Printing ISIRs

You are not required to print an Institutional Student Information Record (ISIR) output document. If you choose to print an ISIR, it does not need to be printed exactly as the Department of Education's (ED's) software, EDExpress, prints it.

You can print additional information on the ISIR, such as ISIR fields that EDExpress does not print on the ISIR. The table "ISIR Fields Not Printed on the ISIR" contains those fields and is included in this section of the technical reference. An example of an ISIR printed from EDExpress is included at the end of this section for your reference.

New for 2014-2015: Changes to 2014-2015 FAFSA resulted in changes to the ISIR.

- Father and Mother labels were revised to be gender-neutral, Parent 1 and Parent 2.

- Two new questions were added to the FAFSA and the ISIR, Student's Tax Filing Status and Parents' Tax Filing Status.

- We increased the number of digits for financial fields on the FAFSA, and, as a result, we needed to accommodate increased lengths in the values that the CPS assumes and calculates and that are printed on the ISIR. Examples of increased field lengths are:
  - FAFSA questions such as Adjusted Gross Income (AGI), Taxes Paid, Income Earned from Work, and asset questions
  - CPS assumed values such as AGI, Taxes Paid, and Income Earned from Work
  - CPS calculated values such as Additional Financial Information Total Calculated by CPS and Untaxed Income Total Calculated by CPS, and intermediate EFC calculated values such as, Total Income, Available Income, and Adjusted Available Income
  - EFC values, including primary EFCs, secondary EFCs, and alternate EFCs

- Two new flags are printed in the NSLDS section. The new flags, Subsidized Usage Limit Applies Flag and Subsidized Loan Eligibility Used field, track a first-time borrower's loan eligibility based on new regulations eliminating subsidies for Direct Subsidized Loans when a first-time borrower's enrollment exceeds 150% of the program length. For more information, see the May 16, 2013 Electronic Announcement.

For a complete list of changes to the ISIR that is printed from EDExpress see the *2014-2015 ISIR Guide* on the Information for Financial Aid Professionals (IFAP) Web site located at ifap.ed.gov, as well as the Federal Student Aid Download (FSAdownload) Web site located at fsadownload.ed.gov.

Note: Changes to the EDExpress 2014-2015 ISIR report may occur following the publication of this section. If this occurs, we will update the ISIR sample and repost the Printing section of the *2014-2015 EDE Technical Reference.*

The following information describes how EDExpress prints values. We have provided it to assist schools and state agencies in printing the data on an ISIR.

Printing Assumed Values

Assumed Values reflect suppositions the CPS has made in determining the applicant's Expected Family Contribution (EFC). The CPS makes assumptions when the applicant does not report certain information that is necessary for the EFC calculation or when the applicant reports inconsistent information. (Some unreported information results in a rejected transaction rather than assumptions.) The CPS uses the assumed value when calculating the EFC.

For certain fields, the only assumption the CPS ever makes is zero, so these assumption fields on the ISIR contain zeros (for example, ISIR field 245, Assumed Student's U.S. Tax Paid). On the ISIR, EDExpress prints an asterisk (*) to the left of the field title to indicate that the CPS made an assumption, and the assumed value must be printed in place of the reported value.

If a field is both assumed and highlighted, EDExpress prints an asterisk (*) to the left of the field title. For more information on highlighted fields, see the "Printing Highlight Flags" information later in this section. Positions 1472 through 1572 of the ISIR all contain CPS assumption fields.

Printing Intermediate EFC Values

An intermediate EFC is a value used during the EFC calculation process. EDExpress prints the intermediate EFC values as calculated by the formula type.

FAFSA Data Verify Flags

FAFSA Data Verify Flags are found on the ISIR (positions 2524 through 2718.) Each FAFSA Data Verify Flag byte corresponds to a specific Student Aid Report (SAR) field and indicates fields corrected to the same value on the transaction being corrected. Refer to the Field Name and Position Cross-References Table in the Processing Codes section.

If a field was verified as the same data as the transaction being corrected, the FAFSA Data Verify Flag contains a value of **1**. A value of **0** (zero) signifies that this field was not corrected to the same value, and a value of **2** means the CPS has asked that the field be verified.

EDExpress *does not* print these flags on the ISIR. These flags were added at the request of third-party servicers to assist them when doing correction edits.

Printing Correction Flags

Correction flags are found on the ISIR (positions 2104 through 2298) and indicate changes to FAFSA data processed by the CPS. Refer to the Field Name and Position Cross-References Table in the Processing Codes section.

If a field was corrected on the current transaction, the correction flag contains a value of **1**. If a field was corrected on a previous transaction, the correction flag contains a value of **2**. All other correction flag fields contain a value of **0**.

EDExpress prints a pound symbol (#) on the ISIR to the right of the field variable that was corrected on the most current transaction and prints an at symbol (@) to the right of the field variable that was corrected on a previous transaction.

Correction flags are cumulative (the flag is carried on all subsequent transactions).

On the ISIR, EDExpress does not actually print the data in this field. Rather, it uses this data to determine which fields have a pound symbol (#) or an at symbol (@) printed to the right of the field variable to show that the field has been corrected from the original application.

Printing Highlight Flags

Highlight flags on the ISIR (positions 2314 through 2508) indicate data highlighted in bold on the SAR, based on FAFSA data processed by the CPS. Refer to the Field Name and Position Cross-References Table in the Processing Codes section. These fields are highlighted and provide a comparison reference between the SAR question number and ISIR field position.

Any field containing a highlight flag contains a value of **1**. All other highlight flag fields contain a value of **0**.

On the ISIR, EDExpress prints the letter "h" to the left of the field title that was highlighted. If the field is both highlighted and assumed, an asterisk (*) prints to the left of the field title instead of an *h*.

EDExpress does not actually print the data in this field. Rather, it uses this data to determine which fields print an *h* to the left of the field title to show that the field was highlighted.

Rejected ISIRs

Applications and corrections submitted to the CPS, regardless of the input type or source, can be rejected for incomplete, illogical, or inconsistent data.

An EFC is not computed for a rejected application transaction. Transactions can be rejected for multiple reasons. Up to seven one-character or two-character Reject Reason Codes are carried on the ISIR in positions 1408 to 1421.

The reject reason codes and resolution in response to each reject reason are described in the Table of Reject Codes and How to Respond to Each subsection within the Processing Codes section.

Comments

Up to 20 three-digit numbers can appear on the ISIR, indicating which comments would appear on pages one and three of a SAR. Some comments contain critical information regarding the student's status. The comment text that is printed on the ISIR can be found in the *2014-2015 SAR Comment Codes and Text* document found on the IFAP Web site as well as the FSAdownload Web site.

Note: As part of the 2008-2009 SAR redesign process, the decision was made to remove the text for comment codes 047, 050, 112, 149, 158, 159, 170, and 171 from the paper SAR comments section on page three and instead to present the information contained in these comments as variable text in the appropriate section on the first page. Comment text for these comments are displayed on the Web only.

Because the text for these comments was replaced with variable text on the SAR and SAR Acknowledgement, we do not display or print the text on an ISIR printed from the EDExpress for Windows software. Note, however, that the comment code numbers are included in the ISIR file and are displayed in the FAA Information section of the printed ISIR. Schools using EDExpress still have the ability to query their databases using these comment code numbers.

NSLDS Page

The ISIR contains NSLDS information. EDExpress stores only the most recent NSLDS transaction. As a result, when the ISIR is printed from EDExpress, the transaction number for the student's NSLDS record may not match the transaction number of the ISIR being printed. You should always print the NSLDS information with the highest transaction number, regardless of the transaction number of the ISIR being printed.

Field Types

Fields can contain one of three types of data: character, numeric (N), or signed numeric (S/N). A content of all nines in a field indicates that the reported or calculated value is greater than or equal to the value of all nines. Blanks are allowable in some N and S/N fields.

With S/N fields, the sign is always implied in the right-most character of the field. For example, if the Student's Adjusted Gross Income field contains a value of negative 3507, it would appear as 00350P. The following chart explains the conversion of the sign and the number:

Signed Numeric Fields:

	0	1	2	3	4	5	6	7	8	9
Positive Values	{	A	B	C	D	E	F	G	H	I
Negative Values	}	J	K	L	M	N	O	P	Q	R

Note: All signed fields are printed with an extra byte.

Other Field Notes

When the Student Is Selected for Verification field in position 2962 on the ISIR layout is filled, EDExpress prints the value. If the value contains a **Y**, then an asterisk (*) is printed next to the EFC.

Additionally, EDExpress does not print the value in the Electronic Federal School Code Indicator field. Instead, it prints the Federal School Code number associated with the value. For example, if the Electronic Federal School Code Indicator equals **3**, EDExpress prints the value for the Federal School Code #3 field.

ISIR Fields Not Printed on the ISIR

In addition to the fields listed in the table below, filler fields are not printed on the ISIR from EDExpress.

Field Name	ISIR Field #	Start Position	End Position
Federal School Code #7	153	1014	1019
Federal School Code #7 Housing Plans	154	1020	1020
Federal School Code #8	155	1021	1026

READ, SIGN, AND DATE

If you are the student, by signing this application you certify that you (1) will use federal and/or state student financial aid only to pay the cost of attending an institution of higher education, (2) are not in default on a federal student loan or have made satisfactory arrangements to repay it, (3) do not owe money back on a federal student grant or have made satisfactory arrangements to repay it,(4) will notify your college if you default on a federal student loan, and (5) will not receive a Federal Pell Grant from more than one college for the same period of time.

If you are the parent or the student, by signing this application you certify that all of the information you provided is true and complete to the best of your knowledge and you agree, if asked, to provide information that will verify the accuracy of your completed form. This information may include U.S. or state income tax forms that you filed or are required to file. Also, you certify that you understand that the Secretary of Education has the authority to verify information reported on this application with the Internal Revenue Service and other federal agencies. If you sign any document related to the federal student aid programs electronically using a Personal Identification Number (PIN), you certify that you are the person identified by the PIN and have not disclosed that PIN to anyone else. If you purposely give false or misleading information, you may be fined $20,000, sent to prison, or both.

Everyone whose information is given on this form should sign below. The student (and at least one parent, if parent information is given) MUST sign below.
