Exit Counseling by SSN Report (SCH01A) and Exit Counseling Report (SCH01B)

May 24, 2002

1.0 NSLDS Exit Counseling by SSN Report Extract File Layout (SCH01A)

The *Exit Counseling by SSN (SCH01A)* report provides school users with exit counseling information on students who attend the requesting school. Users can enter up to 50 borrower SSNs, specify one of two sort orders, and choose whether to receive the information as a formatted report or an extract file. Schools receive the report via their SAIG mailboxes. Additional hints for printing the report in Microsoft Word format are available on the Report List Help page.

This section contains extract file layouts that list the header, detail, and trailer records for the Exit Counseling by SSN Report file. Each table contains the position, the data element name, description, field format, and length.

Header Record Layout

LRECL = 660

Pos FR	Pos TO	Data Element	Description	Field Format	Lth

2.0 NSLDS Exit Counseling Extract File Layout (SCH01B)

The *Exit Counseling (SCH01B)* report provides school users with exit counseling information on students who attend the requesting school and whose anticipated completion dates fall within a specified date range. Users can enter begin and end dates for the date range, specify one of three sort orders, and choose whether to receive the information as a formatted report or an extract file. Schools receive the report via their SAIG mailboxes. Additional hints for printing the report in Microsoft Word format are available on the Report List Help page.

This section contains extract file layouts that list the header, detail, and trailer records for the Exit Counseling by SSN Report extract file. Each table contains the position, the data element name, description, field format, and length.

Header Record Layout

LRECL = 660
