### **2016-2017 Funding Authorization and Disbursement Information**

2016-2017 funding authorization and disbursement information is summarized below.

#### **Pell Grant Program**

There is no Initial Authorization for the Pell Grant Program for the 2016-2017 Award Year. Schools will receive a Current Funding Level (CFL) based on the accepted and posted actual disbursement records that they submit to the COD System.

The earliest date on which a school may disburse a Pell Grant for the 2016-2017 Award Year, either with federal funds or its own funds, is **January 29, 2016**. The COD System will accept 2016-2017 actual disbursement data [Disbursement Release Indicator (DRI) = "True"] for Pell Grant awards beginning **March 14, 2016**.

#### **Iraq and Afghanistan Service Grant Program**

These grants will continue to be processed as they are for the 2015-2016 Award Year.

All 2016-2017 Iraq and Afghanistan Service Grants must be submitted via the COD Web site; batch processing for these grants will not be available. To process an Iraq and Afghanistan Service Grant award successfully, a school must complete all of the following actions:

- Submit Iraq and Afghanistan Service Grant awards through the "Create Award/Pell" screen.
- Select the CPS transaction number that contains the DoD Match Flag = "Y" and the Pell-Eligible Flag = "N".
- Select the Iraq and Afghanistan Service Grant Indicator.

Funding for Iraq and Afghanistan Service Grants for the 2016-2017 Award Year will continue to be an exception-based process and based on anticipated disbursements [(Disbursement Release Indicator (DRI) = "False")].

All disbursements for Iraq and Afghanistan Service Grant awards must be submitted as anticipated disbursements (DRI = "False"). Any 2016-2017 Iraq and Afghanistan Service Grant disbursements submitted with DRI = "True" will be rejected with COD Reject Edit 194.

A school will be able to draw down funds *after* it has submitted the Iraq and Afghanistan Grant award via the COD Web site. We will adjust the school's Current Funding Level (CFL) based on the amount of the accepted anticipated disbursements (DRI = "False") of the award and send a Statement of Account (SOA) via e-mail to the school.

Once the SOA is received, the school can log in to the G5 Web site and draw down its 2016-2017 Iraq and Afghanistan Service Grant funds. The funds will be posted under the G5 Award Number P408A16#### with the last four digits indicating the school's existing G5 Award Number for the Pell Grant Program. A school can expect to receive the SOA and be able to draw the funds within 3 business days of submitting the award.

### **TEACH Grant Program**

There will be no Initial Authorization for the TEACH Grant Program for the 2016-2017 Award Year. Schools will receive a CFL based on the accepted and posted actual disbursement records that they submit to the COD System.

The COD System will accept 2016-2017 actual disbursement data (DRI = "True") for TEACH Grant awards beginning **March 14, 2016**.

### **Direct Loan Program**

Schools that receive funds under the Advanced funding method and historically report actual disbursements prior to July 1<sup>st</sup> will receive an initial CFL for the 2016-2017 Award Year the week of April 4, 2016. All other Advanced funded schools will receive an initial CFL for the 2016-2017 Award year in June 2016. Additional CFL increases will occur in November 2016 and February 2017.

Schools on Heightened Cash Monitoring (HCM1 and HCM2), Reimbursement, foreign schools, and those that request to be "records first" will not receive an initial CFL, but instead will receive funding increases based on actual disbursement records that are submitted to and accepted by the COD System.

The COD System will accept 2016-2017 actual disbursement data (DRI = "True") for Direct Loan awards beginning **March 14, 2016**.
