2009-2010 SAR Comment Codes and Text

Overview

The 2009-2010 SAR Comment Codes and Text document serves as a standalone guide, as well as a companion to the *2009-2010 Electronic Data Exchange (EDE) Technical Reference*.

Please refer to this document for information on the 2009-2010 Student Aid Report (SAR) comment codes and text.

We have not included the Web versions of the SAR comment text in this guide because they are very similar to the SAR comment text. (See the Reminder on page 3 for one exception.) The only differences are wording changes that make the comments relevant to the Web version of the SAR rather than to the paper form or printed (electronic) ISIR. For example, the text for a SAR comment code may describe printed information, whereas the equivalent Web comment code describes a Web page displaying the information.

How do the comment codes and text work?

The Central Processing System (CPS) adds comment codes and text to the student's transaction to provide information to the student and to you about the student's processed Free Application for Federal Student Aid (FAFSA).

The comment codes and text are printed on paper SARs and on ISIRs printed from EDExpress or other financial aid software you may use. Each comment code is three digits and can be found in positions 2068 to 2127 in the ISIR file.

How do I use the 2009-2010 SAR Comment Text table?

The following table lists the CPS comment codes. In the first column, we have listed the comment codes numerically. In the second column, you will find the comment text that is printed on SARs and on printed ISIRs. In the third column, we describe changes to the comment text. In the fourth column, we indicate whether or not a C code is set. The CPS typically generates a C code when database match results require resolution by the school. The CPS also generates a C code if an applicant's response to the FAFSA drug question (question 23) requires resolution or FAA action. If a reject code is associated with a comment code, we list the reject code in column five.

Where can I find more information about ISIRs?

The 2009-2010 ISIR Guide is designed to assist FAAs with interpreting student information from ISIRs. The *2009-2010 ISIR Guide* will be available in November on the U.S. Department of Education's Information for Financial Aid Professionals (IFAP) Web site, located at ifap.ed.gov, as well as on the Federal Student Aid Download (FSAdownload) Web site, located at fsadownload.ed.gov.

Changes to the Comment Codes

SAR Comment Code Changes

You can review the changes to the comments in the Notes/Changes column of the following table. A summary of these changes is also provided in the *2009-2010 Summary of Changes for the Application Processing System* guide.

Comments with the first line indented are printed in the "Comments About Your Information" section on the SAR. Comments that are left-justified are printed with a checkbox in front of the comment and are printed in the "What You Must Do Now" section.

Reminder: As part of the 2008-2009 SAR redesign process, we removed the text for comment codes 047, 050, 112, 149, 158, 159, 170, and 171 from the paper SAR comments section on page three and instead present the information contained in these comments as variable text in the appropriate section on the first page. Comment text for these comments appears on the Web only.

Because the text for these comments was replaced with variable text on the SAR and SAR Acknowledgement, we do not display or print the text on an ISIR printed from the EDExpress for Windows software. Note, however, that the comment code numbers are included in the ISIR file and appear in the "FAA Information" section of the printed ISIR. Schools using EDExpress still have the ability to query their database using these comment code numbers.

When viewing or printing an ISIR using FAA Access to CPS Online, or when a student is viewing or printing his or her SAR information on the Web, the text for the affected comments prints. ISIRs printed from third-party software may not print the text for these comments, depending on how the software was programmed. We recommend consulting with your software vendor for more information.

Note for users of this guide: To assist you when reviewing a SAR or ISIR that contains these comment codes, we have provided the text for the Web comments in this guide. If the comment text is preceded with text referring to the Web, the comment text prints on the ISIR from FAA Access to CPS Online and is displayed to the student on the Web.

In some cases, the text that was removed from the EDExpress for Windows 2008-2009 software is the same as the Web text, and we note that where appropriate. In other cases, the text varies slightly from the Web version. We have also provided the SAR/ISIR text that was removed from EDExpress. Schools using their own software and third-party software providers may, at their discretion, program their systems to include the text on printed ISIRs.

We posted an Electronic Announcement on March 20, 2008 regarding this change on the IFAP Web site (ifap.ed.gov/eannouncements/0320SARComment.html).

SAR C Code Changes

The SAR C code is set on a student's record based on his or her eligibility conditions. We added new conditions in 2009-2010 that cause the SAR C code to be set on an application. When an applicant has a TEACH Grant overpayment the SAR C code is set and one of the following comments is on the student's record; 289, 290, 291, 292, 293, or 294.

The following is a complete list of 2009-2010 comments that are associated with the SAR C code:

10, 20, 30, 33, 38, 39, 41, 42, 43, 46, 53, 54, 56, 57, 58, 63, 64, 65, 66, 67, 77, 79, 86, 90, 100, 101, 102, 105, 107, 109, 115, 116, 124, 132, 133, 134, 135, 136, 138, 141, 142, 144, 146, 162, 173, 180, 240, 241, 242, 243, 244, 246, 254, 255, 256, 260, 261, 262, 263, 264, 265, 266, 289, 290, 291, 292, 293, and 294.

Overview

This Appendix is updated each time change pages are issued for the SAR Comment Codes and Text. The tracking log is added for each set of change pages as they are issued, providing you with a cumulative list of the updates made to the document.

New text additions in SAR Comment Codes and Text change pages are identified with ***bold italic*** text. Text deletions are marked with ~~strikethrough~~.

When the SAR Comment Codes and Text is modified through a change page release, the footer is updated to reflect the month that the change pages were issued. For example, if a change is made to page 1-12 in April 2010, the footer will show "April 2010." Use the corresponding tracking log to identify that specific month's change page posting.
