<p>* The deadline for electronic transactions is 7:00 PM (Central Time) on the deadline date. Transmissions must be completed and accepted by 7:00 PM to meet the deadline. If transmissions are started before 7:00 PM but are not completed until after 7:00 PM, those transmissions will not meet the deadline. In addition, any transmission picked up on or just prior to the deadline date that gets rejected may not be able to be reprocessed because the deadline will have passed by the time the user gets the information notifying him/her of the reject.</p> <p>** Although the Department has set this deadline date for the submission of verification documents to the institution, if corrections are required, the earlier deadline dates for submission of paper or electronic corrections must still be met.</p> <p>*** The institution must have already received a SAR or ISIR with an eligible EFC while the student was enrolled and eligible for payment. Students completing verification while no longer enrolled will be paid based on the higher of the two EFCs.</p> <p>**** For this purpose, the date the ISIR transaction was processed by the Central Processing System is considered to be the date the institution received the ISIR.</p>			

2001 award year is the second year of RFMS. A disbursement record: (1) reports a disbursement or expected disbursement for each student, and (2) requests funds for those institutions that participate in the Just-in-Time payment method pilot. The "regular" disbursement record includes an origination record unique identifier and the amount and date of the disbursement. RFMS uses totals of the accepted disbursement record data in the funding process as either the basis for adjusting an institution's authorization level or as a request for funds. An institution may submit a disbursement record earlier than the

reported disbursement date in the record. The Department considers a disbursement of Federal Pell Grant funds to have occurred on the earlier of the date that the institution: (a) credits a student's account at the institution's general ledger or any subledger of the general ledger, or (b) pays a student directly with funds received from the Department. The Department considers a disbursement to have occurred even if institutional funds are used in advance of receiving the program funds from the Department (34 CFR ?? 668.164(a)).

Table B provides the earliest date an institution can submit a disbursement record to the Department. Any

disbursement record received prior to the earliest submission date is rejected. Table B also includes the latest date an institution may submit a disbursement record. The Department may impose an adverse action such as a fine or other penalty for an institution's failure to submit a Federal Pell Grant disbursement record within the required 30-day timeframe. Also, failing to submit a disbursement record within the required 30-day timeframe may result in an audit or program review finding for an institution.
