FEDERAL STUDENT AID
We Help Put America Through School

The eCampus-Based System

Welcome to the eCampus-Based Program web site for Federal Student Aid.

Warning: This is a United States Department of Education computer system, which may be accessed and used only for official Government business by authorized personnel. Unauthorized access or use of this computer system may subject violators to criminal, civil and/or administrative action.

This site contains the Fiscal Operations Report and Application to Participate (FISAP) in the three Campus-Based Programs - Federal Perkins Loan, Federal Supplemental Educational Opportunity Grant (FSEOG), and Federal Work-Study (FWS). The eCampus-Based web site allows users to submit FISAP information, access Campus-Based account data, and view reports. The [FISAP Tutorial](#) provides more information on the eCampus-Based program and how to complete the FISAP.

To Login to the site you will need a valid FSA PIN and TG number for the Campus-Based Programs. If you already have a PIN and TG number, click the "Login" button to enter the eCampus-Based site.

[Login](#)

What if I don't have a PIN?
The PIN serves as your identifier to let you access information in systems for the Department of Education. If you do not have a PIN, go to www.pin.ed.gov to apply.

What if I don't have a TG number for the Campus-Based Programs?
The TG number is used to identify your school and your access rights in the eCampus-Based system. If you do not have a TG number for the Campus-Based Programs, you will need to enroll your organization in the Department of Education's Student Access Internet Gateway (SAIG) at www.sfaenroll.ed.gov. If your school is already enrolled, the Destination Point Administrator (DPA) from your organization may need to add your profile to the TG number.
Note: Schools currently participating in the Campus-Based Programs should already have a TG number. Contact your School's DPA for further information.

What if my school is new to the Campus-Based Programs?
If you do not possess a current Program Participation Agreement for Title IV programs or are a first time participant in the Campus-Based Programs, you will need to apply for participation through the Department of Education's Case Management and Oversight (CMO). An online application to participate in Federal student aid programs is available at www.eligcert.ed.gov.

Privacy
Our policy is simple: We collect no personal information about you unless you choose to provide that information to us. We do not give, share, sell, or transfer any personal information to a third party. You can read the entire policy [here](#).

508 Compliance

If your school is a current participant in the Campus-Based Programs, [FISAP](#) on the Web provides the name and address of your additional locations as they are listed in our files. You will need to verify this data for accuracy and make any corrections necessary.

A school which included students at other separately eligible schools must list the name, address, and [OPEID#](#) for each of these schools in the additional location section.

If the school entered in field 1a is a new applicant for 2003-2004, but its students were included in the 2002-2003 application filed last year by another school, identify that school's name, address, and Department of Education identifiers on the FISAP additional information screen, and enter a brief explanation.

Click in the first field to enter the OPEID# of the additional location; then press tab to advance to the next field and enter the name of the additional location following the same steps for the address, city, state, and zip code. If you need to enter more than 3 locations, click the Add Locations button, then repeat the above steps. The Add Locations button takes you to the end of the locations listing where there is a blank line(s) for entering new locations. The More Locations button takes you to the next screen that displays 1-10 locations. If you have more than 10 locations use the links at the bottom of the listings to navigate between locations.

A

ADMINISTRATIVE COST ALLOWANCE (ACA) - A dollar figure the federal government allots an institution to offset the cost of administering a Title IV program. For the Campus-Based Program, the maximum amount permissible is up to 5 percent of the sum of the loans advanced in Perkins, the total earned compensation in FWS, and the total awards to recipients in FSEOG. The ACA is claimed out of funds available in any or all of the Campus-Based awards for expenditures in any or all of the Campus-Based Programs during an award year.

ALLOCATION - A specific sum of money awarded for an institution to use during a specific period. Campus-based funds (Federal Supplemental Educational Opportunity Grant, Federal Work-Study, and Federal Perkins Loan) are allocated to an institution on an award-year basis. Allocation may also be referred to as obligation, award authorization, grant authorization, or Document Number. See [DEOBLIGATION](#) and [SUPPLEMENTAL ALLOCATION](#).

APPROPRIATION - At the federal level, a Congressional legislative act allocating a specific amount of public funds to be spent for a specific purpose during a fiscal or award year. The dollar amount appropriated may be equal to or less than (but not more than) the total amount permissible under the authorizing statute. An appropriation bill originates in the House of Representatives. General appropriation acts are supposed to be approved by both houses of Congress by the seventh day after Labor Day before the start of the fiscal year to which they apply. Continuing resolutions allocate funds for expenditures when the appropriations bill for the new fiscal year has not been enacted.

ASSIGNMENT - A school's transfer of a defaulted National Defense Student Loan, National Direct Student Loan, or Federal Perkins Loan to ED for collection. Once ED accepts a loan, it acquires all rights, title, and interest on the assigned loan. In certain cases, guaranty agencies also assign defaulted loans under the FFEL Program to ED.

AUTHORIZATION (LEGISLATIVE) - At the federal level, a Congressional legislative act that establishes a program, specifies its general purpose and conduct, and unless open-ended, sets a ceiling for the dollar amount that can be used to finance it. An authorization must be enacted before dollar amounts can be appropriated for program spending. The authorizing legislation for the Campus-Based Programs is Title IV of the Higher Education Act of 1965, as amended. See [HIGHER EDUCATION ACT \(HEA\) OF 1965, AS AMENDED](#).

AWARD YEAR - The time period from July 1 of one year through June 30 of the following year for which financial aid awards are made. The award year differs from the federal fiscal year.
