

**EXPLANATION OF TENTATIVE FUNDING LEVEL WORKSHEETS
2015-2016 AWARD PERIOD**

Each institution that applied for funds under the Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work-Study (FWS), and/or Federal Perkins Loan (Perkins Loan) programs for the 2015-2016 Award Year receives a tentative funding level which is based on a Base Guarantee and a Fair Share Increase. However, if the amount of unexpended 2013-2014 funds exceeds 10% of the institution's 2013-2014 allocation and no waiver for that unexpended amount was approved, the allocation is reduced by the unexpended amount.

The Campus Based funds are distributed based on availability. The following is an explanation of the institutional worksheet for each program.

COMPUTATION OF BASE GUARANTEES

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

1. An institution that participated in the FSEOG Program in the 1999-2000 award year receives a base guarantee equal to 1) its 1999-2000 base guarantee and 2) its 1999-2000 initial pro rata increase.
2. An institution applying to participate in the FSEOG program for the first or second time receives a base guarantee equal to the greatest of--
 - (A) \$5,000; or
 - (B) 90 percent of the figure derived by taking the Federal share of FSEOG expenditures in 2013-2014 by institutions offering comparable type programs of instruction (See page 4), DIVIDED BY enrolled students in 2013-2014 in those same institutions, MULTIPLIED BY the applicant institution's 2013-2014 enrollment; or
 - (C) 90 percent of its 2014-2015 allocation.
3. An institution that did not participate in the FSEOG Program in the 1999-2000 award year and is not a first or second time participant receives a base guarantee equal to the greater of--
 - (A) \$5,000; or
 - (B) 90 percent of its expenditures from funds authorized for this program for the first year it participated in the FSEOG Program after the 1999-2000-award year.
EXCEPT that if the institution's second year base guarantee was greater than its first year base guarantee, its 2015-2016 base guarantee is equal to 90% of its expenditures for the first year of participation, or 90% of its second year base guarantee, whichever is greater.

FEDERAL WORK-STUDY (FWS)

1. An institution that participated in the FWS Program in the 1999-2000 award year receives a base guarantee equal to: 1) its 1999-2000 base guarantee, 2) its 1999-2000 initial pro rata increase, and 3) if applicable, the additional FWS funds issued from the \$17 million set aside that the institution received in the 1999-2000 award year.
2. An institution applying to participate in the FWS Program for the first or second time receives a base guarantee equal to the greatest of--
 - (A) \$5,000; or
 - (B) 90 percent of the figure derived by taking the Federal share of FWS expenditures in 2013-2014 by institutions offering comparable type programs of instruction (See page 4), DIVIDED BY enrolled students in 2013-2014 in those same institutions, MULTIPLIED BY the applicant institution's 2013-2014 enrollment; or
 - (C) 90 percent of its highest 2014-2015 allocation.
3. An institution that did not participate in the FWS Program in the 1999-2000 award year and is not a first or second time participant receives a base guarantee equal to the greater of--
 - (A) \$5,000 or
 - (B) 90 percent of its expenditures from funds authorized for this program for the first year it participated in the FWS Program after the 1999-2000 award year.

EXCEPT that if the institution's second year base guarantee was greater than its first year base guarantee, its 2015-2016 base guarantee is equal to 90% of its expenditures for the first year of participation, or 90% of its second year base guarantee, whichever is greater.

FEDERAL PERKINS LOAN

1. An institution that participated in the Federal Perkins Loan Program in the 1999-2000 award year receives a base guarantee equal to its 1999-2000 FCC. This amount is the conditional guarantee. It is then multiplied by the institution's cohort default penalty factor for the 1999-2000 award year, and multiplied by a 60.77% reduction factor. The base guarantee that the institution receives for 2015-2016 is the above conditional guarantee multiplied by its 2015-2016 award year cohort default penalty factor. No funding was available to provide pro rata share increases for the 1999-2000 award year.

**EXPLANATION OF TENTATIVE FUNDING LEVEL WORKSHEETS
2015-2016 AWARD PERIOD**

2. An institution applying to participate in the Federal Perkins Loan Program for the first or second time receives a conditional guarantee equal to the greatest of--
 - (A) \$5,000; or
 - (B) 90 percent of the figure derived by taking the Federal Perkins Loan FCC expenditures in 2013-2014 for institutions offering comparable type programs of instruction (See page 4), DIVIDED BY enrolled students in 2013-2014 for those same institutions MULTIPLIED BY the applicant institution's 2013-2014 enrollment; or
 - (C) 90 percent of its 2014-2015 allocation.

3. An institution that did not participate in the 1999-2000 award year and is not a first or second time participant, receives an amount equal to its cohort default penalty multiplied by the greater of--
 - (A) \$5,000; or
 - (B) 100 percent of its expenditures from Federal capital contribution authorized for this program, for the first year it participated in the Federal Perkins Loan Program after the 1999-2000 award year.

EXCEPT that if the institution's second year base guarantee was greater than its first year base guarantee, its 2015-2016 base guarantee is equal to 90% of its second year base guarantee, or 90% of its FCC expenditures for the first year of participation, whichever is greater, multiplied by the cohort default penalty factor.

5. Other Proprietary	37	\$0	50

Averages Computation

An average 2013-2014 expenditure per enrolled student for each program was derived for like type institutions by dividing expenditure data reported for the 2013-2014 Award Year by the corresponding aggregate enrollment for all the institutions of similar type.

A base guarantee equal to 90% of the appropriate computed average for each program multiplied by the applicant institution's 2013-2014 enrollment was used for institutions requesting participation for the first or second year.

If the institution did not have any 2013-2014 enrollments, we used the estimated 2014-2015 enrollment, if the institution is not yet open.
