##### **Unlocking And Resetting COD Web Site Passwords (04/21/06)**

COD would like to remind COD Web site users that Security Administrators (COD Web site User Level 5) are able to unlock and reset passwords for the users (User Level 1-4) they established at their school or organization. However, if the Security Administrator needs his or her password unlocked or reset, the Security Administrator must contact the COD School Relations Center.

In order to unlock users, a Security Administrator should log in to the COD Web site, [www.cod.ed.gov](http://www.cod.ed.gov), and complete the following steps:

- Step 1: From the Welcome to Common Origination & Disbursement Web Site screen, click on the User tab on the blue bar at the top of the screen. The User Search screen displays.
- Step 2: Enter the search criteria for the user and click on the submit button at the bottom of the User Search screen. The Search Results screen displays and lists users that match the search criteria.
- Step 3: On the Search Results screen, select the name of the user that needs to be unlocked. The User Information screen displays.
- Step 4: Click on the Modify button at the bottom of the User Information screen. The Update User Profile screen displays.
- Step 5: The Locked Out box on the Update User Profile screen contains a checkmark. Click on the Locked Out box to remove the checkmark.
- Step 6: If a new temporary password is not needed, skip this item and go to Step 7. If a new temporary password is needed, enter the new temporary password in the New Password field. Then re-enter the new password in the Re-enter New Password field to confirm. The user will need to change this password to one of his or her choosing.

## Reports And Data Requests

This section contains important notices regarding reports and/or data requests. While we encourage you to review this section, note that some schools may not be impacted by the information presented below.

- Pell Data Requests—

Electronic Statement of Account  
Multiple Reporting Record  
Pell POP Report  
Reconciliation Report  
Verification Status Report  
Year-To-Date Record

COD may return COD Edit 609 (Requested/Matching Data Not Found) when a user submits a data request via batch or the COD Web site during a 4 ½ hour period each Monday through Friday night beginning at 10:00 P.M. (ET) and ending at 2:30 A.M. (ET) the next morning. This edit may be returned because the COD System is running its overnight processing/posting during the specified period, and, as a result, some data may not be available for the report. - Pell Year-to-Date (YTD) Records—

The YTD Record can be used to assist a school with its year-end and ongoing reconciliation processes. Schools also use the YTD Record for the purpose of rebuilding a complete student record or Pell Grant database.

  - For rebuilds for the 2005-2006 Award Year, the school can submit the data request via the COD Web site or batch.
  - For rebuilds for the 2004-2005 and earlier award years, the school must contact the COD School Relations Center by e-mail to [CODSupport@acs-inc.com](mailto:CODSupport@acs-inc.com). The school should include "Pell YTD" in the subject line. If a school is unable to e-mail its request, it can contact the COD School Relations Center by phone. [10/03/05 (Updated 10/27/05)]
