Reminder of Citizenship Status Code Processing for ACG, National SMART Grant, and Pell Grant Awards (09/02/09)

As explained in a [March 20, 2009 Electronic Announcement posted on the Information for Financial Aid Professionals \(IFAP\) Web site](#), the COD System was updated to apply more consistent edit logic for the Citizenship Status Code for ACG, National SMART Grant, and Pell Grant awards. The Citizenship Status Code will be evaluated in the same manner across all the grant programs.

The Citizenship Status Code field on the Common Record is the primary source of evaluation for student's citizenship. If the Citizenship Status Code is not populated with a "1" (citizen) or a "2" (eligible non-citizen) by the institution on the incoming origination record, the COD system must determine the student's citizenship status based on the data matches supplied through the Central Processing System (CPS). The COD System does not evaluate based on the student reported citizenship status on the FAFSA, only the verified citizenship data match that was done through either the Social Security Administration (SSA), or the Department of Homeland Security (DHS).

If the Citizenship Status Code field is not populated on the incoming origination records, the COD System will now evaluate the values from the SSA Citizenship Flag match field, and if necessary, the DHS Match Flag field and the Secondary DHS Match Flag field supplied through CPS. If the student's citizenship status can be determined from these sources, the COD System

will accept and build the record. If it cannot be determined from these sources, the COD system will reject the award with Edit 14 (Citizenship Status is not eligible for this award.) **Note:** If the citizenship status is determined by using the CPS data, it will be stored on the COD System, but will not be returned on the Common Record response.

Schools should refer to Volume II, Section 1 of the [2009-2010 Common Origination and Disbursement \(COD\) Technical Reference](#) for complete operational information about citizenship status code processing.

If your school needs assistance with COD System processing, including citizenship status code processing, contact the COD School Relations Center.

Weekly Reminders

Sending Addresses for U.S. Territories on the Common Record or the COD Web site (10/02/09)

When submitting student or borrower addresses to the Common Origination and Disbursement (COD) System, it is important that the correct tags are used, particularly when the student or borrower address is located in a U.S. Territory. These addresses are considered domestic addresses and should not be submitted as a foreign address with a Country Code. If these addresses are not submitted correctly, important correspondence from the COD System and the Direct Loan Servicing Center is delayed or not received.

When a student or borrower address is located in a U.S. Territory, the address should be treated as a domestic address and submitted to the COD System as follows:

Submitting Addresses for U.S. Territories via the Common Record

When creating or updating a person record via the Common Record batch submission, a school should send the address block with the following tags:

Schema Version	Included Tags for Domestic Address, including U.S. Territories	Excluded Tags for Domestic Address, including U.S. Territories
3.0b *Required for 2009-2010 Award Year and forward	<AddressLine> <City> <StateProvinceCode> <PostalCode>	<StateProvince> <CountryCode>
2.0e	<AddressForeignIndicator>>false </AddressForeignIndicator> (optional) <AddressLine> <AddressCity> <AddressStateProvinceCode> <AddressPostalCode>	<AddressForeignIndicator>>true </AddressForeignIndicator> <AddressCountryCode>

--	--	--

Submitting Addresses for U.S. Territories via the COD Web site

When creating or updating a person record on the COD Web site, a school should select the U.S. Territory from the dropdown box in the State/Province field. A school should select the Country field as “Blank”.

A complete list of State Codes (including U.S. Territories) is provided in Volume VI, Section 4 of the [2009-2010 COD Technical Reference](#). If you have questions about this information, contact the COD School Relations Center.

COD Computer-Based Training (10/02/09)

Federal Student Aid takes this opportunity to remind the community of the availability of the COD Computer-Based Training (CBT). The COD CBT includes enhancements that have been made to the COD System, the [COD Web site](#), and associated Web sites and software products through June 28, 2008.

The COD CBT consists of component simulations and CBTs. Each COD CBT component is explained below. The electronic files associated with each component, as well as information about downloading and navigating the COD CBT, are available on the Information for Financial Aid Professionals (IFAP) Web site. Under the “Tools for Schools” section on the home page, click on [COD Computer-Based Training](#).

The components of the COD CBT are as follows:

COD System Simulations – The COD System Simulations offer lessons that explain the [COD Web site](#) screens and functionality available to a school administrator. There are 14 lessons (one with two parts) with text to guide a user through each area of the [COD Web site](#). By entering fictitious data, the user can explore basic navigation and functions of the [COD Web site](#) and practice locating and creating information in a safe environment that includes tips for assistance.

Direct Loan Reports CBT – The Direct Loan Reports CBT includes three lessons that explain the COD reports a school can use to assist with the reconciliation process for William D. Ford Federal Direct Loan (Direct Loan) awards.

Grant Reports CBT – The Grant Reports CBT includes three lessons that explain the COD reports a school can use to assist with the reconciliation process for Federal Pell Grant (Pell Grant), Academic Competitiveness Grant (ACG), and National Science and Mathematics Access to Retain Talent Grant (National SMART Grant) awards.

Direct Loan (DL) Tools Simulation – The DL Tools Simulation demonstrates how to use the DL Tools software to assist with the reconciliation process for Direct Loan awards. Although the simulation can be used both by schools that use the EDEXpress for Windows software and schools that do not use this software, the simulation is especially useful for schools that do not

use the EDEXpress software on a regular basis but are interested in a Direct Loan reconciliation resource.

eMPN Online Simulations – The eMPN Online Simulations offer a step-by-step walk through of the process for completing a Direct Loan Master Promissory Note (MPN) via the [Direct Loan Electronic MPN Web site](#). There are three lessons with text to guide a user through student and parent aspects of the eMPN process.

Completing an Agreement to Serve (ATS) Website Simulation – The Completing an ATS Website Simulation provides a step-by-step walk through of the process for completing a Teacher Education Assistance for College and Higher Education (TEACH) Grant ATS via the [TEACH Grant ATS Web site](#).

If you have questions or comments about the COD CBT, contact the COD School Relations Center. If you e-mail your question or comment to CODSupport@acs-inc.com, please include “COD CBT Question/Comment” in the subject line.

TEACH Grant – Institutional Participation Request Process Information (10/02/09)

On June 3, 2008, the Department of Education posted [Dear Colleague Letter GEN-08-07 on the Information for Financial Aid Professionals \(IFAP\) Web site](#). This Dear Colleague Letter clarifies how an institution will establish eligibility to participate in the TEACH Grant Program.

For complete information about the Institutional Participation Request Process, refer to [Dear Colleague Letter GEN-08-07](#).

- Questions about the issues discussed in the letter should be directed to Gail McLarnon by e-mail at gail.mclarnon@ed.gov or by phone at 202/219-7048.
- Questions about the participation request process should be directed to the School Participation Team for a school's state. Contact information is available on the [Electronic Application for Approval to Participate in Federal Student Financial Aid Programs \(E-App\) Web site](#).

Participation Request Process Steps – As outlined in the 10-step participation request process included in [Dear Colleague Letter GEN-08-07](#), a school must complete Question 1, enter specified language in Section K/Question 69, and complete Section L via the [E-App Web site](#). After completing these steps, the school must mail its signed and dated signature page to the Department of Education (the Department) per the instructions provided on the “Submit Application” page. To aid in expediting receipt of the school's signature page by the Department, the school may want to use an overnight delivery method.

Participation Request Process Follow Up – If a school does not receive a response regarding its request to participate in the TEACH Grant Program within two weeks of submitting the request, the school should contact the School Participation Team for the school's state. Contact information is available on the [E-App Web site](#).

School Addition to ATS Web Site – Once a school is determined to be eligible to participate in the TEACH Grant Program, the school's name will be added to the TEACH Grant Agreement to Serve (ATS) Web site. As a general rule, Federal Student Aid will update the TEACH Grant ATS Web site on the Tuesday or Thursday most closely following notification of the school's eligibility. If a school has questions about the TEACH Grant ATS Web site, it should contact the COD School Relations Center.
