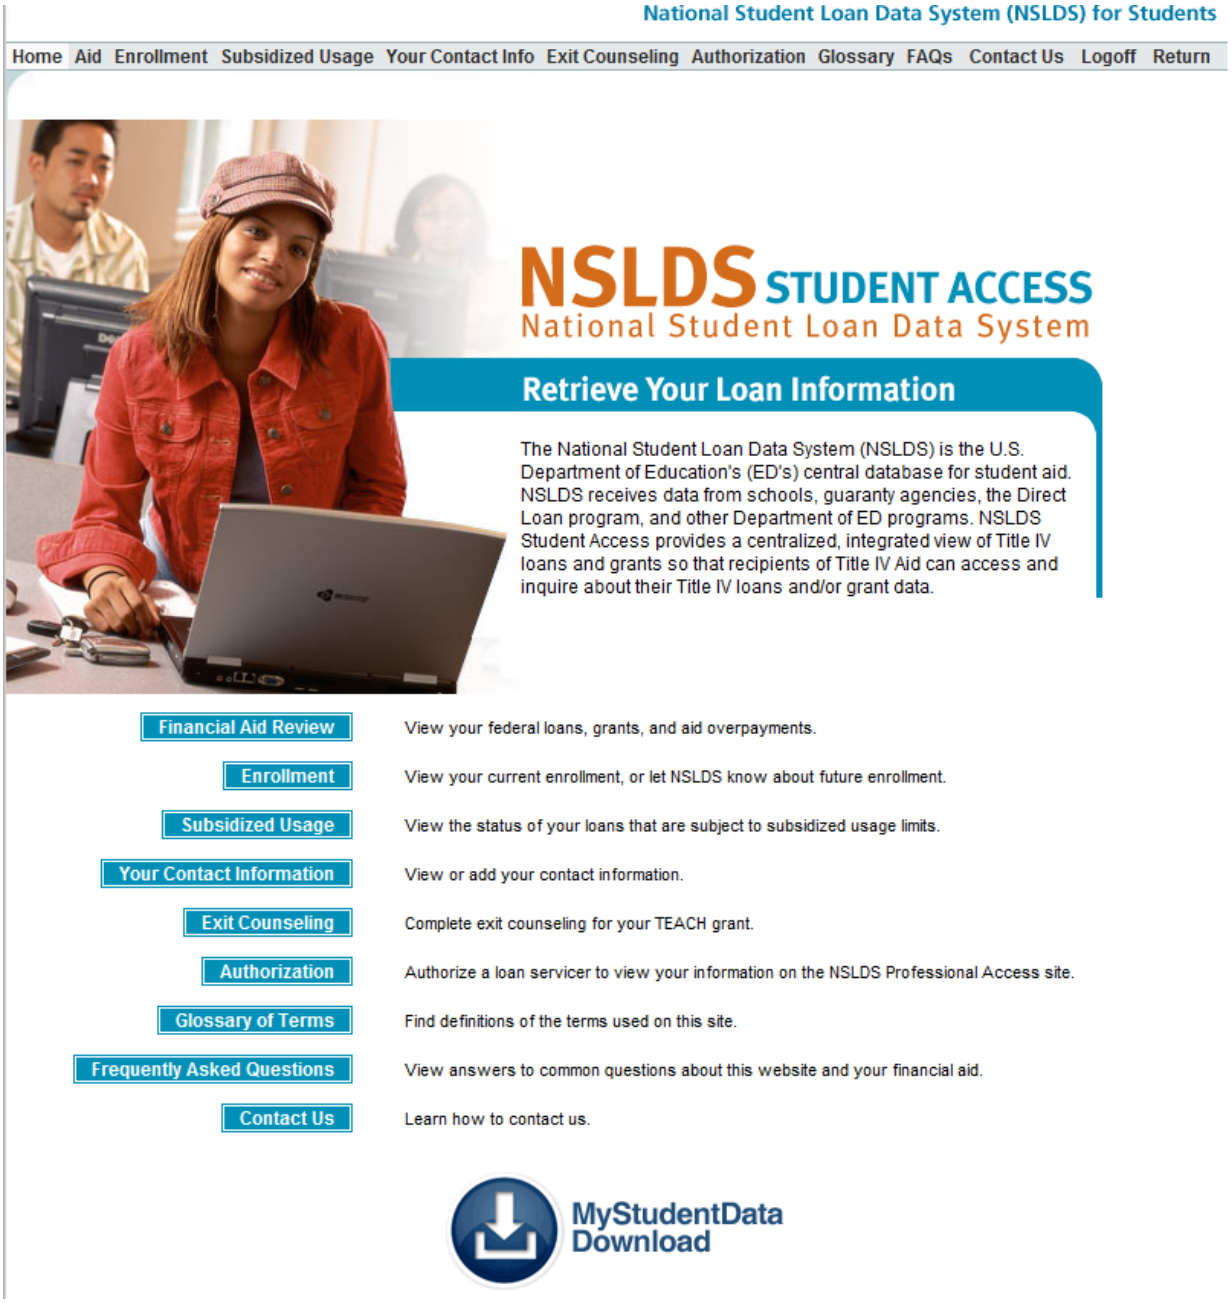
Enhancements to NSLDS Student Access

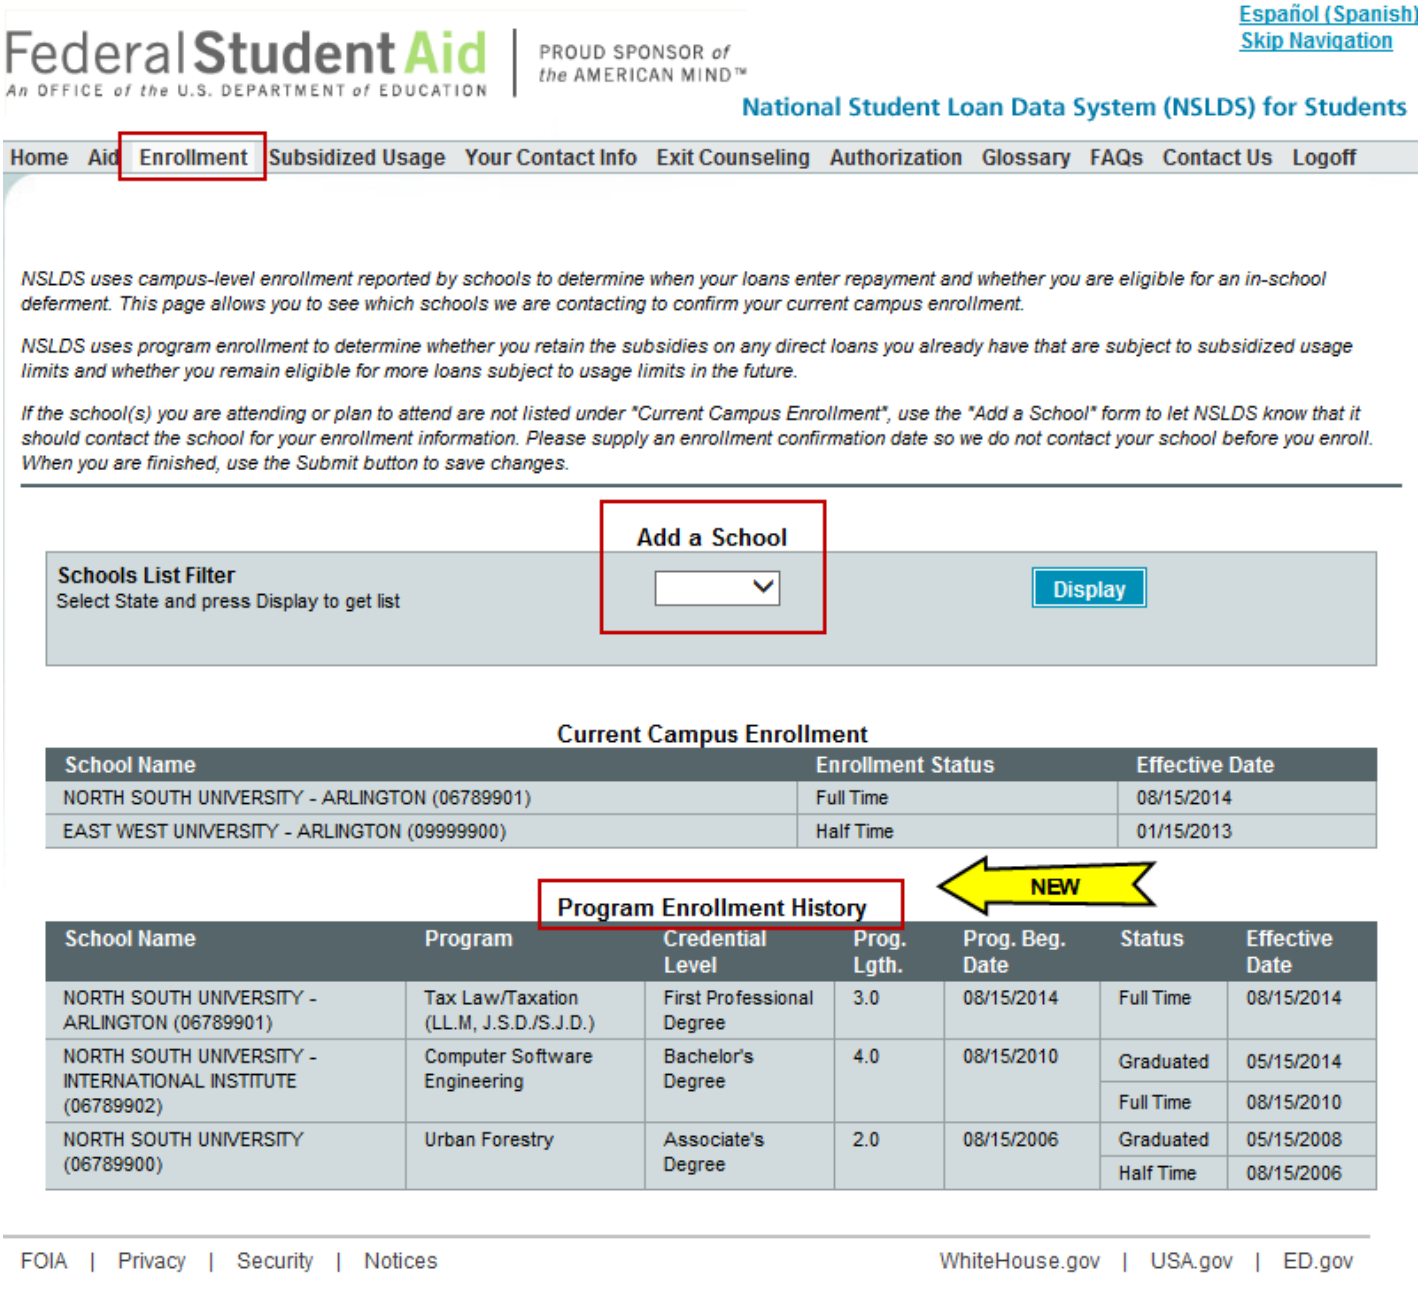
Redesign of Home Page

The home page of NSLDS Student Access has been redesigned to include a clear and complete listing of the functions available to students on the site, with buttons to take the student to each page. The top menu "ribbon" which appears on every page has also been updated to show all functions. When a student selects an option, they are taken to a login page, and then to the selected page. Once logged in, students can navigate to any page in the site. The home page also includes the "MyStudentData Download" button which allows a student to request a complete file of all their aid information.



Enhancements to the Enrollment Page

The Enrollment page has been enhanced with the addition of program-level enrollment history. This allows the student to see the enrollment information that is used by NSLDS to determine the interest subsidy status of subsidized loans that are subject to the Direct Subsidized Loan Limit, for new borrowers on or after July 1, 2013. The student can also view the current campus-level enrollment status. The "Add a School" form on this site allows a student to tell NSLDS that they will be attending a new school, and to provide a date when the student will be attending. NSLDS will add the student to that school's enrollment roster as of that date to request certified enrollment from the new school.



Enhancements to the Subsidized Usage Page

The Subsidized Usage page has been enhanced with the addition of Usage Detail. This lists all of the student's Direct Subsidized Loans that are subject to the Direct Subsidized Loan Limit, along with the loan dates, usage in years, and the current interest subsidy status (Subsidized or Loss of Subsidy) for each loan.

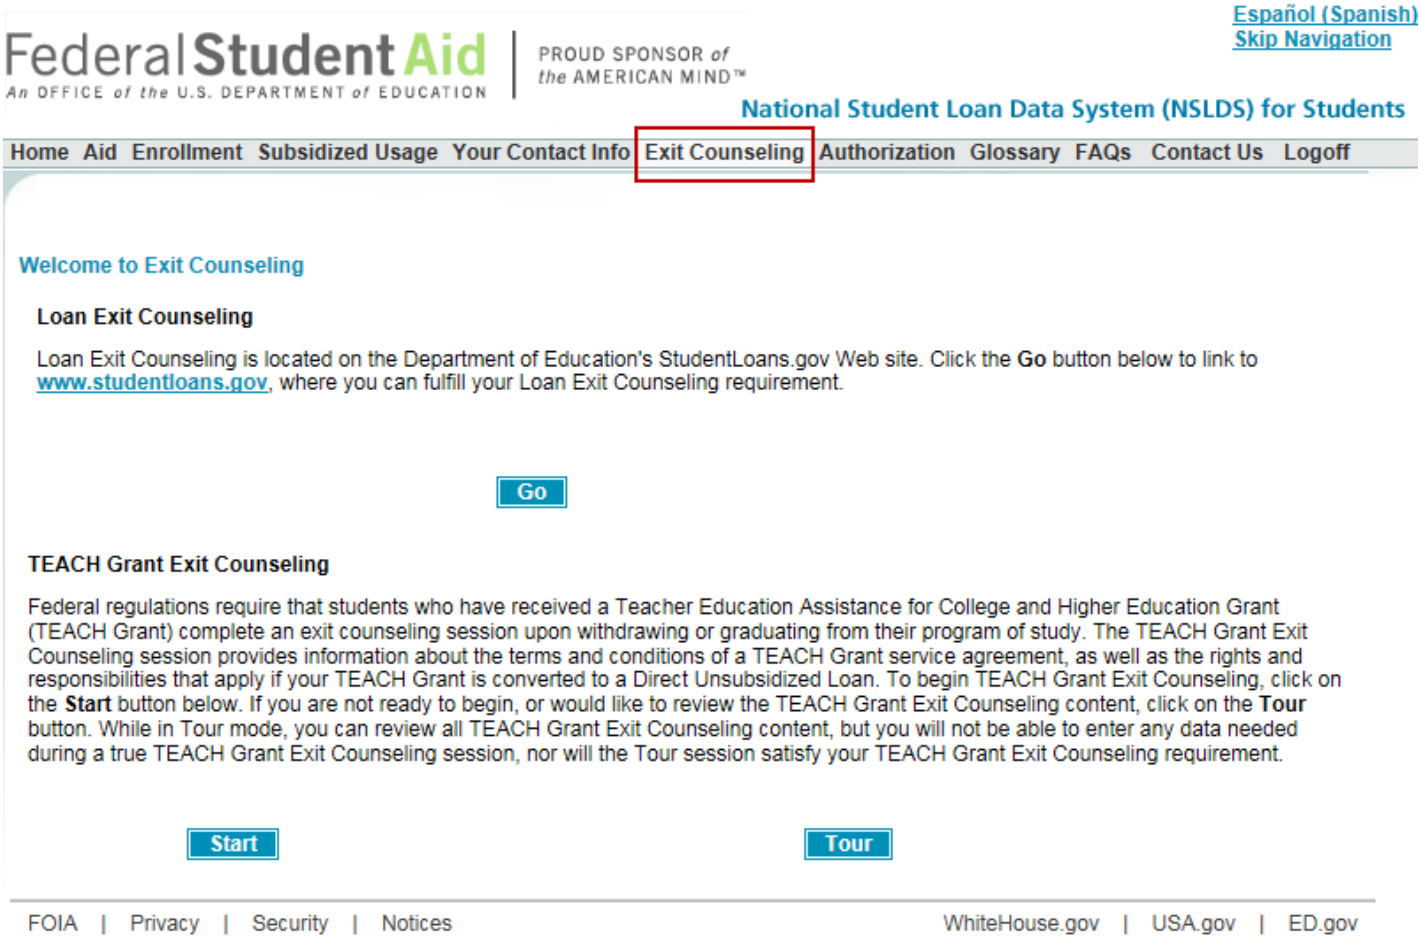
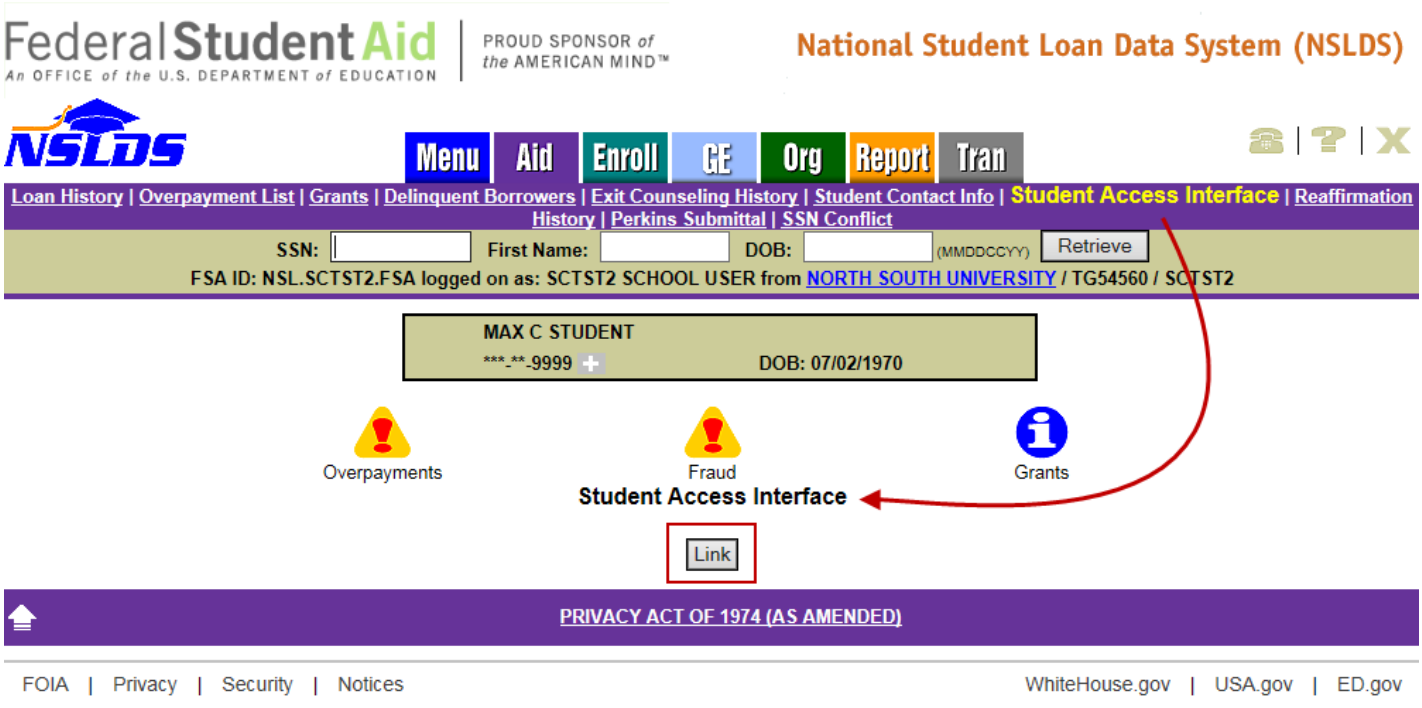
TEACH Grant Exit Counseling

Students may take TEACH Grant Exit Counseling on NSLDS. Students or other interested parties may also take a "tour" of the counseling from this page without logging in. This page also allows a student to be redirected to the StudentLoans.gov website if they need to take Loan Exit Counseling.

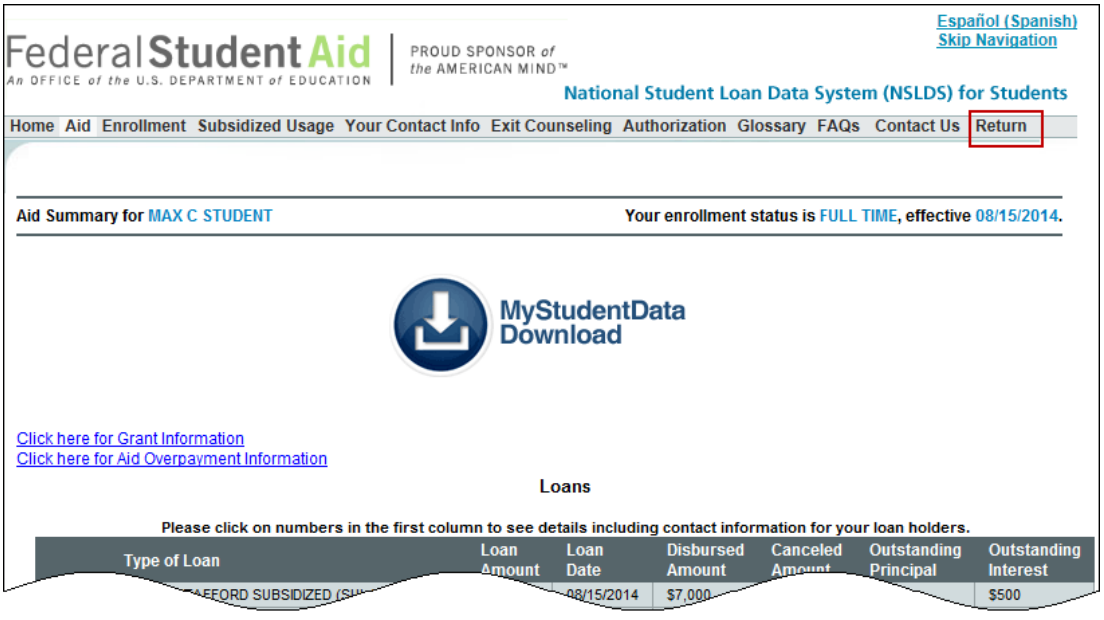


Student Access Interface

Schools may view a student's information on the Student Access site by linking from NSLDS Professional Access using the Student Access Interface function. Click on Student Access Interface from the Menu tab, enter the student identifiers, and click on the Link button.



This will take you to the Aid Summary page of the Student Access site. Schools may then navigate around the site using the menu ribbon, and view all of the student's info as displayed on the site. To return to the Professional Access page, click Return at the far right of the menu ribbon.



Customer Service Reminder

Please remember to keep your NSLDS Professional Access ORG contacts current and always list at least a Primary Contact for your organization. It is important to include a Customer Svc (Borrowers) contact as the information is displayed on the NSLDS Student Access website and may be viewed by borrowers and other Federal Student Aid partners.

Additionally, please ensure your school has an Enrollment Reporting contact listed so important notifications related to enrollment reporting compliance are received.
