

EXPLANATION OF TENTATIVE FUNDING LEVEL WORKSHEETS 2013-2014 AWARD PERIOD

Each institution that applied for funds under the Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work-Study (FWS), and/or Federal Perkins Loan (Perkins Loan) programs for the 2013-2014 Award Year receives a tentative funding level which is based on a Base Guarantee and a Fair Share Increase. However, if the amount of unexpended 2011-2012 funds exceeds 10% of the institution's 2011-2012 allocation and no waiver for that unexpended amount was received, the allocation is reduced by the unexpended amount.

The Campus Based funds are distributed based on availability. The following is an explanation of the institutional worksheet for each program.

COMPUTATION OF BASE GUARANTEES

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

1. An institution that participated in the FSEOG Program in the 1999-2000 award year receives a base guarantee equal to 1) its 1999-2000 base guarantee and 2) its 1999-2000 initial pro rata increase.
2. An institution applying to participate in the FSEOG program for the first or second time receives a base guarantee equal to the greatest of--
 - (A) \$5,000; or
 - (B) 90 percent of the figure derived by taking the Federal share of FSEOG expenditures in 2011-2012 by institutions offering comparable type programs of instruction (See page 4), DIVIDED BY enrolled students in 2011-2012 in those same institutions, TIMES the applicant institution's 2010-2011 enrollment; or
 - (C) 90 percent of its highest 2012-2013 allocation.
3. An institution that did not participate in the FSEOG Program in the 1999-2000 award year and is not a first or second time participant receives a base guarantee equal to the greater of--
 - (A) \$5,000; or
 - (B) 90 percent of its expenditures from funds authorized for this program for the first year it participated in the FSEOG Program after the 1999-2000-award year. EXCEPT that if the institution's second year base guarantee was greater than its first year base guarantee, its 2013-2014 base guarantee is equal to 90% of its expenditures for the first year of participation, or 90% of its second year base guarantee, whichever is greater.

FEDERAL WORK-STUDY (FWS)

1. An institution that participated in the FWS Program in the 1999-2000 award year receives a base guarantee equal to: 1) its 1999-2000 base guarantee, 2) its 1999-2000 initial pro rata increase, and 3) if applicable, the additional FWS funds issued from the \$17 million set aside that the institution received in the 1999-2000 award year.
2. An institution applying to participate in the FWS Program for the first or second time receives a base guarantee equal to the greatest of--
 - (A) \$5,000; or
 - (B) 90 percent of the figure derived by taking the Federal share of FWS expenditures in 2011-2012 by institutions offering comparable type programs of instruction (See page 4), DIVIDED BY enrolled students in 2011-2012 in those same institutions, TIMES the applicant institution's 2011-2012 enrollment; or
 - (C) 90 percent of its highest 2012-2013 allocation.
3. An institution that did not participate in the FWS Program in the 1999-2000 award year and is not a first or second time participant receives a base guarantee equal to the greater of--
 - (A) \$5,000 or
 - (B) 90 percent of its expenditures from funds authorized for this program for the first year it participated in the FWS Program after the 1999-2000 award year.
EXCEPT that if the institution's second year base guarantee was greater than its first year base guarantee, its 2013-2014 base guarantee is equal to 90% of its expenditures for the first year of participation, or 90% of its second year base guarantee, whichever is greater.

FEDERAL PERKINS LOAN

1. An institution that participated in the Federal Perkins Loan Program in the 1999-2000 award year receives a base guarantee equal to its 1999-2000 FCC. This amount is the conditional guarantee. It is then multiplied by the institution's cohort default penalty factor for the 1999-2000 award year, and multiplied by a 60.77% reduction factor. The base guarantee that the institution receives for 2013-2014 is the above conditional guarantee multiplied by its 2013-2014 award year cohort default penalty factor. No funding was available to provide pro rata share increases for the 1999-2000 award year.
2. An institution applying to participate in the Federal Perkins Loan Program for the first or second time receives a conditional guarantee equal to the greatest of--
 - (A) \$5,000; or

(B) 90 percent of the figure derived by taking the Federal Perkins Loan FCC expenditures in 2011-2012 for institutions offering comparable type programs of instruction (See page 4), DIVIDED BY enrolled students in 2011-2012 for those same institutions TIMES the applicant institution's 2011-2012 enrollment; or

(C) 90 percent of its 2013-2014 allocation.

3. An institution that did not participate in the 1999-2000 award year and is not a first or second time participant, receives an amount equal to its cohort default penalty times the greater of—

(A) \$5,000; or

(B) 100 percent of its expenditures from Federal capital contribution authorized for this program, for the first year it participated in the Federal Perkins Loan Program after the 1999-2000 award year.

EXCEPT that if the institution's second year base guarantee was greater than its first year base guarantee, its 2013-2014 base guarantee is equal to 90% of its second year base guarantee, or 90% of its FCC expenditures for the first year of participation, whichever is greater, times the cohort default penalty factor.

**Average 2011-2012 Expenditures for FWS, Federal Perkins Loan,
and FSEOG Programs by Type of Institution**

Type of Institution	FWS Federal Share	Federal Perkins Loan FCC	FSEOG Federal Share
1. Cosmetology	\$36	\$0	\$40
2. Business	\$33	\$0	\$28
3. Trade & Technical	\$28	\$0	\$48
4. Art Schools	\$47	\$0	\$78
5. Other Proprietary	\$23	\$0	\$36
6. Non-Proprietary	\$37	\$0	\$28

Averages Computation

An average 2011-2012 expenditure per enrolled student for each program was derived for like type institutions by dividing expenditure data reported for the 2011-2012 Award Year by the corresponding aggregate enrollment for all the institutions of similar type.

A base guarantee equal to 90% of the appropriate computed average for each program times the applicant institution's 2011-2012 enrollment was used for institutions requesting participation for the first or second year.

If the institution did not have any 2011-2012 enrollments, we used the estimated 2012-2013 enrollment, if the institution is not yet open.
