## DEPARTMENT OF THE TREASURY

## OFFICE OF MANAGEMENT AND BUDGET

### Federal Family Education Loan Program (FFELP)

**AGENCY:** Department of Education, Department of the Treasury, Office of Management and Budget.

**ACTION:** Notice of terms and conditions of purchase of loans under the Ensuring Continued Access to Student Loans Act of 2008; correction.

**SUMMARY:** On December 2, 2008, the Department of Education, the Department of the Treasury, and the Office of Management and Budget (collectively, “Secretaries and Director”) jointly published a notice in the **Federal Register** (73 FR 73263) announcing the terms and conditions under which the Department will purchase loans

pursuant to section 459A of the Higher Education Act of 1965, as amended (HEA), enacted by the Ensuring Continued Access to Student Loans Act of 2008 (Pub. L. 110–227) and amended by Public Law 110–315 and Public Law 110–350 (December 2 Notice). The terms and conditions announced in the December 2 Notice apply to the purchase of Federal Family Education Loan Program (“FFELP”) loans made for the 2007–2008 academic year (the “Short-term Purchase Program”). Included as an appendix to the December 2 Notice was the Master Loan Sale Agreement under which these purchases will be made. This notice makes three corrections to the December 2 Notice.

**FOR FURTHER INFORMATION CONTACT:** U.S. Department of Education, Office of Federal Student Aid, Union Center Plaza, 830 First Street, NE., room 113F1, Washington, DC 20202. Telephone: (202) 377–4401 or by e-mail: [ffel.agreementprocess@ed.gov](mailto:ffel.agreementprocess@ed.gov).

### SUPPLEMENTARY INFORMATION:

#### Correction

Under the Short-term Purchase Program, the Department will purchase loans made under sections 428 (subsidized Stafford loans), 428B (PLUS loans), or 428H (unsubsidized Stafford loans) of the HEA for the 2007–2008 academic year (“Eligible 2007–2008 Loans”). The December 2 Notice described the method the Department uses to determine the amount of loans it will purchase in a week from each lender that offers to sell loans during that week. The December 2 Notice makes clear that the Department will spend up to \$500 million to purchase loans in each week of the Short-term Purchase Program. As noted in the December 2 Notice, if \$500 million is not sufficient to purchase all loans offered for sale during a week, the Department must determine that portion of the available funds which it will use to purchase loans offered by each seller that submitted an offer for that week.

The December 2 Notice included an error in its explanation of how the Department will determine the portion of the \$500 million that is available each week that it will use to purchase loans

offered by each seller that submitted an offer for that week if there are not sufficient funds to purchase all loans offered. Specifically, in the second full paragraph, second column on page 73264 of the December 2 Notice, and in the second full paragraph in section 1 of the Master Loan Sale Agreement, which appears on page 73272 of the December 2 Notice, we incorrectly state that the Department will purchase from each seller that portion of the loans it offers to sell equal to each seller’s percentage of all Eligible 2007–2008 Loans held by all sellers that submitted offers for that week. This is not an accurate description of the method the Department uses.

To determine the amount it will spend to purchase loans from each seller, the Department will first determine the total outstanding principal amount of Stafford and PLUS loans made for the 2007–2008 academic year that are held by all sellers that submitted offers for that week (without regard to the amount of those loans offered for sale by a seller for that week), and the percentage of that total that is held by each of those sellers.<sup>1</sup> The Department will then multiply \$500 million by each seller’s percentage of that total to determine the amount it will spend to purchase loans offered for sale by that seller for that week.

To correct this error, the Secretaries and the Director make the following corrections to the December 2 Notice:

1. In the second full paragraph, second column of page 73264, the first sentence is deleted and replaced with the following:

If the amount needed to purchase all loans in qualifying offers in a given week exceeds \$500 million, the Department will first determine the total outstanding principal amount of subsidized and unsubsidized Stafford loans and PLUS loans made for the 2007–2008 academic year held by all lenders that submit qualifying offers to sell loans for that week, and the percentage of that total held by each of those lenders. The Department will then multiply \$500 million by each lender’s percentage. To purchase loans from each lender, the Department will spend the resulting amount, or such lesser amount as may be needed to purchase all loans offered for sale by that lender.

2. In the second full paragraph on page 73272 of the December 2 Notice (73 FR 73272), the sentence that reads “If the amount needed to purchase all Eligible Loans in qualifying offers exceeds \$500 million, the Department will purchase, from each Lender, an amount up to the total outstanding

<sup>1</sup> The Department will make this determination using data showing amounts held as of November 19, 2008.

balances of the Loans offered by such Lender multiplied by the percentage which the Lender's FFELP Loan volume originated in the 2007–2008 academic year bears to the FFELP Loan volume originated in the 2007–2008 academic year by all Lenders that submitted qualifying offers to sell Loans in the same week.” is deleted and replaced with the following:

If the amount needed to purchase all Eligible Loans in qualifying offers in a given week exceeds \$500 million, the Department will determine the total outstanding principal amount of Stafford and PLUS loans made for the 2007–2008 academic year that are held by all Lenders that submit qualifying offers to sell loans for that week, and the percentage of that total amount held by each of those Lenders. The Department will then multiply \$500 million by each Lender's percentage of that total. To purchase Eligible Loans offered for sale by a Lender, the Department will spend the resulting amount determined for that Lender, or such lesser amount as needed to purchase all Eligible Loans offered for sale by that Lender.

3. The first sentence of section 5B(iii)(4) of the Master Loan Sale Agreement on page 73282 of the December 2 Notice is revised by adding, after the words “to provide Loan Documents” the words “described in section 3Q(xi), (xii), and (xiii)”.
