins Loan funds in 2004-2005 that were issued to students in a prior year, a FISAP adjustment is **no longer** required by the Campus-Based Programs. You need only make

an adjustment if requested by ED's School Eligibility Channel.

Field

1.1 Cash-on-hand and in depository as of 6/30/2005

Column c. Report the total cash you had on hand and in depository on June 30, 2005. **Include reimbursements made by the school to the Fund of interest and principal not paid by the borrower as a result of a repayment incentive discount.**

You may never report this as a negative amount. Expenditures that exceed the amount of cash-on-hand in the Loan Fund must be charged to an Institutional Capital Contribution deposited into the Fund as of June 30, 2005. Schools should repay themselves any "short-term no interest" loans made to the Fund within the award year, without depleting the Fund.

The amount in field 2a must be the same as the entry in field 3 of Part IV and the amount in field 2b must be the same as the entry in field 2 of Part V. **The sum of field 2a plus field 2b may not exceed 25% of your original plus any supplemental FCC allocations for 2004-2005.**

NOTE: Any Federal Perkins FCC transferred to FSEOG or FWS must be entered in GAPS as an expenditure against the program authorization from which the funds were taken (Perkins), not the authorization for the program into which the funds were transferred and used.

3 The unexpended amount of final adjusted authorized Federal Capital Contribution for Award Year 2004-2005 that was not requested from GAPS by June 30, 2005. This amount will be reduced from your total award amount next spring.

Report the unexpended amount of your final adjusted Federal Capital Contribution for the 2004-2005 award year that you did not request from GAPS on or before June 30, 2005. You may not request 2004-2005 Federal Perkins Loan Federal funds from GAPS after June 30, 2005. are more than 10% of your combined 2004-2005 initial plus supplemental allocations. The penalty consists of a reduction in your 2006-2007 Federal Perkins allocation by an amount equal to the total amount that you did not spend in 2004-2005.

The ICC must be at least one third of the net FCC (minus any transfers to FSEOG (2a) and FWS (2b) and/or amounts not drawn down (3)), and must be deposited into the Fund between July 1, 2004, and June 30, 2005. This amount must be deposited into the Loan Fund during every award year regardless of any overmatch situation that a school may have been in during a prior award year.

NOTE: Divide the net FCC by 3 to obtain the minimum ICC amount.

5 Loans advanced to students from the Fund during the 2004-2005 Award Year (minus 2004-2005 award year refunds)

Report the net amount of the loans paid to borrowers from the Fund. Refunds on prior year notes should not be reported here.

6 Administrative cost allowance claimed for the 2004-2005 award year

Section C. Cumulative Repayment Information as of June 30, 2005

Count the number of borrowers and not the number of loans made. In fields 1.1 through 5.4, each borrower is counted only once.

When a borrower has more than one loan and falls into more than one category in Section C, the dollars should be reported in the appropriate fields. The borrower should be reported only once in column b of the field for the loan where the borrower's principal amount outstanding is the greatest. (In column b the sum of fields 1.1, 2, 3, 4, 5.1, 5.2, 5.3, and 5.4 equals field 4, column b of Part III, Section A of the Fiscal Operations Report.)

Instructions for column entries in all applicable fields are as follows:

Column a. Report the amount paid into the Loan Fund to purchase loans.

Column b. Report the unduplicated borrowers for each field as of June 30, 2005.

Column c. Report the total amount lent to borrowers in column b.

school reimbursed the Fund. This entry will be used for liquidation purposes.

Before a school can be considered as having a fully liquidated Perkins Loan portfolio, all loans with a principal amount outstanding remaining at the school must either be assigned to the Department or fully retired, including those being purchased by the school. The information reported here permits ED to make this determination. The Perkins Liquidation Procedures can be found in **Dear Colleague Letter CB-00-05** on our <http://ifap.ed.gov> website in the 'Archived Publication' section.

Report the borrowers who were in their

first grace period. This first grace period has three categories:

- for loans made before October 1, 1980, a grace period of 9 consecutive months, starting from the date the borrower ceased to be at least a half-time student at an institution of postsecondary education;
- for loans made on or after October 1, 1980 but before July 1, 1987, a grace period of 6 consecutive months, starting from the date the borrower ceased to be at least a half-time student at an institution of postsecondary education;

Cohort Default Rate

For the purpose of calculating the cohort default rate:

- A borrower has **entered repayment** the day after the borrower's initial grace period ended or the day the borrower waived the initial grace period. This date does not change if a deferment or a cancellation is granted after the borrower has entered repayment.
- A loan is **in default** if the borrower failed to make an installment payment when it is due or to comply with the other terms of the promissory note, and this situation had existed for at least 240 days for loans with monthly installments or at least 270 days for other loans.
- A loan is **still** considered to be in default if a payment is made by the school, its owner, agency, contractor, employee, or any other entity or individual affiliated with the school, in order to avoid default by the borrower.
- A loan is **not** considered to be in default only if the borrower has made six voluntary consecutive payments, has voluntarily made all payments currently due, repaid the loan in full, rehabilitated or canceled the loan, received a deferment or forbearance on the loan based on a condition that began prior to the loan becoming 240 days past due, received a discharge due to death or permanent and total disability, received a discharge in bankruptcy, received a discharge due to a closed school or repaid in full in accordance with Section 674.33(a) or Section 674.47(h).
- A loan that has been assigned to the Department of Education is still considered

as part of the cohort default rate calculation (unless the loan has been assigned to the Department due to total and permanent disability).

10. Total Federal funds available for 2004-2005 FSEOG

Field 10 equals field 1 plus field 2 plus field 3 plus field 4 plus field 5 plus field 6 minus field 7 minus field 8 minus field 9.

Section C. Funds to FSEOG Recipients

Do not include in either field 11 or 12 any non-Federal funds in excess of the required 25% non-Federal share.

11 Total funds to FSEOG recipients

The amount reported must consist of the required 25% non-Federal and the 75% Federal share unless the school has been granted a waiver.

Field 11 equals the sum of field 12 plus field 13.

12 Non-Federal share of funds to FSEOG recipients

In order for the non-Federal funds to be reported in this field, the recipients of these monies must have also received some Federal funds from the FSEOG Program in the 2004-2005 award year. Field 12 must be 25% of field 11, unless the school had an approved waiver for 2004-2005. **Do not enter any school expenditure in excess of the 25% requirement.**

The school is required to provide the non-Federal share from its own resources which may include school grants and scholarships, tuition or fee waivers, state scholarships, or

foundation or other charitable organization funds. A full discussion of the three methods of making the non-Federal share appears in the Volume 7 of the 2004-2005 Federal Student Financial Aid Handbook.

- a. If some or all of your non-Federal share consisted of a cash outlay by your school, enter the amount contributed.
- b. If some or all of your non-Federal share consisted of one of the other types of school resources listed above, enter the amount designated.

14 Administrative cost allowance claimed

Use Part VI, Section B, Steps 1 and 2, to calculate your administrative cost allowance. In Part VI, Section B, Step 3, report how much administrative cost allowance you claimed in the FSEOG Program. The amount in field 14 must be the same as the amount in Part VI, Section B, field 23(b). This amount could include funds claimed for any or all of these three programs.

15 Federal funds spent for FSEOG

Field 15 equals field 13 plus field 14.

Section E. Use of FSEOG Authorization

Use this section to derive your unexpended (if any) and expended authorization amounts.

16 Expended FSEOG authorization

Field 16 equals field 7 plus field 8 plus field 9 plus field 15 minus field 2 minus field 3 minus field 4 minus field 5 minus field 6.

The amount in field 16 must agree with your final FSEOG expenditures reported in GAPS. It cannot exceed your authorization in field 1.

17 Unexpended FSEOG authorization

Field 17 equals field 1 minus field 16. This amount will ultimately be deducted from your GAPS grantee account.

Any calculation that results in a negative figure will not be accepted for transmission to ED. An excess expenditure must be charged to institutional funds; however, the excess institutional share is **not** entered in this report.

NOTE: A penalty will be assessed against your school's 2006-2007 FSEOG allocation if this amount plus any other amounts you previously returned to ED are greater than 10% of your combined 2004-2005 initial plus supplemental allocations. The penalty consists of a reduction in your 2006-2007 FSEOG allocation by an amount equal to the total amount that you did not spend in 2004-2005.

Information on prior year recoveries for FSEOG and FWS

Prior year recoveries are the Federal share of any monies students have returned to the school for an award year that has already undergone closeout in the Campus-Based system (i.e. awards have already been reduced to FISAP expenditure levels). You are no longer required to report prior year recoveries to the Campus-Based Programs. You need only to make an adjustment to your FISAP if requested by ED's School Eligibility Channel.

Any funds recovered on prior year awards should be refunded to the Department using existing GAPS refund procedures. Refunds should be applied to the award corresponding to the funding year in which the recovered funds were awarded. The refund will result in an increase to the available balance for this award. *The*

award authorization amount will be reduced by this refund amount when the award enters the closeout state in GAPS. You should not draw down the available balance created by the refund.

3 FWS funds transferred to and spent in FSEOG

If you transferred funds from your FWS allocation to your FSEOG Program, enter the amount that you transferred. You must have spent this amount in the FSEOG Program. Any amount you transferred from FWS and did not spend in FSEOG, you must return to FWS. The maximum amount you may transfer from FWS to FSEOG is 25% of the sum of your 2004-2005 FWS original and supplemental allocations. The amount of this field must be the same as the entry in field 2 of Part IV.

NOTE: Any FWS funds transferred to FSEOG must be entered in GAPS as an expenditure against the program authorization from which the funds were taken (FWS), **not** the authorization for the program into which the funds were transferred and used.

If this entry is different from the one in field 7 of your 2003-2004 FWS Report, you must also send to us a revised 2003-2004 FWS Report.

7 2004-2005 funds carried forward to be spent in 2005-2006

Report any amount of your 2004-2005 FWS allocation that was carried forward to be spent in award year 2005-2006. The maximum amount you may carry forward is 10% of the sum of your 2004-2005 original and supplemental FWS allocations.

NOTE: Any FWS funds carried forward or carried back between award years must be entered in GAPS as an expenditure against the FWS authorization for the award year from which the funds were taken but are **not** counted against the authorization for the award year in which the funds were used.

10 Total Federal funds available for 2004-2005 FWS

Field 10 equals field 1 plus field 2 minus field 3 plus field 4 plus field 5 plus field 6 minus field 7 minus field 8 minus field 9.

Section C. Total Compensation for FWS

Use this section to report the total FWS compensation earned in award year 2004-2005, both Federal and institutional shares. This is gross compensation including tax and other withholdings.

11 Total earned compensation for FWS Program

Report in field 11 the FWS total earned compensation (Federal and non-Federal share) for all students for the 2004-2005 award year. This includes the compensation earned by FWS students employed as reading tutors of children, mathematics tutors of children, or in family literacy activities even if the Federal share was above the 75 percent rate. The amount of FWS earned compensation paid to FWS students employed on-campus as reading tutors of children, mathematics tutors of children, or in family literacy activities must be reported in field 11a, and in field 11b if earned off-campus at public or private nonprofit agencies.

- a. Report the earned compensation for on-campus employment.
- b. Report the earned compensation for off-campus employment at public or private

nonprofit agencies, excluding expenditures required to be reported in field 11c.

- c. Report the earned compensation for off-campus employment at public or private nonprofit agencies that were unable to pay the regular non-Federal share and had a Federal share not exceeding 90%.
- d. Report the earned compensation for off-campus employment in the private for-profit sector.

Field 11 equals the sum of fields 11(a) plus 11(b) plus 11(c) plus 11(d).

12 Total institutional share of earned compensation

Report the total institutional share of all earned compensation. The minimum required institutional share varies by type of employment and is the complement of each of the Federal share percentages reflected in field 13. The institutional share includes the amounts contributed by your school, as well as the amounts contributed by any off-campus employer. If the institutional share of student compensation was paid in-kind (examples include tuition waiver, room and board, etc.), you must convert the in-kind compensation to cash value.

Field 12 must equal the difference between fields 11 and 13.

Section D. Funds Spent from Federal Share of FWS

13 Total Federal share of FWS earned compensation

Report in field 13 the Federal share of the FWS total earned compensation paid to all students for the 2004-2005 award year. This includes the Federal share of earned compensation paid to FWS students

employed as reading tutors of children, mathematics tutors of children, or in family literacy activities even if the Federal share

exceeds the 75 percent rate. Further, the Federal share of earned compensation paid to FWS students employed as reading tutors of children, mathematics tutors of children, or in family literacy activities must be reported in field 13b for on-campus employment or off-campus employment at public or private nonprofit agencies.

- a. Report the Federal share of compensation earned at the maximum 75% rate: on-campus employment or off-campus employment at public or private nonprofit agencies.
- b. Report the Federal share of compensation earned at the maximum 100% rate: on-campus employment or off-campus employment at public or private non-profit agencies. Report the Federal share of compensation earned by FWS students employed as reading tutors of children, mathematics tutors of children, or in family literacy activities. Also, report the Federal share of compensation if your school had an approved waiver of the non-Federal share as an eligible Title III/V school.
- c. Report the Federal share of compensation earned at the maximum 90% rate: off-campus employment at public and private nonprofit agencies that are unable to pay the regular non-Federal share. The 90% Federal share is limited to no more than 10% of the students paid under the FWS Program for the 2004-2005 award year. This 10% limit does not include students whose FWS wages have been exempted from the full non-Federal share requirement due to being employed as reading tutors of children, mathematics tutors of children, or in family literacy activities. See the FWS volume (6) of the FSA Handbook for 2004-2005 for more information.
- d. Report the Federal share of compensation earned off-campus in private for-profit sector employment at the maximum Federal share of 50%.

This amount may not exceed 25% of the sum of your 2004-2005 original plus supplemental authorizations.

Field 13 equals the sum of fields 13(a) plus 13(b) plus 13(c) plus 13(d).

14 Administrative cost allowance claimed

Use Part VI, Section B, Steps 1 and 2, to calculate your administrative cost allowance. In Part VI, Section B, Step 3, report how much administrative cost allowance you claimed in the FWS Program. The amount in field 14 must be the same as the amount in Part VI, Section B, field 23(c). This amount could include funds claimed for any or all of these three programs.

15 Federal share of Job Location and Development Program expenditures

Report the Federal share of the amount spent for the Job Location and Development Program. This amount must be the lesser of \$50,000 or 10% of the sum of your 2004-2005 original and supplemental FWS allocations. See the FWS volume (6) of the FSA Handbook for 2004-2005 for more information.

16 Total Federal funds spent for FWS

Field 16 equals the sum of fields 13 through 15.

Section E. Use of FWS Authorization

Use this section to derive your expended and unexpended authorization amounts.

17 Expended FWS authorization

Field 17 equals fields 3 plus 7 plus 8 plus 9 plus 16 minus fields 2 plus 4 plus 5 plus 6. **The amount on field 17 must agree with your final FWS expenditures reported in**

GAPS. It cannot exceed your authorization in field 1.

18 Unexpended FWS authorization

Field 18 equals field 1 minus field 17. **This amount will ultimately be deducted from your GAPS grantee account.**

Any calculation that results in a negative figure will not be accepted for transmission to ED. An excess expenditure must be charged to the school share of earned compensation.

NOTE: A penalty will be assessed against your school's 2006-2007 FWS allocation if this amount plus any other amounts you previously returned to ED are more than 10% of your combined 2004-2005 initial plus supplemental allocations. The penalty consists of a reduction in your 2006-2007 FWS allocation by an amount equal to the total amount that you did not spend in 2004-2005.

Information on prior year recoveries for FWS and FSEOG

Prior year recoveries are the Federal share of any monies students have returned to the school for an award year that has already undergone closeout in the Campus-Based system (i.e. awards have already been reduced to FISAP expenditure levels). You are no longer required to report prior year recoveries to the Campus-Based Programs. You need only make an adjustment to your FISAP if requested by ED's School Eligibility Channel.

Any funds recovered on prior year awards should be refunded to the Department using existing GAPS refund procedures. Refunds should be applied to the award corresponding to the funding year in which the recovered funds were awarded. The refund will result in an increase to the available balance for this award. *The award authorization amount will be reduced by this refund amount when the award enters the closeout state in GAPS.*

You should not draw down the available balance that was created by the refund.

Section F. Information About the Job Location and Development (JLD) Program

19 Total expenditures for the Job Location and Development (JLD) Program

Report the total amount spent (Federal and institutional share) to establish, maintain, or expand the Job Location and Development Program.

20 School expenditures for the JLD Program

Report the total amount of institutional funds spent. If your expenditures for the JLD Program were paid in-kind (examples include staff salaries, related travel, printing and mailing costs, etc.), convert those contributions to their cash value. If you used Federal funds to operate the JLD Program the amount reported on this field must be at least 20% of the amount reported on field 19.

21 Number of students for whom jobs were located or developed

Report the number of students for whom you developed or located jobs through the JLD Program and who had earnings through JLD placement in award year 2004-2005.

22 Total earnings of the students in field 21 above

Report the total amount earned in 2004-2005 by the students entered on field 21. If you do not know their actual wages, report a reasonable estimate.

Section G. Information About FWS Students Employed in Community Service Activities

Section G will be used to determine whether your school met the minimum 7% community service expenditure requirement for the 2004-2005 award year. If your school also received supplemental FWS Federal funds, this section determines whether your school used the supplemental funds only to pay students in community service jobs. The minimum amount that is needed to satisfy these requirements is determined by taking 7% of your original allocation plus any

supplemental FWS allocations minus any amount returned on the Reallocation Form, or 100% of your supplemental allocation, whichever is greater.

The information reported here includes the funds spent to compensate FWS students employed as reading tutors of children or in family literacy activities that qualify as community service employment. To qualify as community service employment, the reading tutoring of children or family literacy activities must have been open and accessible to the community. The service is considered open and accessible if it is publicized to the community and the general public uses the service. A school in and of itself is not considered a community for this purpose.

Note: A school may pay students for a reasonable amount of time spent for training that is directly related to FWS employment and time spent for travel that is directly related to employment in community service activities.

23 Number of students in community service employment

Report the number of students employed in FWS jobs during the 2004-2005 award year that met the definition of community service in the Higher Education Act of 1965, as amended, Part C, Section 441(c).

24 Federal share of community service earned compensation

Enter the Federal share of compensation earned in FWS community service jobs during the 2004-2005 award year.

This amount must not exceed 75% of the total earned compensation for community service (the sum of fields 24 and 25), unless the institutional-share requirements have been waived or an off-campus agency qualified for a 90% Federal share. For example, if the total earned compensation for community service is \$10,000, then field 24 should be \$7,500 ($\$10,000 \times .75$). Field 25 should be \$2,500 ($\$10,000 \times .25$). If the school has an approved waiver of the institutional share, field 24 could be

\$10,000 and field 25 could be \$0. The Federal share of FWS compensation paid to a student must not exceed 75% unless a waiver applied or the student was employed at an off-campus agency that qualified for a 90% Federal share.

25 Non-Federal share of community service earned compensation

Report the non-Federal (school plus off-campus employer) share of compensation earned by the students employed in community service jobs.

Section H. Information About FWS Students Employed as Reading Tutors of Children or Employed in Family Literacy Activities

The information reported here may also be part of the information reported above on community service if the reading tutoring for children or family literacy activities were open and accessible to the community. A service is considered open and accessible if the service is publicized to the community and the general public uses the service.

26 Number of FWS students employed as reading tutors of children or employed in family literacy activities

Report the number of FWS students employed as reading tutors of children or in family literacy activities during the 2004-2005 award year.

The reading tutoring must be provided to preschool-age children or children who are in elementary school. The family literacy activities must be in a family literacy project that provides services to families with preschool-age children or children who are in elementary school. The work must be performed by the FWS student for the school itself, for a Federal, state or local

public agency, or for a private nonprofit organization.

27 Federal share of earned compensation for FWS students employed as reading tutors of children or employed in family

literacy activities

Enter the Federal share of compensation earned by FWS students employed as reading tutors of children or in family literacy activities during the 2004-2005 award year.

The amount may be up to 100% of the compensation earned by an FWS student employed as a reading tutor of children or in family literacy activities. The school did not have to make a request to the Department to use these waivers of the FWS institutional-share requirements. The school has the option of continuing to provide an institutional share and determining the amount of that share.

- a. Report the amount of the Federal share entered in field 27 that was spent on community service employment. To qualify as community service employment, the reading tutoring for children or family literacy activities must have been open and accessible to the community.

This information will be used to determine whether your school, in meeting the 7% community service expenditure requirement, had employed one or more students in at least one reading tutoring project as a reading tutor of children or in a family literacy project performing family literacy activities. Further, this information will be used to support whether your school met one of the requirements for reallocated FWS funds, if requested, by spending at least 5% of your original plus supplemental FWS allocations to pay students employed as reading tutors of children or in family literacy activities

as part of your community service activities.

28 Total earned compensation for FWS students employed as reading tutors of children or employed in family literacy activities

Report the total compensation earned by

FWS students employed as reading tutors of children or in family literacy activities during the 2004-2005 award year.

Section I. Information About FWS Students Employed as Mathematics Tutors of Children

The information reported here may also be part of the information reported above on community service if the mathematics tutoring for children was open and accessible to the community.

29 Number of FWS students employed as mathematics tutors of children

Report the number of FWS students employed as mathematics tutors of children during the 2004-2005 award year. The mathematics tutoring must be provided to students from the elementary through ninth grade levels. The work must be performed by the FWS student for the school itself, for a Federal, state or local public agency, or for a private nonprofit organization.

30 Federal share of earned compensation for FWS students employed as mathematics tutors of children

Enter the Federal share of compensation earned by FWS students employed as mathematics tutors of children during the 2004-2005 award year.

The amount may be up to 100% of the compensation earned by an FWS student employed as a mathematics tutor of children. The school did not have to make a request to the Department to use this waiver of the FWS institutional-share requirements. The school has the option of continuing to provide an institutional share and determining the amount of that share.

31 Total earned compensation for FWS students employed as mathematics tutors of children

Report the total compensation earned by FWS students employed as mathematics tutors of children during the 2004-2005 award year.

Instructions for Part VI: Program Summary for Award Year July 1, 2004 through June 30, 2005

Section A. Distribution of Program Recipients and Expenditures by Type of Student

Who must complete Part VI, Section A?

If you participated in the Federal Perkins Loan, FSEOG, or FWS Program in the 2004-2005 award year, you must complete this section.

What do I need to complete this section?

You will need data from Parts III, IV, and V of this FISAP, and from your school's records.

Field-by-field instructions for Part VI

Report the distribution of aid recipients and the amounts spent during the 2004-2005 award year by taxable and untaxed income level, for undergraduate dependent students (fields 1 through 7), undergraduate independent students (fields 8 through 14) and/or graduate/professional students (field 15). All graduate/professional students must be entered in field 15, columns a, e, and g. Students reported in fields 1 through 15 are **all** students, whether full-time or part-time. Students entered in field 17 are those students from fields 1 through 15 enrolled less than full-time. Students entered in field 18 are those students from fields 1 through 15 with an automatic zero EFC. The entries in column g are an unduplicated count and for most schools are **not** the sum of columns a, c, and e.

The definitions for dependent, independent, undergraduate, and graduate/professional are the same as for Part II, Section F.

Income categories for fields 1 through 14 are determined in the same manner as those income levels used for the eligible aid applicants. (See Part II, Section F).

For students designated as having an automatic zero EFC, placement is determined by the

students' income that would have been used to calculate an Expected Family Contribution for 2004-2005 if the student had not been designated as having an automatic zero EFC. These students should be included in fields 1 through 15.

For Perkins and FWS students: A student who was a recipient in more than one academic category in 2004-2005 (e.g., undergraduate one term and graduate in another dependent in one term and independent in another; or changed from full-time to less than full-time status) should be reported in the category in which they were enrolled during the final term of the 2004-2005 academic year or the final month of the training program for schools with a non-traditional calendar.

For FSEOG students: Since FSEOG recipients can **ONLY** be undergraduate students, report them in the appropriate undergraduate category (dependent or independent by income) regardless of the subsequent work done as graduate students. If the same students received Perkins and/or FWS funds, report the students in the unduplicated recipients column g only once according to the students' status in the final term or month of the 2004-2005 academic year.

Field

1-14 Undergraduate dependent and independent students

Column a. Report the number of undergraduate dependent and independent Federal Perkins Loan Program recipients for each income level in fields 1 through 14.

Column b. Report the amounts lent to borrowers in column a for the income levels in fields 1 through 14.

Column c. Report the number of undergraduate dependent and independent FSEOG recipients for each income level in fields 1 through 14.

In order to be an FSEOG recipient, the

student must have received some Federal funds from the FSEOG Program in the 2004-2005 award year.

Column d. Report the amount provided to FSEOG recipients in column c for each income level in fields 1 through 14. Under the "Individual FSEOG Recipient Basis" and "Fund Specific Basis" methods of providing the non-Federal share, the school must report for each FSEOG recipient the appropriate 25% non-Federal and 75% Federal shares unless the school has been granted a waiver. However, under the "Aggregate Basis" method each FSEOG recipient will not have received the 25% non-Federal share. For the "Aggregate Basis" method, report the amount of non-Federal share for the appropriate income level of the FSEOG recipient who actually received the non-Federal share. (Refer to the **2004-2005 Federal Student Financial Aid Handbook**, FSEOG Volume 6, p.11, for more information on these methods).

Column e. Report the number of undergraduate dependent and independent FWS recipients for each income level in fields 1 through 14.

Column f. Report the amount earned by FWS recipients in column e for each income level in fields 1 through 14.

Column g. Report the unduplicated number of recipients for columns a, c, and e for each field 1 through field 14.

15 Graduate/professional students

Column a. Report the number of graduate/professional recipients in the Federal Perkins Loan Program.

Column b. Report the amount advanced to Federal Perkins Loan graduate/professional recipients in column a.

column e.

Column g. Report the unduplicated number of recipients in columns a and e.

16 Total

The FISAP on the Web will automatically calculate field 16 totals for columns a, b, c, d, e, f, and g.

In column b, the total amount of Federal Perkins Loan funds lent equals Part III, Section B, field 5.

In column d, the total FSEOG amount spent equals Part IV, Section C, field 11.

The total amount of FSEOG funds spent includes expenditures made from these sources:

In column f, the total FWS funds to students equals Part V, Section C, field 11.

The total amount of FWS funds spent includes expenditures made from these sources:

Federal Perkins funds transferred to FWS, and

Non-Federal share.

Column g. Report the total unduplicated number of recipients in columns a, c, and e.

Column f. Report the funds earned by recipients in column e.

Column g. Report the unduplicated number of recipients in columns a, c, and e.

Section B. Calculating the Administrative

Cost Allowance

Who must complete Part VI, Section B?

If you are claiming an administrative cost allowance for the 2004-2005 award year, you must complete this section.

Against what programs may I charge the administrative cost allowance?

You may charge the administrative cost allowance against:

- your Federal Perkins Loan Fund, if you made Federal Perkins Loans to students during the 2004-2005 award year,
- your FSEOG funds, if you made FSEOG awards to students during the 2004-2005 award year, and/or
- your FWS funds, if you provided FWS employment to students during the 2004-2005 award year.

For the Federal Perkins Loan or FWS Programs, you may not charge the administrative cost allowance against a program's funds if your only expenditure in that program was a transfer of funds to another program.

Instructions for Part VI, Section B

(Use these screens as your worksheet.) Follow each field calculation for steps 1 and 2.

Step 3, field 23 - Once the total administrative cost allowance is computed, you may charge this amount at the school's discretion, to available funds under one or more of the Campus-Based Programs. (For the Federal Perkins Loan Program, "available funds" represent cash-on-hand in the Loan Fund.)

Retain a copy of the worksheet for audit and program review purposes.
