

conducted a re-evaluation of the analysis concerning the analytical methodology used in the July 2007 document to assess the potential for behavioral harassment of marine mammals incidental to the use of mid-frequency active sonar during Navy training and testing. Modifications to this analytical methodology have led Navy to determine that the preparation of a Supplement to the Draft EIS/OEIS is appropriate. Besides the modifications to the analytical methodology, the Supplement to the Draft EIS/OEIS incorporates changes in sonar hours for each alternative. The Supplement also includes the evaluation of the potential effects of a new alternative. Alternative 3 (which is also identified as the Navy's preferred alternative) includes all of the training and testing activities identified for Alternative 2, but with reduced mid-frequency sonar hours (the same number of sonar hours identified for the No-action Alternative).

The Proposed Action assessed in the Supplement to the Draft EIS/OEIS is unchanged from the Draft EIS/OEIS and involves increasing the usage and enhancing the capabilities of the HRC with the purpose of achieving and maintaining Fleet readiness and to conduct current, emerging, and future training and research, development, test, and evaluation (RDT&E) operations. This action is consistent with U.S. Code Title 10, section 5062.

The Supplement to the Draft EIS/OEIS has been distributed to various Federal, State, and local agencies, as well as other interested individuals and organizations. Additionally, copies of the Supplement to the Draft EIS/OEIS have been distributed to the following libraries in Hawaii for public review: Kahului Public Library, 90 School Street, Kahului, Maui, Hawaii 96732; Wailuku Public Library, 251 High Street, Wailuku, Maui, Hawaii 96793; Hilo Public Library, 300 Waiianuenue Avenue, Hilo, Hawaii, Hawaii 96720; Hawaii State Library, Hawaii and Pacific Section Document Unit, 478 South King Street, Honolulu, Oahu, Hawaii 96813-2994; Lihue Public Library, 4344 Hardy Street, Lihue, Kauai, Hawaii 96766; Waimea Public Library, P.O. Box 397, Waimea, Kauai, Hawaii 96766; Princeville Public Library, 4343 Emmalani Drive, Princeville, Kauai, Hawaii 96722.

An electronic copy of both the Supplement and the Draft EIS/OEIS are also available for public viewing at: <http://www.govsupport.us/hrc>. Single copies of the Supplement to the Draft EIS/OEIS are available upon written request by contacting Public Affairs

Officer, Pacific Missile Range Facility, P.O. Box 128, Kekaha, Kauai, Hawaii, 96752-0128, ATTN: HRC EIS/OEIS, voice mail 1-866-767-3347, facsimile 808-335-4520.

Federal, State, and local agencies and interested parties are invited to be present or represented at the public meetings. Written comments can also be submitted during these meetings. Oral statements will either recorded or be heard and transcribed by a stenographer. All statements, both oral and written, will become part of the public record on the Supplement to the Draft EIS/OEIS and will be addressed in the Final EIS/OEIS. Equal weight will be given to both oral and written statements.

In the interest of available time, and to ensure all who wish to give an oral statement at the public meetings have the opportunity to do so, each speaker's comments will be limited to three (3) minutes. If a long statement is to be presented, it should be summarized at the public meeting and the full text submitted in writing either at the meeting or mailed to Public Affairs Officer, Pacific Missile Range Facility, P.O. Box 128, Kekaha, Kauai, Hawaii, 96752-0128, ATTN: HRC EIS/OEIS, faxed to 808-335-4520, or submitted via e-mail to deis_hrc@govsupport.us.

All written comments must be post marked or received by April 7, 2008, to ensure they become part of the official record. All comments will be addressed in the Final EIS/OEIS.

Dated: February 20, 2008.

T.M. Cruz,

Lieutenant, Office of the Judge Advocate General, U.S. Navy, Federal Register Liaison Officer.

SUPPLEMENTARY INFORMATION:

Background

Institutions of higher education are invited to join the Department in an effort to simplify regulations and administrative processes for the Federal Student Aid Programs authorized by Title IV of the Higher Education Act of 1965, as amended (HEA). The vision of the Quality Assurance Program, with 151 institutions currently participating, is to provide tools that help all institutions of higher education participating in the Federal Student Aid Programs to promote better service to students, compliance with title IV requirements, and continuous improvement in program delivery. The Quality Assurance Program encourages participating institutions to develop and implement their own comprehensive systems to verify student financial aid application data, and continually assess compliance with Federal requirements.

The Secretary is authorized to waive for any institution participating in the Quality Assurance Program any regulations dealing with reporting or verification requirements, thus providing participating institutions with regulatory flexibility for the verification of student data, and encouraging

alternative approaches that improve award accuracy.

The Secretary believes that the process of continuous improvement fostered by the institutions already participating in the Quality Assurance Program has enhanced not only the accuracy of student aid awards and payments, but also the management of student aid offices and the delivery of services to students.

Features of the Program

The mission of the Quality Assurance Program is to help schools attain, sustain, and advance exceptional student aid delivery and service excellence. For the past 22 years, the program has achieved its goal by providing participating institutions with the flexibility to design an institutional verification program that more directly focuses on their own population segments. It has also helped them target areas of administration that affect award accuracy or that may leave the institution vulnerable to potential liabilities.

The Quality Assurance Program has given institutions the tools and techniques to assess, measure, analyze, correct and prevent problems, and has provided them with data on which to base their decisions for solving problems and addressing verification issues.

The Secretary encourages institutions participating in the Quality Assurance Program to evaluate their student aid or verification policies and procedures and adopt improvements in those procedures. Institutions measure performance and test the effectiveness of their verification program by using the Department's Institutional Student Information Record (ISIR) Analysis Tool. The ISIR Analysis Tool is a web-based software product that provides financial aid administrators with an in-depth analysis of their applicant population. It allows them to see not only which elements on the student's Free Application for Federal Student Aid (FAFSA) changed when verified, but also what impact these changes have upon the student's Expected Family Contribution (EFC) and aid eligibility. This analysis helps financial aid administrators develop a targeted institutional verification program, which ultimately makes the financial aid process easier for students, while ensuring accountability and integrity.

The Quality Assurance Program also helps institutions make improvements beyond verification and basic compliance. By using the Federal Student Aid Assessments, schools can set goals for continuous improvement in

all areas of financial aid delivery. One key benefit of the program is the partnership between the Department and the participating institutions. Both parties become engaged in promoting continuous improvement in the administration and delivery of the Federal Student Aid Programs, thereby enhancing service to students.

Invitation for Applications

The Secretary invites institutions of higher education that administer one or more Title IV programs to submit a letter of application to participate in the Quality Assurance Program. Institutions that currently participate in the program may continue to do so without submitting a new letter of application. The Secretary will review the letter of application, which should reflect the institution's commitment to the goals of the Quality Assurance Program, as determined by the Secretary. In the letter of application, the institution should state its Quality Assurance plan as well as what it will measure to achieve the following goals in detail:

- Attain and sustain compliance and continuous improvement in program delivery, and better service to students;
- Improve the accuracy of institutional verification programs;
- Increase institutional flexibility in managing student aid funds, while maintaining accountability for the proper use of those funds; and
- Encourage the development of innovative management approaches that advance process quality.

Review Process

The Department will screen prospective participants to determine if the institution meets general Title IV eligibility requirements and has a demonstrated record of program compliance. The Secretary may also consider the institution's performance with regard to financial responsibility, administrative capability, program review findings, audit findings, etc. as outlined in the regulations and in the Federal Student Aid Handbook.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. IC08-583-000; FERC-583]

Commission Information Collection Activities, Proposed Collection; Comment Request; Extension

February 5, 2008.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Notice of proposed information collection and request for comments.

SUMMARY: In compliance with the requirements of section 3506(c)(2)(a) of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), the Federal Energy Regulatory Commission (Commission) is soliciting public comment on the specific aspects of the information collection described below.

DATES: Comments on the collection of information are due April 14, 2008.

ADDRESSES: Copies of sample filings of the proposed collection of information can be obtained from the Commission's Documents & Filing Web site (<http://www.ferc.gov/docs-filings/elibrary.asp>) or by contacting the Federal Energy Regulatory Commission, Attn: Michael Miller, Office of the Executive Director Officer, ED-34, 888 First Street NE., Washington, DC 20426. Comments may be filed either in paper format or electronically. Those parties filing electronically do not need to make a paper filing. For paper filings, the original and 14 copies of such comments should be submitted to the Office of the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426 and refer to Docket No. IC08-583-000. Documents filed electronically via the Internet must be prepared in an acceptable filing format and in compliance with the Federal Energy Regulatory Commission's submission guidelines. Complete filing instructions and acceptable filing formats are available at (<http://www.ferc.gov/help/submission-guide/electronic-media.asp>). To file the document electronically, access the Commission's Web site and click on Documents & Filing, E-Filing (<http://www.ferc.gov/docs-filing/efiling.asp>), and then follow the instructions for each screen. First time users will have to establish a user name and password. The Commission will send an automatic acknowledgement to the sender's e-mail address upon receipt of comments.

All comments may be viewed, printed or downloaded remotely via the Internet through FERC's homepage using the eLibrary link. For user assistance, contact ferconlineSupport@ferc.gov or

toll-free at (866) 208-3676 or for TTY, contact (202) 502-8659.

FOR FURTHER INFORMATION CONTACT: Michael Miller may be reached by telephone at (202) 502-8415, by fax at (202) 273-0873, and by e-mail at: michael.miller@ferc.gov.

SUPPLEMENTARY INFORMATION: The information collected under the requirements of FERC-583 "Annual Kilowatt Generating Report (Annual Charges)" (OMB No. 1902-0136) is used by the Commission to implement the statutory provisions of section 10(e) of the Federal Power Act (FPA), part I, 16 U.S.C. 803(e) which requires the Commission to collect annual charges from hydropower licensees for, among other things, the cost of administering part I of the FPA and for the use of United States dams. In addition, the Omnibus Budget Reconciliation Act of 1986 (OBRA) authorizes the Commission to "assess and collect fees and annual charges in any fiscal year in amounts equal to all of the costs incurred by the Commission in that fiscal year." The information is collected annually and used to determine the amounts of the annual charges to be assessed licensees for reimbursable government administrative costs and for the use of government dams. The Commission implements these filing requirements in the Code of Federal Regulations (CFR) under 18 CFR part 11.

Action: The Commission is requesting a three-year extension of the current expiration date, with no changes to the existing collection of data.

Burden Statement: Public reporting burden for this collection is estimated as:

Number of respondents annually (1)	Number of responses per respondent (2)	Average burden hours per response (3)	Total annual burden hours (1)×(2)×(3)
599	1	2	1,198

Estimated cost burden to respondents is \$72,792. (1,198 hours/2,080 hours per year times \$126,384 per year average per employee = \$72,792). The cost per respondent is \$122 (rounded off).

The reporting burden includes the total time, effort, or financial resources expended to generate, maintain, retain, disclose, or provide the information including: (1) Reviewing instructions; (2) developing, acquiring, installing, and utilizing technology and systems for the purposes of collecting, validating, verifying, processing, maintaining, disclosing and providing information;

(3) adjusting the existing ways to comply with any previously applicable instructions and requirements; (4) training personnel to respond to a collection of information; (5) searching data sources; (6) completing and reviewing the collection of information; and (7) transmitting, or otherwise disclosing the information.

The estimate of cost for respondents is based upon salaries for professional and clerical support, as well as direct and indirect overhead costs. Direct costs include all costs directly attributable to providing this information, such as

administrative costs and the cost for information technology. Indirect or overhead costs are costs incurred by an organization in support of its mission. These costs apply to activities which benefit the whole organization rather than any one particular function or activity.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of
