COD System Maintenance Planned For Sunday, August 20, 2006 (08/16/06)

The COD System will undergo routine maintenance on Sunday, August 20, 2006 from 2:00 A.M., until 8:00 A.M. (ET). In addition, the Student Aid Internet Gateway (SAIG) will be unavailable from 3:00 A.M. until 11:00 A.M. (ET) due to its regular Sunday morning maintenance. The impact of these overlapping outages is as follows:

- Users will not be able to submit or retrieve data via the COD Web site between 2:00 A.M. and 8:00 A.M. (ET).
- Batches submitted by schools via the SAIG between 2:00 A.M. and 3:00 A.M. (ET) will be held and not acknowledged back to schools until after the SAIG comes back up at 11:00 A.M. (ET).
- Schools attempting to transmit batches via the SAIG between 3:00 A.M. and 11:00 A.M. (ET) will receive an error message informing them that the SAIG is unavailable and that the data must be transmitted at a later time.

Federal Student Aid apologizes for any inconvenience these outages may cause. If you have any questions about the COD System, contact the COD School Relations Center. If you have any questions about the SAIG, contact the CPS/SAIG Technical Support at 800/330-5947 or e-mail CPSSAIG@ed.gov.

Second 2005-2006 Verification Status Code "W" Warning Message (08/17/06)

Schools that have made an interim Pell Grant disbursement to a student selected for verification should be concluding verification activities and changing the student's verification status code from "W" to "V", "S", or "Blank", as appropriate. On August 16, 2006, COD began processing a message to schools that have one or more student records still reported with a verification status code of "W". The message is a warning that these disbursements will be considered overawards and reduced to a zero dollar amount (\$0.00), even if the disbursements were previously accepted in the COD System. The reduction of the affected disbursements is scheduled to occur on September 25, 2006.

This week, COD will send the August 16, 2006 warning message to schools' SAIG mailboxes in the message class PGTX06OP. Additionally, COD will send a file of student records reported to the COD System with a verification status code of "W" in the Reconciliation Records message class PGRC06OP. Schools that receive the warning message should review the accompanying Reconciliation Records file and report appropriate changes to the verification status codes for affected students before September 25, 2006.

If you have any questions, contact the COD School Relations Center.

Higher Education Act (HEA) by the Higher Education Reconciliation Act of 2005 (HERA) and other recently enacted legislation. Each set of regulations included a solicitation for comments from the public that may result in the publication of revised regulations. The deadline for submitting comments on the first set of interim final regulations (published July 3, 2006) is August 17, 2006. The deadline for submitting comments on the second set of interim final regulations (published August 9, 2006) is September 8, 2006. HERA Operational Implementation Guidance—Procedure For Fall 2006 Adjustments To ACG And National SMART Grant 2006-2007 Award Year Initial Authorizations (08/09/06)

As communicated on August 1, 2006, Federal Student Aid has processed the Academic Competitiveness Grant (ACG) and National Science and Mathematics Access to Retain Talent Grant (National SMART Grant) Initial Authorizations, known in the Common Origination and Disbursement (COD) System as Current Funding Levels (CFLs), for the 2006-2007 Award Year. Federal Student Aid has also sent an Electronic Statement of Account (ESOA) for each program that lists the amount of a school's Initial CFL for the ACG Program and for the National SMART Grant Program for the 2006-2007 Award Year.

As explained previously, the Initial CFL does not represent expected expenditures for the entire award year. The Initial CFL listed on the ESOA is *not* intended to be a school's entire authorization for the 2006-2007 Award Year. Because these are new programs, Federal Student Aid did not yet have information that enabled the targeting of funds to schools based on prior history of ACG or National SMART Grant recipients. Instead, the Initial CFL was an estimate that Federal Student Aid anticipated would be sufficient for the school to disburse funds for the first (fall 2006) term—before the school is able to submit ACG and/or National SMART Grant disbursement records to the COD System beginning December 16, 2006. To obtain additional ACG and/or National SMART Grant funds for spring 2007 disbursements, the school will need to submit disbursement records to the COD System, and Federal Student Aid will adjust the CFL accordingly.

Between now and December 16, 2006, if a school needs additional ACG and/or National SMART Grant funds to cover disbursements for the first (fall 2006) term, it can request a funding increase via e-mail to the COD School Relations Center at CODSupport@acs-inc.com.

The school's e-mail must include—

- “ACG Authorization Increase Request” or “National SMART Grant Authorization Increase Request,” as applicable, in the subject line of the e-mail.
- The following information in the body of the e-mail:
 1. School's name, contact person and telephone number, Pell ID, and GAPS award sequence number (if known)

Common Origination and Disbursement COD Processing Update

ACG, National SMART Grant, and Pell Grant Programs

2. Total amount of additional funding needed for the first (fall 2006) term to fund disbursements for eligible students

The COD School Relations Center will verify that the school is eligible for the request and then submit the request to Federal Student Aid staff for action. If the request is approved, the school will receive a new ESOA that reflects the funding increase.

Note: A school that uses the Reimbursement or Heightened Cash Monitoring 2 (HCM2) funding method will not qualify for funding using this e-mail procedure. The school must contact its Payment Analyst for further guidance.

An Electronic Announcement with this same information is posted to the IFAP Web site (<http://ifap.ed.gov/eannouncements/0809HERAOPACGSMARTFREA.html>). You can access the announcement by clicking on the "Higher Education Reconciliation Act of 2005 (HERA) Information" link on the home page of the IFAP Web site and scrolling to the "Electronic Announcements" section.

HERA Guidance Available On IFAP Web Site (05/08/06)

Communications related to the Higher Education Reconciliation Act of 2005 (the HERA), Pub. L. 109-171 are posted on the Information for Financial Aid Professionals (IFAP) Web site (www.ifap.ed.gov). These communications include policy and operational guidance that impacts all student aid programs, systems, and processes. To assist users in easily locating HERA-related communications, they are available under the "Higher Education Reconciliation Act of 2005 (HERA) Information" link on the home page of the IFAP Web site. (The link is at the top of the "On-Line References" section.)

Federal Student Aid has posted and will continue to post guidance related to the Central Processing System (CPS), Common Origination and Disbursement (COD) System, and EDEXpress Suite, as Electronic Announcements. The summary for these Electronic Announcements will begin with "HERA Operational Implementation Guidance (CPS, COD System, EDEXpress Suite)" so that they can be distinguished from other types of guidance. As explained above, the Electronic Announcements are available under the "Higher Education Reconciliation Act of 2005 (HERA) Information" link on the home page of the IFAP Web site.

Please plan to check the IFAP Web site on a regular basis.

Reports And Data Requests

This section contains important notices regarding reports and/or data requests. While we encourage you to review this section, note that some schools may not be impacted by the information presented below.

- Pell Year-to-Date (YTD) Records—

The YTD Record can be used to assist a school with its year-end and ongoing reconciliation processes. Schools also use the YTD Record for the purpose of rebuilding a complete student record or Pell Grant

database.

- For rebuilds for the 2005-2006 Award Year, the school can submit the data request via the COD Web site or batch.
- For rebuilds for the 2004-2005 and earlier award years, the school must contact the COD School Relations Center by e-mail to CODSupport@acs-inc.com.
