Corrected COD Common Record XML Schema Version 3.0a Posted (06/05/08)

During the period June 27-28, 2008, Federal Student Aid will implement COD System functionality that will support the processing of TEACH Grant awards for the 2008-2009 and subsequent award years. In February and March 2008, Federal Student Aid communicated about the implementation of a new version of the COD Common Record Extensible Markup Language (XML) Schema. The new version – 3.0a – of the COD Common Record XML Schema incorporates 1) a new block for TEACH Grant awards and 2) other changes throughout the schema to comply with standards established by the Postsecondary Electronic Standards Council (PESC).

On June 4, 2008, Federal Student Aid superseded the most recent (March 11, 2008) posting of COD Common Record XML Schema Version 3.0a with a corrected posting. For complete information about the correction and the authoritative posting of schema version 3.0a, refer to [“COD Common Record XML Schema Version 3.0a” on the IFAP Web site](#).

As previously explained, Federal Student Aid is phasing in required use of COD Common Record Schema Version 3.0a after its implementation scheduled for June 28, 2008.

- Use of schema version 3.0a for the 2008-2009 Award Year will be required only for Common Record documents that contain TEACH Grant origination and disbursement information.
- Use of schema version 3.0a for all Common Record documents will be required beginning with the 2009-2010 Award Year.

TEACH Grant Operational Implementation Guidance – Institutional Eligibility Dear Colleague Letter Posted [02/12/08 (Updated 06/04/08)]

The College Cost Reduction and Access Act (the CCRAA), Pub. L. 110-84, authorized the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program for implementation beginning with the 2008-2009 Award Year. The TEACH Grant Program provides up to \$4,000 a year in grant assistance to a student who agrees to serve for at least four

years as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves students from low-income families. A TEACH Grant recipient who does not complete the required teaching within a specified timeframe, or fails to meet certain other requirements of the TEACH Grant Program, will be required to repay the TEACH Grant as a Direct Unsubsidized Loan under the William D. Ford Federal Direct Loan Program.

Note: For policy information on all of the provisions of the CCRAA, including the TEACH Grant Program, refer to [Dear Colleague Letter GEN-08-01 on the Information for Financial Aid Professionals \(IFAP\) Web site](#).

Institutional Eligibility for TEACH Grant Program

On June 3, 2008, the Department of Education posted [Dear Colleague Letter GEN-08-07 on the IFAP Web site](#). This Dear Colleague Letter clarifies how an institution will establish eligibility to participate in the TEACH Grant Program.

For complete information, refer to [Dear Colleague Letter GEN-08-07](#).

- Questions about the issues discussed in the letter should be directed to Gail McLarnon by e-mail at gail.mclarnon@ed.gov or by phone at 202/219-7048.
- Questions about the participation request process should be directed to the School Participation Team for a school's state. Contact information is available on the [Electronic Application for Approval to Participate in Federal Student Financial Aid Programs \(E-App\) Web site](#).

Note: In a forthcoming Electronic Announcement that provides additional/updated TEACH Grant operational implementation information, Federal Student Aid will provide COD System guidance that relates to school eligibility and participation. Please monitor the [IFAP Web site](#) for this and other TEACH Grant operational guidance that Federal Student Aid will post prior to the June 27-28, 2008 implementation of COD System functionality. 2007-2008 ACG Deobligation Due to No Corresponding Pell Grant Warning Message (05/30/08)

On May 29, 2008, Federal Student Aid began processing a message to schools that have reported 2007-2008 Academic Competitiveness Grant (ACG) actual disbursements for a student who does not have a 2007-2008 Federal Pell Grant (Pell Grant) actual disbursement recorded in the COD System. The message is a warning that these disbursements will be considered overawards and reduced to a zero dollar amount (\$0.00), even if the disbursements were previously accepted in the COD System. The reduction of the affected disbursements is scheduled to occur on June 16, 2008.

Federal Student Aid sent the May 29, 2008 warning message to schools' Student Aid Internet Gateway (SAIG) mailboxes in the message class AGTX08OP. Additionally, Federal Student Aid sent a file of student records reported to the COD System that do not have a corresponding 2007-2008 Pell Grant actual disbursement in the Reconciliation Report message class AGRC08OP. Schools that receive the warning message should review the accompanying

Reconciliation Report and, if applicable, report 2007-2008 Pell Grant disbursements for affected students before June 16, 2008.

Note Regarding Exception Process for No Corresponding 2007-2008 Pell Grant Due to R2T4 Calculation:

Some of the student records included in the Reconciliation Report may be for students who do not have a corresponding Pell Grant for the 2007-2008 Award Year due to the documented full repayment of the Pell Grant as a result of a Return of Title IV Funds (R2T4) calculation. A school can inform Federal Student Aid of the student records to which this exception applies by calling the COD School Relations Center by June 13, 2008. A customer service representative will collect the following information from the school via the phone:

- School's Name
- School's Pell ID and G5 Award Number
- Student's First and Last Names
- Student's Social Security Number (SSN)
- Student's Grade Level
- ACG Award ID
- ACG Award Amount
- ACG Award Year-to-Date Disbursement Amount

Upon notification that an R2T4 exception applies, Federal Student Aid will exclude the applicable student records from the reduction scheduled for June 16, 2008.

For complete information, refer to [the Electronic Announcement that will be posted on the IFAP Web site](#). If you have questions about the warning message or need to report an R2T4 exception (by June 13, 2008 as explained above) contact the COD School Relations Center.

Data Center Relocation Work – Final Implementation Changed to June 20 – 23, 2008 (05/29/08)

As Federal Student Aid initially informed the community in [a March 28, 2008 Electronic Announcement posted on the Information for Financial Aid Professionals \(IFAP\) Web site](#), it will soon implement the Federal Student Aid data center relocation of the Central Processing System (CPS), the National Student Loan Data System (NSLDS), the Student Aid Internet Gateway (SAIG), and several Web sites. To date, Federal Student Aid has communicated July 2008 as its target for this final implementation.

In [a May 28, 2008 Electronic Announcement posted on the IFAP Web site](#), Federal Student Aid informed the community of a change in schedule for the final data center relocation implementation. The test cycles have been very successful, and Federal Student Aid will be ready to complete the final implementation *during the period June 20 – 23, 2008*—two weeks earlier than originally planned.

Federal Student Aid appreciates the community's understanding of this schedule change. Please review the **updated information** in [the May 28th Electronic Announcement](#) and evaluate impact to your school or organization during the final implementation period.
