## Operating System Information

FSA does support:
- Windows 2000
- Windows XP Professional

FSA will continue support until July 1, 2006:
- Windows 98
- Windows 98SE
- Windows ME

FSA does not support:
- Windows 95
- Windows XP Home

Note:

The optimum configuration described above is recommended and is readily available at modest prices. However, if your school will not send or receive more than 4,000 records (ISIR or COD) in a batch the minimum configuration will suffice.

GEN-03-11

Subject: Inclusion of School Information on FSA's *Student Aid on the Web* (previously known as the Students Portal)

Summary: This letter offers postsecondary schools options for participation in the "College Choice" processes of *Student Aid on the Web*.

Dear Colleague:

We at the Department of Education's Federal Student Aid (FSA) office have launched a new version of our Students Portal *Student Aid on the Web*. Although the web site address remains the same, www.studentaid.ed.gov, there are significant improvements. One of the features of the new version is the option for a student to take a "campus tour" and, if appropriate, begin the college admissions process directly from *Student Aid on the Web*. Under the "campus tour feature, a student selects one or more schools or is directed to a list of schools based upon a match " between the school profile and interests and preferences provided by the student. The "campus tour" includes information about the school and links to the school's web site.

To take full advantage of the new features of *Student Aid on the Web*, there is information you need to provide: (1) how will your school be represented in the*Student Aid on*

# Return of Title IV Aid

# Dear Colleague Letter (GEN-04-03)

- Title IV Credit Balances
- Aid That Could Have Been Disbursed
- Verification
- No Passing Grades
- Non-Term Programs
- Date of Determination that Student Withdrew
- Treatment of LEAP Funds

# Simply Stated

- Student earns Title IV aid awarded for the period at same ratio as time enrolled in period.
- If a recipient of Title IV aid withdraws the institution must calculate the amount of Title IV aid earned and unearned.

# Dear Colleague Letter (GEN-04-03)

## Aid That Could Have Been Disbursed

- Old Policy -- Aid must have been able to have been disbursed during period. Did not include:
  - Second loan disbursement.
  - Loan within first 30 days.
- New Policy – All aid for period, if basic rules for late disbursement were met before the student withdrew (see next slide).
  - However, if limitations apply, that aid may not be used to make a Post-Withdrawal Disbursement.

# Aid That Could Have Been Disbursed

- Remember -- Student earns Title IV aid at same ratio as time enrolled in payment or enrollment period.
- Total Aid and Payment Period Must Match – Apples to Apples
- If total aid greater, amount earned will be greater and amount unearned will be less. (See next slides)
- Smaller amount to be returned or post-withdrawal disbursement.

# Conditions for a Late Disbursement

- All Student Aid (including Pell) - ED processed SAR/ISIR with official EFC (not needed for PLUS)
- FFEL/Direct Loan - Institution certified or originated the loan
- Perkins/FSEOG-Institution made the award

# Limitations on Making a Late Disbursement

- No second or subsequent disbursements of FFEL/Direct Loan, unless student completed period
- No FFEL/Direct Loan if student did not complete the 30-day delay period, if applicable
- No additional Pell Grant if first payment period not completed.
- For Pell Grant need a valid SAR/ISIR by the deadlines in the Federal Register

# Aid That Could Have Been Disbursed

## Old Rule – Period of Enrollment Basis

Length of Period = 900 hours

Aid for Period = $6,000

Disbursed = $3,000

Not Disbursed = $3,000

Student Withdrew after 300 hours

Student Completed 33.3% of period

Amount Earned = $1,000 (1/3% x $3,000)

Amount to be Returned = $2,000 ($3,000 - $1,000)

# Aid That Could Have Been Disbursed

## New Rule – Period of Enrollment Basis

Length of Period = 900 hours

Aid for Period = $6,000

Disbursed = $3,000

Not Disbursed = $3,000

Student Withdrew after 300 hours

Student Completed 33.3% of period

Amount Earned = $2,000 (1/3% x $6,000)

Amount to be Returned = $1,000 ($3,000 - $2,000)

# Aid That Could Have Been Disbursed

## New Rule – Payment Period Basis

Length of Period = 100 days

Aid for Period = $4,000

Disbursed = $800 (Pell)

Not Disbursed = $3,200 (Loan)

1st Time Student Withdrew after 25 days

Student Completed 25% of period

Amount Earned = $1,000 (25% x $4,000)

Amount of PWD = $200 ($800 less $1,000)

No Disbursement Can Be Made Because of 30 Day Rule
