Pell Grant LEU Dispute Portal Documentation Upload Limitations
Attachment to April 2014 Electronic Announcement

Each file uploaded for a dispute must have a unique name (for example, do not upload two files titled as 'Student Letter.docx').

File size is restricted to a total of **5MB.**

Each file uploaded will be scanned for viruses at the time it is submitted. We will also re-scan files each time there is an update to the virus software.

- If a file is found to be corrupt upon initial upload, a user will receive a message alerting him or her that the file was determined to potentially contain a virus. The file will not be saved, and the user should attempt to correct the file and re-upload it.

- If the file is found to be corrupt upon a retroactive virus scan, the file will remain as part of the submitted documentation for a dispute; however, a user will not be able to download the file to his or her personal computer. Operational outreach will ensue if the dispute is in an open status.
